CMSD COMMUNICATIONS

CMSD COMMUNICATIONS is the hub of all internal and external communications in the Cleveland Metropolitan School District. In this busy office on the 18th floor at 1111 Superior Ave E, timely and effective communications is a team effort, and branding and quality control are the bottom line for materials produced to keep CMSD stakeholders informed, engaged and inspired.

This guide was created to assist staff in accessing and utilizing central office support in effectively publicizing and promoting District activities, events and progress and in effectively producing and disseminating information to internal and external stakeholders.

MISSION AND GOALS

The mission of the Communications Office is to ensure CMSD news and information is distributed in a timely and effective way for all audiences. Utilizing multiple print and digital platforms, our goal is to attract, acquire and engage clearly defined and understood target audiences in the school community. Using brand journalism and content marketing strategies, protocols herein are established to ensure consistency of message, design and production of CMSD communications and to instill trust and confidence in the CMSD brand.

BRAND JOURNALISM STRATEGY

Attracting and retaining community support for CMSD requires consistent delivery of accurate, relevant and useful information, including managing content for distribution in traditional and new media.

Our redesigned Communications Office focuses on owning media rather than relying on media to ensure timely and meaningful coverage of CMSD news and information through our own News Bureau.

CMSD is committed to ensuring a highly qualified team of writers and reporters to effectively produce and deliver news content through an increasing number of media platforms to keep stakeholders aware, informed and engaged.

CONTENT MARKETING STRATEGY

The CMSD Marketing & Advertising Team is committed to ensuring families have information to make informed academic choices through every print and digital platform available. Our team supports principals and department heads with strategic planning, branding and marketing of their schools and services for target audiences with strict quality controls that protect, promote and instill pride in the CMSD brand.

PROJECT REQUESTS

For all publications jobs, the Communications Request Form must be completed and submitted in order to initiate a project request. Go to ClevelandMetroSchools.org/ProjectRequest. This required form starts your job folder and gets your request in the production queue!

RECOMMENDED LEAD TIME FOR PRINT COMMUNICATIONS SUPPORT

2 weeks for posters, fliers, website banners, takeaway cards, etc

3 weeks for brochures, pamphlets, programs, booklets, post cards / mailings and other large projects

4 weeks for personalized items, i.e. table skirts, banners, signage, etc.

Requesters will be contacted to meet or phone conference with the Communications staff to discuss audience, timeline, messaging, branding, target goals, design/format, budget, volume, publicity and distribution of materials. After the consultation, final content, design, layout and method of distribution will be determined.

INVOLVE CMSD COMMUNICATIONS AT THE START (NOT THE END) OF PLANNING

Don't bypass the FREE, internal professional support provided in CMSD Communications, as the planning meeting/conference can be done in 10-15 minutes or less! Given enough lead time, we can provide no-cost service, or if time constraints require referring your request to an outside preferred CMSD vendor, cost of service will be kept to a minimum.
