

TDES Weekly Updates 2018-19 4.12.19

****The portal will close May 3 all events must be complete**

RSP Document Submission 2 (DS2)

The third evaluation event for RSP's is due today, **April 12**. RSP's should submit evidence for **Domains 2-3** in the portal and self-assess on the rubric by the date set by the evaluator (do not wait until the April deadline). Please note you must rate yourself on all four domains in the rubric. Evaluators should review the evidence, add evidence if necessary, and mark areas of agreement on the rubric. The entire process should be completed by April 12. Please remember to email your evaluator and the TDES Mailbox, tdes@clevelandmetroschools.org if the event is not completed by the due date.

Walkthrough 3

Walkthrough 3 is due **April 18** for traditional schools. Walkthrough 3 can be either observational or conversational. A conversational WT is a 15-minute meeting between the teacher and evaluator. The evaluator does not have to schedule conversational WTs with all teachers. The evaluator should set a meeting date and time with teacher and let the teacher know what specific areas of the rubric will be covered so the teacher can prepare and submit evidence. The teacher's classroom is the preferred (though not required) meeting location so the teacher will have ready access to any necessary documents or classroom records. This scheduling should be done in an email to the teacher. Often WT3 is an opportunity to document Domain 4 evidence that can be difficult to capture in a classroom observation. Both teacher and evaluator add evidence to the portal and meet to discuss that evidence. Please remember to email your evaluator and the TDES Mailbox, tdes@clevelandmetroschools.org if the event is not completed by the due date.

Walk-through 4

WT4 is optional. Either party may request a WT4 but both must agree. WT4 should be observational and take place after WT3 and before the Composite.

Composite

The composite is due **May 3** for all professionals. Composites can be scheduled as soon as WT3 is complete and should be completed prior to the May 3 deadline. Note that the TDES portal will close at the end of the day on May 3 and the system will not be accessible after that date. The Composite is the final assessment of the teacher's performance. It is not an average of ratings on the various part of the TDES Process; it is intended to demonstrate the teacher's level of attainment and sustainment by the end of the year. The Composite also requires a final, overall performance rating based on the preponderance of the evidence in the portal. Additional evidence cannot be added at the Composite. The evaluator should determine this rating based on the five observations and the evidence provided this school year. Although the walkthroughs are not rated, WT evidence should also be considered when determining a final rating. Per the CBA, no

teacher can be overall Accomplished if he or she has any Developing or Ineffective ratings on the Composite rubric. If the teacher is between Skilled and Accomplished look to the ratings and evidence for the Power Components to help make the final determination. The Power Components are: 1c, 1e, 2b, 2c, 2d, 3c, 3d, 4a, 4f. Please remember to email tdes@clevelandmetroschools.org if your Composite is not completed by May 4.

eTPES

New teachers are currently receiving activation emails from eTPES. eTPES is the state's evaluation portal. The email comes from no-reply@ohiotpes.com. Please click the link in the email to activate your account. You will need to log in again to see your final rating at the end of the year. If you are a new teacher and have not received your activation email yet please email the TDES mailbox.

OTES/OPES Renewal Certification

OTES/OPES renewal certification must be taken in a proctored setting. For renewals, please use the link below to register with the Office of Professional Development for testing date and times [OTES/OPES/CRESS Assessment Registration Link](#).
