Choosing the right foods for you and your family might seem challenging at times. But when you're equipped with healthy, affordable products, quick, delicious recipes and an easy plan that fits into your life, making healthy choices is easier than ever!

At GOYA®, we have been at the forefront of healthy eating for more than 75 years. By offering nutritious, affordable ingredients from around Latin America and Spain, coupled by providing authentic recipe ideas to be shared among family and friends, we encourage our consumers to live happy, healthy lives.

That's why GOYA® is proud to collaborate with The First Lady's LetsMove initiative and the USDA to promote MyPlate, a new tool for healthy eating. MyPlate illustrates the five food groups: fruits, vegetables, grains, protein and dairy, the building blocks for a healthy diet, by using a familiar image – a place setting for a meal. It's a simple reminder that before you eat, think about what and how much goes on your plate, in your cup, or in your bowl.

With the health and welfare of our consumers in mind and with MyPlate as our guide, we created this cookbook that features 10 complete, balanced meal ideas from around Latin America – including Mexico, Central America, South America, the Caribbean, Spain and beyond!

In this cookbook, you will find dozens of healthy recipes from all of the food groups, the nutritional information of every recipe, easy-to-follow cooking tips, beautiful photography and a fully-stocked pantry page that showcases our nutritious ingredients. Now more than ever, healthy eating is easy – and tasty – with GOYA®!

Build a Better Plate With **GOYA**

Eating healthy, balanced meals doesn't have to be boring! In fact, when we used MyPlate as a guide, we were surprised by the variety of foods available in every plate. MyPlate is an ideal reflection of our product line: quality, diversity, flavor, and nutrition.

In this book, we offer many exciting ways to combine the five food groups. We found that simple tweaks to authentic Latin recipes made them extra healthy without sacrificing flavor. We think the meat lovers in your family will agree once they try the South American Steak Supper. This plate features an authentic grilled steak from Argentina paired with whole-grain quinoa salad and Colombian-style cheese arepas.

We also had fun exploring ways to give American dishes a healthy, Latin twist! Try the Healthy Chicken Cutlet recipe, which is "breaded" with ground almonds for a nutritious crunch. Serve with the Wholesome Bean Chili and a light salad for a completely delicious meal.

But the menus don't end there! With recipes from Mexico, Spain, Central America and beyond, this book is chock full of tips and affordable recipes to help you live a healthy life. And don't miss our "Pantry Page" which highlights the healthy GOYA® products used throughout the book.

¡Buen Provecho!

Central American Fish Dinner

Celebrate good health, Central-American style! Serve tilapia and fruit smoothies with the classic dynamic duo: Rice and Beans! Considered both a veggie and a protein, beans are high in fiber and low in fat. When eaten together, rice and beans have greater nutritional value than eating them separately.

1 tbsp. **GOYA Extra Virgin Olive Oil**

1 tbsp. **GOYA Lemon Juice**

3 tbsp. finely chopped fresh cilantro
