

Our school has been chosen as one of the first Say Yes Cleveland Cohort Schools!

Dear Parents,

I am anxious to share exciting news with our families:

Miles Park School is one of 16 schools chosen to be the first SAY YES Cleveland schools!

What does this mean?

Our school will implement the Say Yes core services program that will enable us to identify student concerns and challenges that can be barriers to their success. This program will better connect our students and their families with helpful services and support they need on the child's path to college and career success.

What does the SAY YES program include?

Each school will have a family support specialist assigned to the student support team. After school and summer learning, along with mental health and legal services, will be available to our students and families beginning in the 2019-2020 school year.

What does being a SAY YES school mean for my child?

Having this program at our school will enable our students to take full advantage of the scholarship opportunity that comes with choosing and graduating from a CMSD high school and qualifying for a Say Yes Scholarship. (All CMSD students who meet the residency and enrollment requirements can receive a Say Yes Cleveland tuition scholarship to be used at participating colleges and certificate programs).

What does being a SAY YES School mean for families?

Parents and caregiver will have increased access to resources and supports that can be barriers to a child's success and to a parent's ability to ensure the success of their child. I will be reaching out in the next few weeks with more information on the exciting news of our selection as a SAY YES school!

Sincerely,

Tamika Taylor-Ivory
Miles Park Principal
