

Endora Kight Neal
Cleveland Metropolitan Remote High School

Welcome Remote High School Families,

Welcome to the 2023-2024 school year. My name is Endora Kight Neal. I am the principal of Cleveland Metropolitan Remote High School. It is a pleasure to be back to share another virtual journey with you. Prior to this role at Remote High School, I served as an assistant principal, math curriculum and assessment committee member, instructional coach, and post-secondary & 7-12 mathematics instructor.

Allow me to tell you a little about myself. I am a native New Yorker, born, raised, and proud. I stay true to the motto, "A New York State of Mind" which encourages me to stay true to who I am, keep an open mind, and embrace diversity. As an educator, it allows me to continue to dream, set goals, ensure equity and justice exists so that all students will have an opportunity to learn, receive guidance, and support while attending the Remote High School.

For us to continue to grow in this virtual remote environment, we need all stakeholders involved to assist with our progress. We need the support from our staff, students, families, and community. If we stand together as one, this will allow us to ensure the success of all remote students. Reminding our scholars to attend each virtual class meeting, Wednesdays Morning Huddles, and other opportunities that are available on Wednesdays for students, families, and staff to engage, build relationships, receive interventions, and explore college and career opportunities.

I look forward collaborating and working with all our Remote High School families. Let's make this school year a success and continue to build an engaging learning virtual space for our scholars.
