Super Stig was getting ready for valentine's day. Suddenly his bling XR phone rang.

"We need you at the smith memorial," shouted the mayor.

"I may not get these valentines done until the fourth of july,"

Super stig laughed.

He ran to his supercar 400 and rushed to the city. He drove down elm lane.

He saw smith memorial and mt. apex, but no one was outside.

Super stig walked inside. The lights were off.

"Surprise!" everyone yelled.

"We wanted to throw a party to celebrate your birthday," the mayor said.

But my birthday isn't until groundhog day," super Stig laughed.

"That's OK," the mayor replied. "Everyone will be glad to eat some cupcakes from sweet treats bakery, anyway."
