Dear Students & Families:

CMSD offers instruction through the programs Exact Path and Study Island. Exact Path includes K-12 assessment-driven math, reading, and language arts instruction; and Study Island provides instruction and assessments in math, reading, English Language arts, science, and social studies. The videos below are designed to assist with navigating both Exact Path and Study Island while working from home. Each video is approximately 10-15 minutes in length.

Please note that students access Exact Path through the CMSD Clever student portal using the login credentials they have been using all school year. The CMSD portal can be reached from this link: https://www.clevelandmetroschools.org/Page/15212

As you will see, each video is specific to the grade range listed in the title.

- **Exact Path & Study Island at Home: Grades K-2nd**
- **Exact Path & Study Island at Home: Grades 3rd-5th**
- **Exact Path & Study Island at Home: Grades 6th-12th**

Thank you,
The Academic Offices
Cleveland Metropolitan School District
Dear Parents/Guardians,

In the work packet, you will find assignments for the below subjects. Most often there will be more than one assignment for a subject area. After your child completes the assignment(s) in each area, he/she should place a check in the box. This checklist will help your child monitor his/her completion of tasks, as well as promote responsibility. --Thank you!

Dear Parents/Guardians,

Every day, your child will respond to a writing prompt from the April Writing Prompts Calendar. This calendar is included in the work packet.

With your support, your child will complete the following tasks:

1. Locate the date on the calendar.
2. Read and discuss the prompt with you.
3. Write 3-4 sentences responding to the prompt.
4. Read and reread his/her work to check if it makes sense, and for correct capitalization and punctuation.
5. Your child may draw and color a picture if he/she chooses.

Organizing Written Responses

**Notebook:** Your child can use a notebook that was used in school to write his/her responses. Each response should be written on a separate page with the date written at the top.

**OR**

**Notebook paper/Folder:** Each response should be written on a separate paper with your child’s name and date written at the top. Keep all papers in one folder.

Thank you

</tbody>
</table>
Directions for all **Word Sorts** in the Packet:
With your guidance/support, your child should follow these steps:
1. **Read all the words** listed on the paper.
2. Cut & glue the categories at the top on a construction paper.
3. Cut out words.
4. **Read each word again**, then sort it under the correct category.
5. **Read all words** in the category and check if they belong in that category.
6. Glue words in place.
7. Have fun!

Directions for how to use **Decodable Texts**:
1. With your child, read the Instructional Focus of the lesson at the top of the paper.
2. Your child highlights or circles the word patterns in the text.
3. Your child reads those words in isolation.
4. Your child reads the text 2 times.

Every day, your child should reread the decodable text that was assigned the day before, Then, he/she should begin the new decodable text. On days that do not include a new decodable text, your child should reread the text from the day before and self-select a second text to reread.

Thank you

- wind__ __

Write a label for the picture.
Long Vowel O

Circle the word with the long vowel o in each sentence. Print it on the lines.

1. It is fun to ride in a boat.

2. Wear a coat outside.

3. The hole is not very deep.

4. They rode their bikes to school.

5. Dad sold one of his cars.

6. Please bring the soap to me.
Long Vowel O

Circle the word with the long vowel o in each sentence. Print it on the lines.

1. The ice cream cone tastes wonderful!

2. Come to my house, and I will show you my new toy.

3. The dogs were roaming in the woods.

4. I like to eat oatmeal in the morning.

5. I need to do my chores now.

6. The joke made me laugh for a long time.
Joan put the broach on her coat. Joan went to the dock to get on her boat. She wants to float down the coast. Joan got too close to the side of the boat and fell in the lake. Joan got her coat and broach soaked! Joan moans and groans because her coat and broach are wet. Now Joan has to float down the coast in her wet coat.
Question words

We ask **questions** when we want to find out things. Write these words that ask **questions**. Which is the odd one out? Say why.

**who**  **what**  **why**  **when**  **where**  **how**

................................................................. ................................................................. ................................................................. ................................................................. ................................................................. .................................................................

Write a **question** word and add a **question mark** to complete each sentence.

**Remember:** Sentences that ask **questions** have a **question mark** at the end.

................................................................. has been sitting in my chair

................................................................. do you live

I am six. ............................................. old are you

................................................................. does lunch time start

................................................................. do you like this book

Hello, ............................................. is your name
We ask questions when we want to find out things. Write these words that ask questions. Which is the odd one out? Say why.

who  what  why  when  where  how

...who....  ...what....  ...why....  ...when....  ...where....  ...how....

Write a question word and add a question mark to complete each sentence.

Remember: Sentences that ask questions have a question mark at the end.

.........Who....... has been sitting in my chair?

.........Where..... do you live?

I am six. ........How........... old are you?

.........When...... does lunch time start?

.........Why....... do you like this book?

Hello, ........what....... is your name?

This page focuses on the use of question words and question marks. Help your child to select the odd question word (how: the only question word that does not begin with wh-) and to read and complete each sentence.

Question marks

We use a **question mark** at the end of a sentence that asks a question. A **question mark** takes the place of a **period**.

Write a **period** or a **question mark** at the end of each sentence below. Then write the whole sentence.

Do you like dogs.........................................................................................................................
I like dogs a lot...............................................................................................................................
I like cats also..............................................................................................................................
Do you like them............................................................................................................................
Do you have a pet............................................................................................................................
What is your pet's name ................................................................................................................
My pet is called Kit........................................................................................................................
I love my pet...................................................................................................................................

First draw pictures, then answer the questions below.

Draw another mouse. Are there two or three mice now? .................................................................

Draw a cat. Does it have a tail? ...........................................................................................................
Question marks

We use a question mark at the end of a sentence that asks a question. A question mark takes the place of a period.

Write a period or a question mark at the end of each sentence below. Then write the whole sentence.

<table>

<tr>
<td>What is your pet’s name?</td>
<td>What is your pet’s name?</td>
</tr>
<tr>
<td>My pet is called Kit.</td>
<td>My pet is called Kit.</td>
</tr>
<tr>
<td>I love my pet.</td>
<td>I love my pet.</td>
</tr>
</tbody>
</table>

First draw pictures, then answer the questions below.

Draw another mouse.
Are there two or three mice now? two

Draw a cat.
Does it have a tail? yes

Punctuation helps reading and writing accuracy. Explain that punctuation marks help us make sense of text and how a question mark indicates a question. It will help if you say each sentence as a flat statement and then as a question.

Heath at the Beach

Heath was glad to be at the beach. He loved the sand at the beach. He liked to leap in the sea at the beach.

He brought his dog named Tread with him to the beach. Heath put Tread on a leash and they walked east down the beach. They saw a seal in the sea.

Tread wants to chase the seal. He pulls on the leash and snap! The thread holding the leash together breaks. Tread gets away and the leash hits Heath in the head. Tread leaps into the sea to chase after the seal. The seal swims away and Tread goes back to Heath. Now Tread is wet and Heath’s head is cut from the leash. This was not a good day at the beach.
Prefixes

A **prefix** is a group of letters that is added to the beginning of a word. It changes the meaning of the word.

- **un**- is a prefix
- **dis**- is a prefix

You can add the **prefix** **un**- to change the meaning of some words.

- un + load = unload
- un + dress = undress

You can add the **prefix** **dis**- to change the meaning of other words.

- dis + obey = disobey

Add **un**- or **dis**- to the words in **bold** to complete the sentences below.

1. Jim **locks** the box.
2. Tim ......................... it.
3. Nina **ties** her laces.
4. Kitty .............................. them!
5. Yes, I **agree**.
6. No, I ..............................
7. Wes is **happy**.
8. Wes is ..............................

The toys are **organized**.

The toys are ..............................

- 4 vertices

Squares
- special rectangles with sides of equal length

Read the rule. Circle the shapes that follow the rule.

1. 4 vertices

2. exactly 3 straight sides

3. curved and closed
Describe and Draw Two-Dimensional Shapes

You can draw shapes using the number of sides and vertices.

This shape has 3 straight sides and 3 vertices.

Write the number of straight sides or vertices. Then draw the shape.

1. trapezoid
   4 sides

2. hexagon
   6 vertices

3. triangle

4. circle

5. rectangle

6. square

   _____ sides

   _____ vertices

   _____ sides

   _____ vertices
Describe and Draw Two-Dimensional Shapes

1 Math on the Spot  Draw a picture to solve.

I am a shape with 6 straight sides and 6 vertices.

2 What is the name of the shape? Circle your answer.

rectangle  trapezoid  triangle

3 A shape has 3 sides and 3 vertices. What is the name of the shape? Circle your answer.

rectangle  square  triangle

4 **Attend to Precision** Marnie uses 4 craft sticks for the straight sides of a shape. Circle the shape she can make with all 4 sticks.

- Circle the shape with 4 sides.

- Circle the shape with 3 sides.

5 How many sides and vertices does a trapezoid have?

_____ sides _____ vertices
Test Prep

Fill in the bubble next to the correct answer.

6. Which is the name of the shape?
   - o trapezoid
   - o rectangle
   - o hexagon

7. Which shape is a trapezoid?
   - o
   - o
   - o

8. Which shape has 6 sides and 6 vertices?
   - o
   - o
   - o

Spiral Review

9. Carter builds this shape. He builds the same shape again. Then he puts his combined shapes together. Which new shape can he make?
   - o
   - o
   - o
Compose Two-Dimensional Shapes

You can put shapes together to make a new shape.

2 Δ and 1 □ make a □.

Draw lines to show how to make the hexagon. Write the number of each shape you use.

1

\[ \text{1 △} \quad 6 \]

2

\[ \text{2} \]

3

\[ \text{3} \]
# Identify Composed Shapes

<table>
<thead>
<tr>
<th>3 Shapes</th>
<th>Combine</th>
<th>New Shape</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image1" alt="Shape 1" /></td>
<td><img src="image2" alt="Shape 2" /></td>
<td><img src="image3" alt="Shape 3" /></td>
</tr>
</tbody>
</table>

Circle the 2 shapes that you can combine to make the new shape.

1. ![Choice 1](image4) ![Choice 2](image5) ![Choice 3](image6) ![Choice 4](image7) 
2. ![Choice 1](image8) ![Choice 2](image9) ![Choice 3](image10) ![Choice 4](image11) 
3. ![Choice 1](image12) ![Choice 2](image13) ![Choice 3](image14) ![Choice 4](image15)
Take Apart Two-Dimensional Shapes

You can make a composite shape with two or four shapes.

Draw a straight line to show 2 shapes that are the same size.

Draw lines to show 4 shapes that are the same size.

1. Draw a line to show 2 shapes that are the same size.

2. Use triangles, squares, or rectangles to compose the shape. Draw the combined shape.

3. Draw 2 shapes the same size to make a square.

4. Draw 3 shapes the same size to make a rectangle.
Identify Equal or Unequal Shares

Equal Shares

The shares are the same size.

Unequal Shares

The shares are not the same size.

Cross out the shapes that show unequal shares.

1

2

3

4
Identify Equal or Unequal Shares

1. Draw lines to show 4 equal shares.

2. Draw lines to show 4 unequal shares.

**Construct Arguments**
How do you know the shares are equal?

How do you know the shares are unequal?

Write equal shares or unequal shares.

3. 

4. 

Math on the Spot
Write the number of equal shares.

5. ____ equal shares

6. ____ equal shares
Test Prep

Fill in the bubble next to the correct answer.

7 Which does this shape show?

- 2 equal shares
- 2 unequal shares
- 4 unequal shares

8 Which does this shape show?

- 2 equal shares
- 4 equal shares
- 4 unequal shares

9 Which shape shows 2 equal shares?

- 
- 
- 

Spiral Review

10 Circle the shapes with only 3 vertices. Draw a line under the shapes with 4 sides.
People use sponges to clean their kitchens. People also use sponges to clean their dirty dishes.

Sponges have two different sides. One side is used for cleaning. People put soap and water on this side. This side has holes in it. These holes hold in water and soap.
The other side of a sponge is tough. It is used for scrubbing. Sometimes food sticks to dirty dishes. This side of the sponge is good for scrubbing the food off.

When people are done using their sponges, they rinse them off. It is important to clean the sponge before using it again.
Measuring cups and spoons help chefs measure ingredients. Ingredients are the parts of a dish.
Measuring cups and spoons come in sets or groups. There are between four and six cups in a set. The cups are different sizes.

Measuring spoons are smaller than measuring cups. There are between four and six spoons in a set.
How do chefs know which measuring cup or spoon to use? The recipe tells them! Many chefs follow the recipe for each dish. The recipe lists the ingredients in the dish. It also lists how much of an ingredient to use.
Toast is a very popular breakfast meal. People like to eat toast with butter. People like to eat toast with fruit jam. Some people even like to eat toast with chocolate!
Making toast is easy. The first step is to cut a slice of bread. The next step is to put the bread in the toaster. The third step is to decide how long you want your bread in the toaster. Many toasters let you set a timer. When the timer goes off, the bread pops out!
So how do toasters work? Inside the toaster, there are wires. Electricity makes these wires very hot. When the bread goes into the toaster, the wires heat up the bread.

Have you eaten toast before?
Forks, knives, and spoons are utensils. Utensils make it easier to eat food. Each utensil has a different job.

Forks are used to pick up food. Why do people pick up food? They
pick up food to eat it!

Forks also help knives do their job. Knives are used to cut food. Forks keep the food in place when people are cutting it.

![Photograph of person using a fork and knife](image)

Like forks, spoons are used to pick up food. This food is different though. It is liquid. People drink or sip food from spoons.

![Photograph of person using a spoon](image)

Which utensil has the most important job?
Do you know what a coffee maker does? It makes coffee! Coffee is a drink that wakes people up. Many people like to drink it in the morning.
Coffee is made from coffee beans. Coffee beans are not beans, however. They are fruit pits. The fruit is called a cherry. Cherries grow on plants in warm areas.

How do people turn coffee beans into coffee? There are a few steps. The first step is to add water to the coffee maker. The coffee maker will heat the water up. The next step is to grind the coffee beans into tiny pieces. The third step is to put the ground coffee into
the coffee maker. In just a few minutes, you will have a cup of coffee!
A freezer keeps food cold. The temperature inside of a freezer is 0 degrees or below. This temperature keeps food frozen.

What kinds of desserts need to stay frozen? Ice cream and popsicles! They need to stay in the freezer or else they will melt.
Ice cubes need to stay in the freezer too! Just like popsicles and ice cream, ice cubes need to stay frozen. Can you think of what ice turns into when it melts? Water!

People also like to store food in the freezer. When food is frozen, it does not go bad. If people want to save food for a few weeks, they can freeze it!
Art & Music Gr 1 Week 3 & 4

Art M-W:
Free Draw-Paint-Build week 3 & 4 (10 minutes)
Use the online resource guide to have a virtual visit to one of the world’s museums. Ask yourself: Week 3 Leonardo Da Vinci -look for the Mona Lisa first! [https://www.youtube.com/watch?v=4NZt2niFQp4](https://www.youtube.com/watch?v=4NZt2niFQp4) for a read along book on Da Vinci
[https://www.leonardoda-vinci.org/the-complete-works.html?pageno=2](https://www.leonardoda-vinci.org/the-complete-works.html?pageno=2)

Week 4 Van Gogh Museum, Amsterdam [https://www.youtube.com/watch?v=PX3WSaAfLOA](https://www.youtube.com/watch?v=PX3WSaAfLOA) for read along book on Van Gogh
[https://www.vangoghmuseum.nl/en/we-bring-the-museum-to-you#1](https://www.vangoghmuseum.nl/en/we-bring-the-museum-to-you#1)

1. What do I notice?
2. What do I see?
3. How does it make me feel?

Read all you can about the artists you see with the included handout. Write a reflection of your experience. How did you feel? Did you like what you saw? Why? Why not?

Art Fri week 3 & 4:
Photo Journal by taking pictures that show what family means to you. Write how family makes you feel (happy, frustrated, silly, funny for example).

Music T-Th:
Listen to any song of your choice. Use your hands and feet to find the beat!
Tue: week 3 & 4 Play "Roll a Rhythm" and clap or count together the rhythm you created!
Use your home made drum to play the beat you create.
Thu: week 3 & 4 make a home made instrument!

Weekly Music
Listen to a concert, an album side, or play your own music. Practice good audience behavior.
After, write or draw how the music made you feel. Why did you choose the music you listened to? Does it remind you of other songs?

Daily Schedule week 3

The Bedroom by Vincent Van Gogh
Did you know that straws can make music… or rather, that if you cut drinking straws into different lengths, they will make different sounds when you blow into them? Just try it! And when you put them together, there might even be music 😊

You will need 6-8 straws, some sticky tape and a pair of scissors. Cut a long strip of sticky tape and put the straws on the sticky side, arranging them in twos from the shortest to the longest ones.

Secure well with more sticky tape so that the straws will not move around. Decorate as you wish.

Your attempts to extract a harmonious sound may now begin 😊
