To: Families and Caregivers of CMSD Students:

Thank you for the many ways you are remaining connected to your child's school.

In consideration of what all our families are doing to support students during the closure of Ohio's schools, I am pleased to provide the District's first mailed packet of Summer Fun Enrichment activities. Each student household will receive one packet that includes activities for grades PreK–12. These enrichment activities are designed to provide your child with fun opportunities to stay engaged throughout the summer. Packets will be mailed home two times per month. We will also send home books for each student in the District starting in June with enrichment activities you can complete with your child.

Recognizing that students are used to a consistent school schedule, I strongly encourage you to continue working with your child to develop and maintain a routine at home that will extend his or her learning throughout the summer months. Make time and space for quiet reading and active engagement with your child's learning packet, and with other materials found online to stimulate curiosity, increase critical thinking skills and enable your child to practice reading.

Visit the District's website at ClevelandMetroSchools.org/LearningOpportunities to access digital versions of the Summer Fun Enrichment Activities.

Children learn best when instruction is continuous, which is why CMSD educators will continue to produce learning materials to keep students engaged and keep their minds active during the summer months.

Thank you for the opportunity to emphasize the importance of academic enrichment in your child's experience, and for the important role you play every day in our shared commitment to the safety, well-being and future of Cleveland's children.

Sincerely,

A handwritten signature in black ink, appearing to read 'ESG'.

EDUCATOR: Chief Executive Officer
Cleveland Metropolitan School District

P.S. CMSD has stressed the importance of participating in the 2020 Census and is turning to students to help spread the word. The Cleveland Foundation is supporting a Census Contest to encourage Clevelanders to complete the 2020 Census by creating a promotional video. Twelve students from grades PreK–12 will be awarded a \$200 Visa gift card for their winning videos. See details on this contest inside this week's activities packet.

Estimados Padres y Representantes de estudiantes de CMSD:

Gracias por las maneras en las que mantienen una conexión con la escuela de su hijo.

Me alegro proveerle el primer paquete de actividades de enriquecimiento académico de verano. Le enviaremos por correo un paquete que incluye actividades para **Preescolar-12^o** grado a cada hogar. Estas actividades enriquecedoras brindarán oportunidades de aprendizaje divertidas a sus hijos. Recibirán dos paquetes por mes. Además, comenzando en junio, le enviaremos libros a cada estudiante del Distrito con actividades de enriquecimiento académico que se las animamos realizar junto con su hijo.

Ya que los estudiantes están acostumbrados a seguir un horario consistente, recomiendo fuertemente que trabaje con su hijo para establecer y mantener una rutina en casa para que siga aprendiendo durante los meses de verano. Con el fin de estimular su curiosidad, aumentar su habilidad de pensar críticamente y mejorar su habilidad de leer, es aconsejable designar un horario específico y apartar un espacio tranquilo donde puede leer, estudiar y hacer el trabajo del paquete de aprendizaje y trabajar con otros materiales encontrados en línea.

Visite ClevelandMetroSchools.org/LearningOpportunities para acceder versiones digitales de las actividades de enriquecimiento académico de verano.

Los estudiantes aprenden mejor sin interrupciones. Por eso, los educadores de CMSD seguirán creando materiales interesantes y estimulantes que atraerán la participación de estudiantes, manteniendo sus mentes activas durante el receso de verano.

Gracias por la oportunidad de recalcar la importancia del enriquecimiento académico para nuestros estudiantes, sus hijos, y por su compromiso con la seguridad, desarrollo y futuro de los estudiantes de Cleveland.

Atentamente,

Eric S. Gordon
EDUCADOR: Director General
Distrito Escolar Metropolitano de Cleveland

P.D. CMSD ha estado recalcando la importancia de participar en el Censo del 2020 y ahora, con el apoyo de la Cleveland Foundation, buscamos la ayuda de nuestros estudiantes en pasar la voz, creando videos que motiven a los ciudadanos de Cleveland a participar en el Censo. Doce (12) estudiantes desde Preescolar-12^o tendrán la oportunidad de ganar una tarjeta Visa con valor de \$200. Lea los detalles dentro del paquete de aprendizaje de esta semana.

SUMMER Learning

Palooza

Grades PK - 5

Happy Summer! Attached, you will find several resources that will help you engage in fun learning opportunities throughout the summer. Families will receive interactive tools and learning supports throughout the summer (see below and attached). We encourage you to use your discretion and choose from the many options to plan and engage in fun activities that meet your family's needs.

Online Tools:

Please use the online tools shared (some may be accessed through Clever and some may be accessed using free accounts set up by you) if you have Internet access and digital devices available to you. These resources are optional and aligned to the grade level expectations. Practice will help to prepare your child for learning during the next school year. Please visit: <https://www.clevelandmetroschools.org/summerlearning> for more information as it is shared.

Text and Learning Resources:

PK-5 students are encouraged to continue to use the many resources that have been distributed during the spring and summer. Students should have materials shared in the learning kits that were distributed through meal sites. Summer reading books and book lists are being provided throughout the summer as well. Summer Reading activity kits are being sent directly to homes in the beginning of June. In addition to the books distributed at the meal sites, each PK-5 student will receive a pack of 3 books with activity sheets in the mail at the beginning of June. All PK-8 students will also receive a copy of the book entitled, *Escape from Mr. Lemoncello's Library*. We will use this book to engage in One Book, One District strategies throughout the summer. There will be video read alouds posted and shared and activities that align to the book. The book can be read independently or aloud as age appropriate.

Adult Support:

Please use your judgment to choose activities that are meaningful and appropriate for your use with your children. It is suggested that support may be provided by an adult or older child as needed.

Photos and Journals:

We encourage you to take photos and create photo journals throughout the summer to document the learning and fun activities that you experience together.

Summer Learning on CMSD Website:

The CMSD website will be updated weekly with additional links to learning materials and additional print resources that may be used to continue to practice learned skills. There will be Reading and Math activity sheets added weekly along with updated information aligned to this work.

The Cuyahoga County Public Library:

Once the library opens, there will be engaging activities that align to our theme of learning and reading all summer. Be sure to visit your local library for more information about fun opportunities.

ONLINE Connections

*This resource may be used to access online connections to support the summer learning initiative. Links may be accessed through the electronic copy of this page.
Students can use their Clever login to access District applications.*

Grades 6 - 8

Apple in the Middle by Dawn Quigley. North Dakota State University Press. 2018. ISBN: 9781946163073. Apple's name chosen by her Indian mother on her deathbed, has a double meaning: treasured apple of my eye, but also the negative connotation a person who is red, or Indian, on the outside, but white on the inside.

Born a Crime: Stories From a South African Childhood by Trevor Noah. Penguin Random House. 2019. ISBN: 9780399588198. The compelling, inspiring, and comically sublime story of one man's coming-of-age, set during the twilight of apartheid and the tumultuous days of freedom that followed.

Dissenter on the Bench: Ruth Bader Ginsburg's Life and Work by Victoria Ortiz. Clarion. 2019. 9780544973640. This biography provides highlights from iconic Supreme Court justice's life and career and will inspire young readers to change the world.

Look Both Ways: A Tale Told in Ten Blocks by Jason Reynolds. Illustrated by Alexander Nabaum. Atheneum. 2019. ISBN: 9781481438285. Ten tales (about one per block) about what happens after the dismissal bell rings, and brilliantly weaves them into one funny, piercingly poignant look at the detours we face on the walk home, and in life.

New Kid by Jerry Craft. Illustrated by Jerry Craft. Harper Collins. 2019. ISBN: 9780062691200. Seventh-grader Jordan Banks navigates a new private school lauded for its academics. The school is lacking in both diversity and art, making the transition difficult for art-loving, African-American Jordan.

Rise Up! The Art of Protest by Jo Rippon. Penguin Random House. 2020. ISBN: 9781623541507. Human rights belong to every single one of us, but they are often under threat. Developed in collaboration with Amnesty International, Rise Up! encourages young people to engage in peaceful protest and stand up for freedom.

Rising Water: The Story of the Thai Cave Rescue by Marc Aronson. Simon & Schuster. 2020. 9781534444140. The incredible true story of the twelve boys trapped with their coach in a flooded cave in Thailand and their inspiring rescue.

Stepsister by Jennifer Donnelly. Scholastic Press. 2019. 97813438268461. Isabelle has tried to fit in. To live up to her mother's expectations. To be like her stepsister. To be sweet. To be pretty. One by one, she has cut away pieces of herself in order to survive a world that doesn't appreciate a girl like her. This has made her mean, jealous, and hollow. Until she gets a chance to alter her destiny and prove what ugly stepsisters have always known: it takes more than heartache to break a girl.

They Called Us Enemy by George Takei, Justin Eisinger, Steven Scott. Illustrated by Harmony Becker. Top Shelf Productions, an Imprint of IDW Publishing. 2019. ISBN: 9781603094504. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard.

Us, in Progress: Short Stories About Young Latinos by Lulu Delacre. Illustrated Lulu Delacre. Harper Collins. 2017. ISBN: 9780062392145. A collection of short stories offering refreshing and nuanced depictions of young Latin boys and girls growing up in the United States.

High School

A Light in the Darkness by Albert Marrin. Alfred A. Knopf, an Imprint of Random House. 2019. ISBN: 9781524701208. This book takes a heart-wrenching look at history of the Warsaw Ghetto, told by comparing the philosophies of doctor Janusz Derczak, a pediatrician turned-orphanage-director who championed children's rights, and Adolf Hitler, a racist fanatic whose policies led to the murder and manipulation of children.

I'm Not Dying with You Tonight by Kimberly Jones and Gilly Segal. Source FireBooks. 2019. ISBN: 9781728216300. This book is about two high school girls in Atlanta, one black and one white, who must depend on their wits and each other to make it home after fights break out at their school football game and rioting and looting break out in the streets.

In Good Hands: Remarkable Female Politicians from Around the World Who Showed Up, Spoke Out and Made Change by Stephanie Mackendrick. KCP Loft. 2020. ISBN: 9781525300356. This book highlights tools, resources and real-life role models for young women eager to start their own political journeys.

Lawn Boy by Jonathan Evison. Algonquin Books. 2018. ISBN: 9781616202620. For Mike Munoz, a young Chicano living in Washington State, life has been a whole lot of waiting for something to happen. Not too many years out of high school and he is still doing menial work. He's got to be the one to shake things up if he's ever going to change his life. But how? Read the book to find out!

Life Sucks: How to Deal With the Way Life is, Was and Always Will Be Unfair by Michael I. Bennett and Sara Bennett. Illustrated by Bridget Gibson. Penguin Young Readers. 2019. ISBN: 97815247877905. This book gives no-nonsense advice from a father-daughter duo explaining just how much high school is a hormonal, stressful and chaotic storm phase of life. You really can be whoever you want once you figure out who that is, and some adults can be helpful as allies.

Loki: Where Mischievous Lies by Mackenzi Lee. Illustrated by Stephanie Hans. Disney Book Group. 2019. ISBN: 9781368022262. Young Loki longs to be seen as respected and heroic, but he lives in the shadow of his brother Thor. His magic makes others suspect villains; only Amor sees magic as a gift, not a threat.

On the Come Up by Angie Thomas. Harper Collins/Balzer Bray. 2019. ISBN: 9780062498564. Bri follows in the footsteps of her father, who was murdered, and creates a viral rap about a racial injustice at school. As she attempts to deal with the incident and the community's misconceptions, Bri discovers the power of her voice amplified by the support of those around her. This is a significant and powerful novel by the author of *The Hate You Give*.

The Borden Murders: Lizzie Borden and the Trial of the Century by Sarah Miller. Schwartz & Wade. 2019. ISBN: 9781984892447. This book is an investigation of murders of wealthy and prominent Andrew and Abby Borden. Who are the accused? Mild mannered Lizzie Borden, daughter of Andrew Borden.

The Bridge Home by Padma Venkatraman. Penguin Young Readers. 2019. ISBN: 9781524738112. This book is about four preteens are abused, neglected and forced into homelessness in India. A tale of survival, this book describes the agonizing choices family and friends must make to protect loved ones.

Tribe: On Homecoming and Belonging by Sebastian Junger. Harper Collins. 2017. ISBN: 9780008168186. Tribe explores what we can learn from tribal societies about loyalty, belonging, and the eternal human quest for meaning. It explains the irony that for many veterans as well as civilians - war feels better than peace, adversity can turn out to be a blessing, and disasters are sometimes remembered more fondly than weddings or tropical vacations.

Theme: Zoos

Over the next two weeks complete the following activities in any order as you take a virtual trip to different zoos in the U.S. with your family. This is the second stop in your Summer Enrichment Passport. Every two weeks we will take you to a different location and keep you actively engaged in real world academics.

<p>Art</p> <p>Create a visual guide for your visit to the zoo. Draw each animal and habitat you expect to visit. Share this with your family to help guide your trip.</p>	<p>Science</p> <p>Designing a Zoo Sign While visiting the Cleveland MetroParks Zoo you and your family stop at the Clouded Leopard exhibit.</p> <p>Task: <i>You will you create a zoo sign that will help the public learn about issues that threaten clouded leopards and encourage the visiting public to participate in the conservation of the Clouded Leopard.</i></p> <p>*See Designing a Zoo Page for project details.</p>	<p>Math</p> <p>In this video, https://ideastream.pbslearningmedia.org/resource/mkaet.math.rp.zkhoofstock/real-life-math-zoo-keeper-hoofstock/, zookeeper Michelle Hatwood of the Phoenix Zoo explains how she uses math in her work with hoofstock animals, which include antelope, deer, zebra, giraffe, and rhinoceros. According to the formula in the video, a zebra needs 0.4 mg/kg of worming treatment. The worming treatment comes in a solution of 50 mg/ml. (1.) A 700 lb zebra needs 2.54 ml of worming treatment solution. How many ml would a 400 lb zebra need? Show how you got your answer. (2.) A zebra gets 2 ml of worming treatment solution. How much does it weigh? Show how you got your answer.</p>	<p>Literacy</p> <p>Spend 20 minutes reading each day from either a novel you received from a meal site (Hidden Figures, Fever 1793, The Crossover, of The Rebound) or a novel of your choice. Choose activities to complete from the after reading activity choices.</p>	<p>Music</p> <p>Nature has music all its own. While visiting the zoo, look up the sounds of different animals (birds, chimpanzees, elephants, wolves, etc.) and the sounds of their natural habitat. What do you hear in this natural music? Try to replicate the sound on your own with your voice or any other instruments you have.</p>

Designing a Zoo Sign

While visiting the Cleveland MetroParks Zoo you and your family stop at the Clouded Leopard exhibit.

Procedures:

1. Watch these videos- <https://www.clevelandmetroparks.com/about/education/virtual-classroom/assets/clouded-leopards> and <https://resourcelibrary.clemetzoo.com/Animal/1252>

2. Consider, what makes a good educational sign? What design elements should your sign contain? What makes a sign interesting? Have you seen examples of good or bad signs that you can refer to?

3. Research clouded leopards (here is a good place to start): <https://resourcelibrary.clemetzoo.com/Link/Details>

4. As you conduct your research reflect on the various ways these animals are threatened. Brainstorming about the type of information are most important for the public to know.

5. Use markers, pencils, crayons, paper, and a computer design program (not required by great if you have one) to create your sign. You can also choose to use photos and there are many at <https://resourcelibrary.clemetzoo.com/Photo/Details> *Be sure to identify the design elements you will use to get across the threats to the Clouded Leopard.

6. Share your work with the Cleveland MetroParks Zoo Graphic Designers and education staff. They would love to see what you've come up with. Here are the sharing instructions: Click the "Share Resources" button at the top of the Zoo's Online Resource

Library at: <http://resourcelibrary.clemetzoo.com> .

From the dropdown menu, select "Document." Attach your file and complete the form on the page.

Grades 6-8 2020 Summer Enrichment Passport

Every two weeks we will take you to a different location and keep you actively engaged in real world academics. When you compete each visit you will mark off that location on your passport with a code word. You will find the code word in one of the activities that you complete on your trips biweekly. We hope you enjoy your virtual visits around the state of Ohio. Bring your completed passport to class the week of August 17th so we can share what we've learned.

Learning Supports

Menu of Learning Opportunities for Special Kids #2

For the month of June, our theme is **practice, practice, practice!** Kids with special learning and behavior needs will benefit from lots of opportunities to practice using the academic and functional skills that they were developing in school throughout the year.

This week’s focus is on practicing **social-emotional skills**. Developing strong social-emotional skills helps kids to manage their emotions and behaviors in a positive way. Students with special learning and behavior needs often need to be taught these skills explicitly, and they need plenty of opportunities to practice these skills in a safe environment.

Refer to your child’s IEP or Behavior Intervention Plan to determine specific skills and strategies to focus on, based on your child’s individual needs.

Activities and Strategies for Kids with Special Social-Emotional Needs		
Low-Tech – materials found at home	Paper-Pencil	High-Tech – using online resources
<ul style="list-style-type: none"> • Use self-monitoring techniques (breathing, fidget toys) • Puzzles, card games, outdoor games, board games – all of these increase social skills • Parents - provide rewards when tasks are completed • Give choices; do you want to read or do chores first? • Give clear expectations • Take a walk • Alert children about transitions throughout the day when changing tasks • Adjust the environment to eliminate distractions 	<ul style="list-style-type: none"> • Create a daily schedule that includes preferred activities (playing) and nonpreferred activities (such as chores or academic practice) • Create a journal with goals to achieve as well as feelings. • Write compliments or kind words on note cards to share. • Drawing, coloring • Calming strategy menu board: http://www.zonesofregulation.com • Create schedule on how work will be accomplished 	<ul style="list-style-type: none"> • Online Yoga • Communicate with friends virtually • Send emails to teachers and classmates • Find pictures in Google Search and assign text to describe how it makes you feel calm. • Go noodle dance/recess breaks via YouTube • Read online fable and discuss moral connection to being kind and treating others fairly • https://talkingtreebooks.com/best-social-skills-resources/best-social-skills-videos.html • https://www.additudemag.com/slideshows/youtube-videos-for-kids/ • http://www.watchmelearn.com/skill-development/social-skills • https://www.sanfordharmony.org

Stay tuned for more enrichment activities for CMUSD's special learners – we will share more ideas throughout the summer!

Summer Enrichment for Students with Significant Cognitive Disabilities June 8 – 19, 2020: Communication, Motor and Life Skills

Throughout the summer the district will be providing you with recommendations for activities to complete at home to sharpen your child's skills and practice what they already know. **The activities below focus on things your child's Speech-Language Pathologist, Occupational, or Physical Therapist might work on.**

Looking at your child's IEP, identify skills that you would like to work on with him/her. Please use the choice board below as a guide for suggested activities for your child to complete. Most activities will need some level of support or prompting, but students may be familiar with recommended websites due to daily classroom use. Try decreasing supports to increase independence as the summer progresses.

CMSD Low Incidence Teachers and related service providers will continue to provide videotaped lessons on WUAB every Friday through the summer months! Replays can be found on the Cleveland Metropolitan School District YouTube page.

Communication	Fine Motor	Gross Motor	Life Skills	Daily Academic Routines
<p>Speaking/Listening: Be a Superhero! Talk through what a superhero would look like identifying body parts, what a costume would look like, positions (up, down, etc.) they would go in, movements they would make (jump, flip, kick, etc.)</p>	<p>Arches of the Hand: There are 3 arches of the hand. These allow your hand to flatten, cup, and adjust to the shape/size of items. Activities to help strengthen this include building with blocks/Legos, PlayDough play, or crumpling paper into balls and throwing them at a target or bin.</p>	<p>Balance and Coordination: Create a balance beam using rope, chalk, or tape on the floor. Modeling walking on the beam correctly. You can also practice balancing on 1 foot, using supports by holding onto something and increasing time without the support.</p>	<p>Household Chores: Create a chores chart that includes assigned household activities your child needs to complete daily. Use pictures or a written check list for them to mark chores finished before moving onto the next chore.</p>	<p>Reading: Visit www.storylineonline.net or www.kidlit.tv for story and book read alouds. Answer the "5 W's" about what you read: who, what, when, where, why and how!</p>
<p>Speech Production/Sound Development Sing songs and nursery rhymes with your child. This helps with the prosody; the tone, timing, and rhythm of speech.</p>	<p>Bilateral Hand Use: This refers to using both hands together. To practice this do things like hold paper with one hand and cut with the other; OR tear pictures out of a magazine to make a collage around a certain theme.</p>	<p>Movement and Mindfulness: Sign up for a FREE account at www.gonoodle.com Each day, select a different education video that will both get you moving and help you learn</p>	<p>My Information/Life Skills: Practice writing/copying/tracing your first and last name, phone number, and address.</p>	<p>Mathematics: Get creative measuring things around the house and in your community.
