Miles Park Families,

Attached is information about opportunities for your child to remain engaged with enrichment activities and keep your child actively learning throughout the summer break. Equally important, the attached instructions provide an opportunity to families to connect to the *CLEVER* online learning portal where you can view your child's lessons and progress online.

CLEVER is the most widely used technology in the nation, for the easy way it enables students, teachers, and parents to sign on from their device and access learning tools in every subject and grade level.

The instructions also provide contact information if you need assistance creating your *CLEVER* account or logging into the learning portal.

Thank you for the important role you play every day to partner with us for your child's success.

Sincerely,

- Principal *T. Taylor-Ivory*
