**Miles Park Parents/Guardians:**

Subject: We recommend Prodigy to help your child learn at home

Dear Parents/Guardians,

I hope this message finds you well during this challenging time. As you know, we are committed to ensuring our students have access to high-quality learning resources.. Given the current situation, I want to share a resource your student has been using this year that can also be used effectively at home.

**Prodigy** offers a unique, adaptive learning platform that keeps students highly engaged with math. Teachers can align specific math content to students so they receive relevant math practice outside of the classroom.

This is a **no-cost** math resource and is completely accessible at home. Please explore [Prodigy's](#) website to learn more about how to stay involved and monitor your child's progress through a [Prodigy Parent dashboard](#).

I wanted to be sure you were aware of this valuable resource and can take full advantage of it. If you have any questions, please reach out to me.

*If your child has forgotten their username/password, please reach out to their teacher directly.*

Thank you so much for all you do for our students. I am confident that together, we will emerge from this experience stronger than ever before.

Sincerely,

*-Mrs. Taylor-Ivory,*  
Miles Park Principal
