TO MAKE THAT DREAM A  
REALITY!**

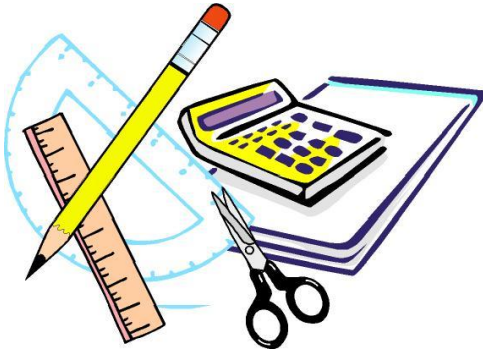

April 15, 2020

Dear Miles Parents & Guardians,

Miles School will be providing enrichment activities for our scholars. Our activities will supplement the Enrichment Packets that our district is providing to parents. The packets can be found on the district's website and we will also have a link on our website to help parents and scholars navigate to the materials. You can find all of our resources in one central location by visiting our website at <https://www.clevelandmetroschools.org/miles> under the Parent and Students tab, Covid-19 Resources. Our teacher's emails are also listed on the website, so that you may stay connected with them. We also invite you to follow us on Facebook for important updates <https://www.facebook.com/MilesSchool/>

#### Enrichment Packets

Packets for each grade level are located on the district's web page. Students can also pick up packets from any of the Meal Sites that CMSD has opened for scholars. This includes Miles School. Students simply grab the packet for their grade level after they leave the lunch line.

Please understand that students will not be graded on the work in the packets. The material is to enrich them and keep them in a learning state of mind. We want to continue to see our scholars grow in their academics.

#### In Addition to the packets

## FROM MILES STAFF

The staff at Miles is planning to use our website to posts messages from grade level staff members on enrichment activities that teachers believe would be beneficial for Miles Scholars. Messages include activities that teachers have been working on with scholars such as Study Island, Imagine Learning, and Springboard. These activities are familiar to our scholars because they have been a regular part of instruction all year. Teachers have stated that they want students to check for changes each week.

## What activities do we have for grade levels?

### Pre-Kindergarten/Pre-school

Enrichment materials from CMSD

### Kindergarten-2<sup>nd</sup> Grade

Enrichment Packets from CMSD

Imagine Learning Reading

Imagine Learning Math

### 3<sup>rd</sup> -5<sup>th</sup> Grades

Enrichment Packets from CMSD

Study Island Reading

Study Island Math

### 6<sup>th</sup> -8<sup>th</sup> Grades

Enrichment Packets from CMSD

Study Island

Digital Springboard

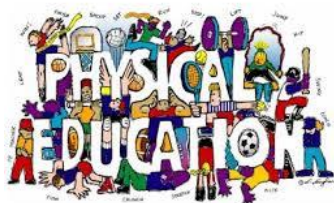

Scholastic Digital

Khan Academy-Math

### ESP Staff

Our ESP teachers will also have messages for students. This includes Music, Art, Physical Education, Media and Reading Intervention. They want to make sure that you are receiving activities to work on from them as well.

### Special Education Families

We will be conducting IEP Meetings during this time away from the building. The meetings will likely be phone conferences since that is the easiest way to engage parents. Intervention Specialists will reach out to parents to set up meetings. Intervention specialist will share a copy of the IEP with the parent

prior to the meeting. Parents will be able to participate just as they would in person and parents would be notified that they can sign the IEPs once the school building is re-opened.

**How do we plan to share information with our parents and scholars?**

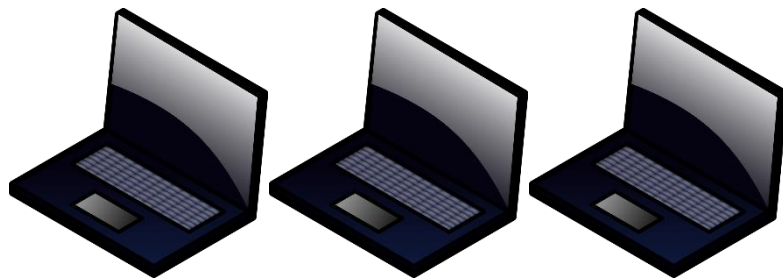

We are planning to do the following:

- -Post our newsletter on The Miles School’s Facebook Page
- -Post on Miles School’s Website
- -Post and share with parents through Messenger- IVR Email
- -Post and share with parents on Class Dojo in grades K-5
- -Post and share with parents on Study Island Parent Contact Page

**Technology**

Some parents indicated to staff during our check-in a few weeks ago that students are in need of technology devices to use during this time at home. The district has started to share devices with families, starting with high schools. Once Miles School gets the okay to move forward, we will reach out to those of you who indicated a need and proceed from there.

Thank you for allowing us to share this information with you. Please check The Miles Web page for changes and additions to our Enrichment Plan as we move forward.

Educationally Yours,

*Principal James*
