

# ART CHOICE BOARD #5

## GRAFFITI LETTERING

Try practicing some different graffiti style letters to make your own piece. You can practice different styles using the alphabet or make a piece with your name or nickname. Remember to always start with a pencil. Building letters and words can sometimes overlap, parts will need to be erased or ignored when you outline in marker. And always only make graffiti on paper, cardboard or something that you have permission to write on!!

## LAND ART

Get inspired by nature. Use objects found outside (rocks, bark, leaves, flowers) to create interesting sculptures or patterns. When you've made something you like, snap a photo of it. Try laying objects on the ground, stacking them or making piles. Check out this page about world famous environmental artist *Andy Goldsworthy*:

<https://www.boredpanda.com/land-art-andy-goldsworthy/>

And search **#landart** for tons of ideas.

## ZENTANGLE

Create beautiful artworks of patterns called Zentangle. Zentangle Art is a great way to build creativity, understanding of lines and shapes and relax all at the same time. Don't know where to start? Check out this page for excellent tutorials.

## POSTCARD

Create your own postcard to mail to a loved one! Find some thick paper like cardstock and draw or paint a picture with an uplifting message on the front. On the back draw a vertical line down the middle- the address goes on the left and your message goes on the right. Put a stamp in the top right corner and send it off! You can also make your own card to send in an envelope.

## ART HOUSE VIDEO LESSONS

Visit the website for the Art House- a center for arts right in your neighborhood! They have a YouTube channel with some video art lessons.
