

YOU ARE INVITED

Joseph M. Gallagher School Renovation Plans and Construction Update

Wednesday, February 8

6:00 - 7:00 pm

**Temporary School Location
4016 Woodbine Avenue**

Please join us for a discussion on proposed changes to the existing design plans for the renovation of Joseph M. Gallagher School.

As the renovation of the school has gotten underway, additional analysis has led CMSD and the Ohio Facilities Construction Commission (OFCC) to agree to replace the building's exterior brick and some related structural components, including additional options for the facility's windows.

Because of the nature of these changes, we are requesting the input of the community on this important work and invite you to join us to share your opinion on the revised options available for the school.
