

# Clever

## CMSD's Doorway to Learning

### Parents & Caregivers of CMSD Students:

The online learning program your child uses frequently at school is now open for parents to log in to access your child's lessons or assist your child with logging in and accessing learning materials.

This email contains all the information you need to activate your account and to open the door to your child's learning and progress every day. Once activated, your CLEVER account will be automatically connected to your child's account.

*Let's get started!*

**PRO  
TIP**

Once activated, you can bookmark **Family.Clever.com** for easy login in the future

With the unexpected closure of Ohio's schools due to the COVID 19 pandemic, remote learning became one of the most vital methods for keeping students engaged and learning this spring.

While CMSD students had already learned how to log on to the Clever learning portal at school, Clever is now an equally vital tool for parents and caregivers who can view their child's lessons and progress online whether engaging in remote learning from home or accessing the portal to engage in enrichment activities over the summer.

Clever is the most widely used technology in the nation for the ease with which it enables students, teachers and parents to sign on to a single software platform to access learning tools in every subject and grade level.

### Clever is awesome for Teachers!

- CMSD educators can track logins and application usage among students and teachers.
- Clever analytics enable educators to see graphs and statistics that show how many users are accessing online resources, how often they log in and which schools or applications are being used the most.
- The Clever Library enables CMSD to see what applications teachers are choosing to use in their classrooms.

### Clever is awesome for Students & Families!

- Clever empowers students and families to stay connected to lessons anytime and anywhere.
- Clever makes it easy for students to log in from home to access the computer applications they use at school. Within their portal, a student can access resources selected for them by their teacher or their school.
- Clever enables parents to log into the learning portal to view the applications their student is using, to check teacher assignments and see their child's progress.
- Clever eliminates the need to remember multiple usernames and passwords for the numerous applications that students use for learning. With a Clever Badge (a QR Code) students can log into all their software applications at once, without the need to remember a username and password.

### Check Out Clever Now!

Parents and caregivers can access Clever through an invitation being sent to your email address on file at your school. Your invitation email will include a brief tutorial on how to accept the invitation, sign in and get started.

If you do not receive an email invitation for Clever, reach out immediately to your child's school to make sure your email address is on file at your school. Contact Lorri Hobson at **Lorri.Hobson@ClevelandMetroSchools.org** for further assistance.

If you received an invitation, but need help logging into Clever, email **CMSD.Integration@ClevelandMetroSchools.org** for assistance.

*See you online!*
