Activity Sheet

Name: _____ Class: _____

Stig's soccer team has played 5 games.

In the first game, team A scored 5 goals and team B scored 2 goals.

7 goals were scored in total.

How many goals were scored in the other matches?

	Team A	Team B	Team A + Team B = Total Goals
Game 1	5	2	$5 + 2 = 7$
Game 2	4	3	
Game 3	6	8	
Game 4	8	3	
Game 5	3	7	

Now answer the questions below.

- a) In game 6, Stig's team scored 10 goals. Manu's team scored 5.
How many more goals did Stig's team score?

- b) In game 7, Sten's team scored 7 goals. Klara's team scored 7
more than Sten's. How many goals did both teams score?

- c) In game 8, Manu's team scored 12 goals. Stig's team scored 6.
How many more goals did Manu's team score than Stig's?
