# Customer Assistance Resources

## CLEVELAND PUBLIC UTILITIES

The City of Cleveland Department of Public Utilities (DPU) is committed to providing our customers with reliable and affordable utility services. The three divisions of DPU – Cleveland Water, Water Pollution Control, and Cleveland Public Power – work hard to keep water and energy services affordable for all our customers. We know that's not always enough, though. That's why we offer customer assistance programs to help with the cost of bills and other utility-related expenses.

### WATER & SEWER ASSISTANCE PROGRAMS

Eligible customers can apply for one of the two following assistance programs that offer a discounted Cleveland Water and/or Water Pollution Control bill.

#### Homestead Discount Program

The Homestead Discount Program offers lower water and sewer rates for eligible Cleveland Water and Water Pollution Control customers. To qualify, customers must meet the following criteria:

- Be 65 years of age or older, or totally and permanently disabled;
- Own and live at the service address; and
- Meet income guidelines.

To enroll in the Homestead Discount Program, customers must complete and submit an application. Once enrolled, the program eligibility period is good for 3 years, after which a renewal application is required. Discounted rates apply to both Cleveland Water and Water Pollution Control rates.

For more information or to receive an application, call **216.664.3130** or visit [clevelandwater.com/discount-programs](http://clevelandwater.com/discount-programs)

#### Water Affordability Program

The Water Affordability Program, administered by CHN Housing Partners, offers a 40% discount on water bill charges to Cleveland Water customers who meet income guidelines.

Upon qualifying, a monthly discount is applied to water and sewer bills for one full year. Re-verification of income is required each year to maintain eligibility.

For more information or to apply, visit [chnhousingpartners.org/utilityassistance](http://chnhousingpartners.org/utilityassistance) or call **216.774.2349**.

#### Low-Income Household Water Assistance (LIHWAP)

LIHWAP is a temporary program available to help low-income families experiencing hardship with water and sewer bills, particularly those who have been disconnected or are facing disconnection.

Customers with a household income at or below 175% of the federal poverty guidelines are eligible to receive a one-time benefit of up to \$750 for water bills and \$750 for sewer bills.

Customers can apply via CHN Housing Partners or Step Forward by calling **216.350.8008** to make an appointment or schedule an appointment online at [chn.itfrontdesk.com](http://chn.itfrontdesk.com) or [stepforward.itfrontdesk.com](http://stepforward.itfrontdesk.com)

## ENERGY ASSISTANCE PROGRAMS

The following energy assistance programs are available to qualifying CPP customers via CHN Housing Partners or Step Forward. For more information or to apply, call **216.350.8008** or visit [chnhousingpartners.org/utilityassistance/](http://chnhousingpartners.org/utilityassistance/) or [stepforwardtoday.org/energy-assistance-programs](http://stepforwardtoday.org/energy-assistance-programs).

### Home Energy Assistance Program (HEAP)

The HEAP Program provides a one-time benefit to income eligible households to help with home energy bills. It is applied as a direct credit to your CPP account. The amount of this benefit varies and is dependent upon federal funding levels, how many people live with you, and total household income. HEAP offers assistance twice a year as outlined below. Eligibility for one program does not guarantee benefits from both programs.

### Winter Crisis Assistance

The Winter Crisis Program runs from November 1st through March 31st each year. Eligible households in emergency situations may qualify to receive up to \$175 per heating season in payment assistance to households who are at or below 175% of the Federal Poverty Guidelines. This is a one-time benefit to help customers who have been disconnected or are facing disconnection maintain, restore, transfer, or initiate their energy utility services.

### Summer Crisis Assistance

The Summer Crisis Program helps eligible customers with payment of an electric bill or the purchase of a fan or air conditioning unit. Program benefits are available once per cooling season to households who are at or below 175% of the Federal Poverty Guidelines, have a household member age 60 or older, and/or a household member with a documented medical condition requiring air conditioning. The program duration is typically from July 1 through August 31.

## HOME REPAIR PROGRAMS

Cleveland Water, Water Pollution Control, and CPP offer home repair and weatherization services via CHN Housing Partners' Home Energy Efficiency Services Program.

Services are available to renters and homeowners to help with water conservation, plumbing repair, water heater repair or replacement, insulation, heating system repair or replacement, appliance replacement, and more. All improvements are provided based on income qualifications and a home energy inspection.

For more information or to apply, call **216.325.1149** or visit [chnhousingpartners.org/energyservices](http://chnhousingpartners.org/energyservices)
