Students are Strongly Encouraged to Attend

Parent/Teacher Conferences are an **Open Format** and parents are encouraged to speak with as many teachers as they would like for brief 5-15 minute conferences. Report Cards will be emailed in advance via the online gradebook Managebac, so family members may want to consult the report card before determining which teachers they would like to prioritize a conference with.

We welcome parents for the opportunity to:

- Speak to your child's advisor about how IB high school grades work;
- Learn about your child's goals and reflections on their progress towards meeting them;
- Discuss your child's performance with some or all of her or his teachers;
- Learn about how we are supporting your child in different classes and how you can help;
 - Sign Up to volunteer and get involved as a parent
 - and Learn about extracurricular and enrichment opportunities.

All conferences will be held in the Multipurpose Room or the Library.

There is early dismissal (11:35 AM) for students on Thursday, October 24th but students are expected to attend conferences with their parents if possible.
