   a) limit the number of people coming to CSA (for example: if a parent is driving their student, allow just the student to come in to pick up their device. At most, just the student and 1 adult should come in
3) Anyone with a fever or flu-like symptoms should not come to the school. We will work with you to ensure your student receives the above items
4) Temperatures will be taken and you must be free of fever to enter the building
5) Masks must be worn at all times
6) You must adhere to physical distancing
7) The number of people who enter the building will be limited to ensure proper safety measures are adhered to. Please wait patiently if there is a line. We have organized distribution day by grade level to help prevent this from happening.
8) Please limit time in the building so that the line can move along quickly
9) If the weather is nice, we will distribute items from outside the front entrance to the school. If it is raining, we will use the front lobby.
10) If you are entering the building, after your health screening, you can proceed to the pick-up table where you will sign out your materials
11) Returning students should return any borrowed items (books, etc.) from last year during this time
