

MANDATORY VISION SCREENINGS

Grades – K, 1st, 3rd, 5th, 7th

WHY - Periodic screening are necessary to prevent blindness caused by treatable vision defect. In addition, all children need to be screened every two years to detect vision changes which can occur in school age children and teens.

HOW - You may take your student(s) to the CMSD school closest to your home, during school hours, for a vision screening to be performed by the school nurse. No appointment is necessary, but please contact the school nurse on the day that you plan to visit.
