THE
CMSD *Summer*
LEARNING
EXPERIENCE

The CMSD Summer Learning Experience is back for a second year with something for scholars in preschool through 12th grade. The program will be held at more than 30 school sites throughout the city.

Breakfast and lunch will be provided. K-8 students will receive yellow bus transportation to and from the nearest K-8 school. High school students will receive tickets to ride RTA.

Last year's Summer Learning Experience proved to be very popular, with more than 8,400 students signing up. Registration for this year will open April 25.

FINISH, ENRICH AND ENGAGE PreK-8

Students who attend in the morning can finish the school year strong and participate in enrichment projects. The Finish portion of the day for PreK and kindergarten students will consist of hands-on, fun play-based learning experiences for students who are entering kindergarten and first grade. Students in grades 1-8 can choose enrichment projects in STEM, art, humanities or social justice. In the afternoon, students will engage in fun activities that involve community partners. They can sign up for a full or half day.

FINISH AND ENGAGE High School

High school students can finish the school year strong by making up credits or earning credits for next year. In the afternoon, they can take advantage of employment or internship opportunities. They also can travel to the John Marshall Campus in the afternoon for CMSD-run music and musical theater camps. Non-music options also could be added at John Marshall.

COMMUNITY PARTNER CAMPS

For three weeks before and after the Summer Learning Experience, students can participate in camps hosted by community partners such as the City of Cleveland, Cleveland Metroparks and Cleveland Public Library.
