

Preschool Week 3

This weekly calendar includes suggested learning and development activities that you can use to support your child. Activities are aligned to Ohio’s Early Learning and Development Standards. We have provided resources to support the extended learning and enrichment activities at home. Feel free to change or modify the activities as needed. Hands-on learning materials and supplies will be distributed during the week of April 13, 2020. Please be sure to pick up your child’s preschool learning kit this week!

When using online resources, such as YouTube and/or websites, please monitor your child to avoid distracted navigation. If you have access to the Internet, please set up an ‘ABC Mouse’ account as described on this page.

Theme for the Week: “Animals”
Letter of the Week: Zz
Math Focus: Patterns
