

April 24, 2020

Miles Park Families:

April 20, 2020 Governor DeWine announced that schools will continue remote learning for the remainder of the 2019-2020 school year. While distance learning will look and feel different, we are continuing to focus on building strong student-teacher relationships and providing students with meaningful content that sustains learning through the end of the school year. Additionally, we will share online and offline resources for at-home learning activities that focus on Reading, Math, Social Studies, Science, and Social Emotional Learning. I want to emphasize to you that we are not looking to place pressure upon our students to meet deadlines and focus on grades. We are wanting to offer resources that will help maintain the current topics of instruction and offer as much assistance as possible with those resources. Straight line communication with your child's teachers will be the most efficient process for this

Please also do not hesitate to contact myself with any questions or suggestions that you might have as we work together to keep Miles Park children engaged and learning through the end of the school year. **Update your contact information.** Teachers will use phone, email, postal mail, zoom, and google hang out to contact their students. *Please make sure that we have an accurate address, phone number, and e-mail on file for you.* Contact Miss Jones, Miles Park Secretary at 216-838-4450 to update your information.

While children are continuing their learning at home, I am reminding our families that Grab-n-Go breakfast and lunch meals continue to be available for pick-up everyday from 11:30 am to 1:00 pm at A.B. Hart and Miles Schools. Scholars may pick up a meal or caregivers may pick up meals on behalf of their scholars.

In closing, we are continuing to update our website frequently, so please bookmark <https://www.clevelandmetroschools.org/milespark> and visit it regularly. And, I thank each and everyone of you for your dedication to your children. I look forward to being able to see all of the students as soon as possible. Continue to stay safe at home, rest, drink plenty of water, and social distance.

Thank you,
Mrs. Taylor-Ivory,
Miles Park Principal
