

# HELP YOUR CHILD GET ON THE RIGHT PATH TO LEARNING THIS SCHOOL YEAR

## USING EXACT PATH AT HOME

Edmentum  
Exact Path

## TIME TO RECHARGE THOSE MATH & READING SKILLS

This is a very different start to the school year for everyone. CMSD Teachers want to help students start the year right. Now that your child has a computer for home, we recommend having them use the **Exact Path** application weekly.

**Exact Path** contains individualized lessons and practice skills in math and reading so that they are able to get the most out of remote live classroom time with their teacher.

## START HERE:

### Students login to Clever:

- Open a web browser and go to <https://clever.com/in/cmsd>
- Select "Log in with Clever"

If they don't remember their username or password, please call your child's school

### Cleveland Metro School District

#### Hints for logging in with Active Directory

Username hint:

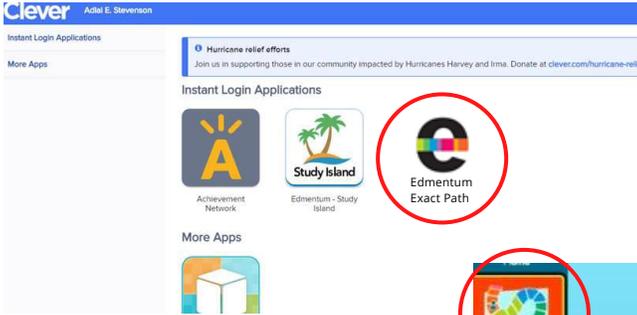

This would be your office 365 login (email, workday) credentials<br>e.g.

Log in with Active Directory

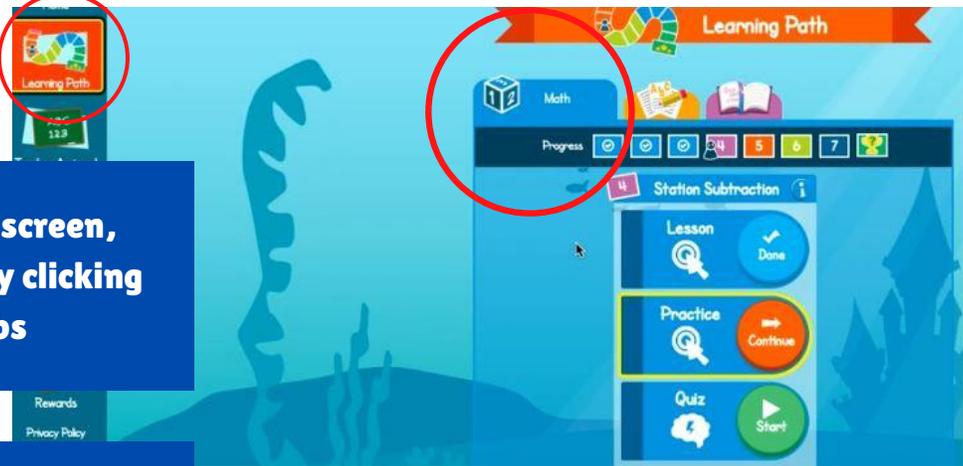

Log in with Clever

Select Exact Path from the list of applications

**GRADE K- 5 VIEW**

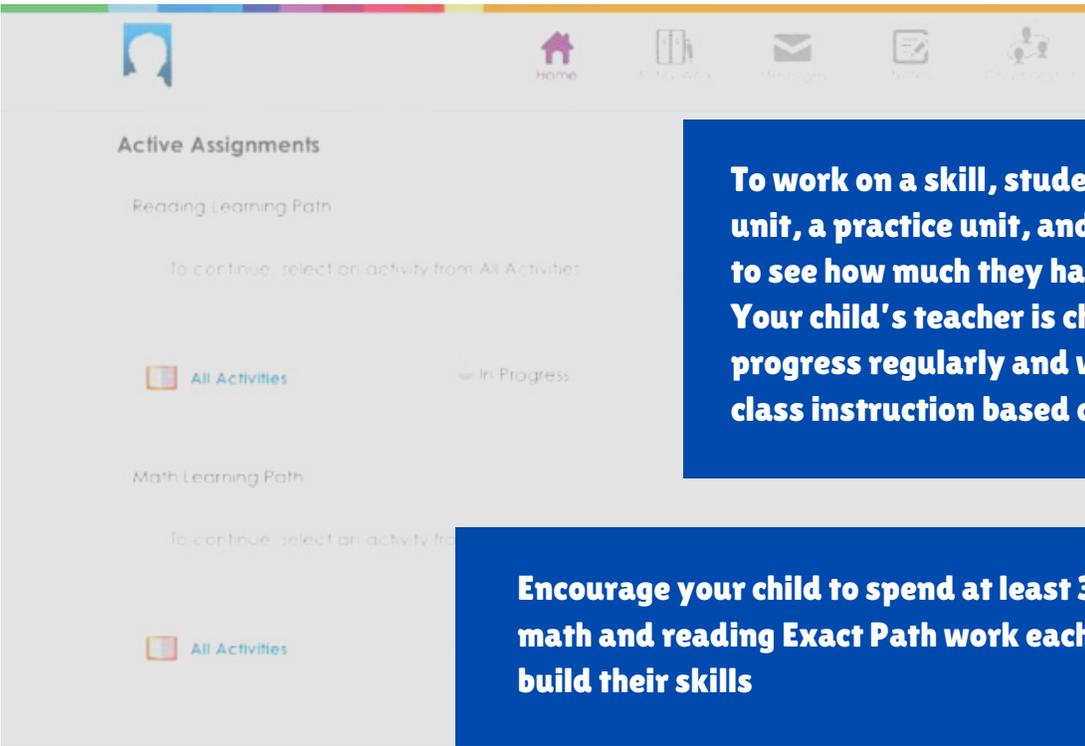

From the Exact Path Home screen, check for Learning Paths by clicking on the Math or Reading tabs

Each Learning Path contains a list of skills to work on that has been created specifically for your child based on their test score history

Click the HELP Center button for common questions

**GRADE 6-12 VIEW**

To work on a skill, students get a lesson unit, a practice unit, and mastery quizzes to see how much they have learned. Your child's teacher is checking Exact Path progress regularly and will be adjusting class instruction based on the results

Encourage your child to spend at least 30 minutes each on math and reading Exact Path work each day to help them build their skills
