In pursuit of a more fair, just and good system of education, CMSD wants each of its learners – both scholars and their educators – to be individually and collectively presented with academically and intellectually complex tasks that are worthy of their productive struggle, and that enable them to demonstrate their learning and their work in joyful and adventurous environments.
To CMSD Families, Friends and Supporters:

I am pleased to share the Cleveland Metropolitan School District’s Academic Calendar, a publication mailed across the city to keep stakeholders informed of CMSD’s activities and progress. While it’s hard to imagine that CMSD or any school district can boast of progress after a year in which a pandemic disrupted lives and dismantled systems, I can say with optimism that the 2021-22 school year will be the best year ever for CMSD and the children and families we serve.

In a post-pandemic world, many school districts will approach the start of the 2021-22 school year determined to “get back to normal.” Unlike those districts, CMSD has no intention of ever returning to the way it was when a pandemic sent children and families home for a year, and in so doing, exposed glaring inequities that perpetuated an unfair playing ground for too many children in America, particularly children in urban communities.

In the same way that CMSD’s extraordinary Summer Learning Experience was like no other in our district’s history, the 2021-22 school year will be similarly grounded in a vision for learning and teaching that will ensure a more fair, just and good school system for every child in Cleveland.

It is our hope that the colorful pages of this year’s Academic Calendar will serve as a daily reminder of what our scholars and families can and should expect this school year in classrooms and experiences that are fun, adventurous and successful for all.

CMSD’s bold vision for every child would not be possible without the support of the people of Cleveland who have long recognized education as the most vital component in the future of our city and its regional workforce. That citywide commitment has enabled every CMSD graduate who lives in the District and attends a CMSD school for their entire high school career to leave CMSD with a full tuition scholarship to a college or trade school after graduation.

For these and many reasons, families are choosing CMSD for their child’s education, and I am grateful for your continued faith in our school district as the right choice for your child.

Most of all, I am grateful for the opportunity to partner with you this year in realizing our bold vision for the future of Cleveland’s public schools. Working together to realize our vision, CMSD will emerge not only as a far better school system, but one worthy of recognition as one of the top urban school districts in the nation.

Welcome back!

Sincerely,

Eric S. Gordon
Chief Executive Officer

At the heart of CMSD’s continued success is The Cleveland Plan – a blueprint for education reform that, since 2010, has garnered state and national recognition for its bold approach to school reform and continues to bring families back to CMSD.

Under The Cleveland Plan:

• Joyful, adventurous learning is evident in CMSD schools across the city, as families choose from an expanding portfolio of quality school programs in every neighborhood.
• More of CMSD’s youngest learners are attending preschool before Kindergarten, with a 71.6% increase in high-quality preschools across the city.
• Our K-3 Literacy rates put CMSD in the top 15% statewide for literacy improvement.
• CMSD increased its graduation rate 27.9 percentage points.
• The graduation rates of our African American and Hispanic students continue to outpace their peers statewide, with CMSD’s African American students performing 5.9% higher and Hispanic students 5.4% higher than the State Average.
• CMSD students are leaving high school better prepared for college and other postsecondary training than ever before, with Say Yes Cleveland scholarships available to every four-year graduate of CMSD high schools.
• Say Yes Cleveland provides:
  – a full tuition scholarship to every 4-year CMSD graduate who lives in the Cleveland Metropolitan School District and graduates from a CMSD high school.
  – comprehensive resources, including mentoring and family support services to remove barriers to student success.

**SUPPORT SERVICES/ SCHOLARSHIPS**
FREE college and trade school tuition scholarships for four-year CMSD grad! Go to SayYesCleveland.org to learn more.
Stay Connected Through Naviance Student

CMSD schools use a web-based software known as Naviance Student to help you and your child navigate high school courses, colleges and career plans. School counselors, principals, teachers and other staff will provide you with up-to-date information specific to your child’s school.

Naviance Student allows you and your child to get involved in the planning and advising process, research college and career options and prepare for the future. It is an electronic portfolio to create and design for the individual during employer interviews, meetings with counselors and consideration for college applications!

Naviance Student enables us to share information with you about upcoming meetings, events and local scholarship opportunities.

At the beginning of the school year, we will provide information on how to log in and use Naviance Student to keep you connected to CMSD.

Parent Leadership Organizations

The Cleveland Metropolitan School District is committed to strong parent/school partnerships and the development and training of parent leaders through parent organizations in our schools. Schools have the autonomy to determine which kind of organization meets the needs of its parents to support academic learning and create a positive school culture. Schools can choose to have an (SPO) School Parent Organization or (PAC) Parent Advisory Committee, which give voice to parent concerns, ideas and engagement in authentic and meaningful ways.

Multilingual Multicultural Education Office

Multilingual Welcome Center
3145 West 46th Street, Cleveland, OH 44102
216.838.0140 or 216.838.6972
ClevelandMetroSchools.org/Multilingual

CMSD offers equal educational opportunities, ensures that instructional staff is qualified and culturally competent and promotes cultural diversity in support of all scholars whose English is not their first language. The Multilingual Multicultural Education Office expects our English Learners (ELs) to successfully achieve academically and attain language proficiency. CMSD is committed to building District capacity to provide proper education to English Learners and provide language assistance to parents who are English Learners with respect to school programs, activities, registration and school choice opportunities.

CMSD’s Multilingual Multicultural Office oversees the implementation of world languages Districtwide. Our mission is to promote bilingualism, biliteracy and cultural competencies by offering a wide range of language learning opportunities to prepare K-12 students to succeed in today’s diverse world. We believe that students who learn another language reach higher academic performance, display greater cognitive benefits and develop a more positive attitude toward the target language and the speakers of that language. Through the teaching and learning of world languages, our scholars become empowered and able to make real world connections as global citizens.

Volunteering Makes a Difference!

People who volunteer in the Cleveland Metropolitan School District make a big impact on our children, our schools and our city. To become a CMSD volunteer, contact the Office of Family and Community Engagement at 216.838.0337 and start making a difference today.

ClevelandMetroSchools.org/FACE

CMSD Parent University College Bus Tours

In Partnership with College Now of Greater Cleveland
See the future now...explore the college experience with your child.

Parent University College Bus Tours are an opportunity for families to experience college with their children. This opportunity allows families to make college or postsecondary education a reality. During the visits, families meet with admission representatives, take a walking tour of the campus and speak with current students.

These trips allow families an opportunity to understand their role in their child’s postsecondary education, FAFSA, college admission and the supports available to help them to succeed and graduate.

Parent attendance is required for student participation. CMSD parents and students, grades 8-12 only.

Tours are scheduled in the fall and spring.

ClevelandMetroSchools.org/FACE
216.838.FACE
**Project ACT: Support for Homeless Students**

CMSD’s Project ACT ensures that homeless students have access to the same free education that residential students receive within the District.

Barriers that may prevent homeless students from enrolling in and attending school are eliminated through the work of Project ACT, which partners with District departments and community resources.

**Project ACT facilitators:**
- work to ensure each child’s success and ongoing participation in the educational system.
- work to meet the physical, social and emotional needs of each homeless child.
- empower parents to support their children’s educational endeavors.

[ClevelandMetroSchools.org/ProjectACT](http://ClevelandMetroSchools.org/ProjectACT)

**CMSD Safe Schools Hotline**

Access 24 hours a day, 7 days a week: 216.838.SAFE

- Report anything you see or hear that concerns you about the safety of CMSD students.
- Provide vital and/or urgent information that will assist us in keeping our schools safe for students and staff.

**Anonymous Alerts app**

Students, parents and staff may report a safety concern online or on a smartphone. Download the app on a smartphone or visit:

[AnonymousAlerts.com/ClevelandMetroSD](http://AnonymousAlerts.com/ClevelandMetroSD)

- The system allows for 1-way or 2-way anonymous encrypted communications between submitters and District staff.
- Submitters may attach a screenshot, photo or video to the report.

**Humanware Provides Professional Learning Opportunities**

Humanware is an important part of CMSD’s strategic plan to address conditions for learning so that all students are academically and socially equipped to succeed. This means providing a safe, well-managed, respectful and supportive learning environment. Humanware aims to provide opportunities for social and emotional learning, a process where children and adults gain skills related to five core competencies: self-awareness, self-management, social awareness, relationship building and responsible decision making.

Humanware strategies are designed to improve school climates:
- Provide positive behavioral support.
- Provide guidance through Planning Centers that teach problem-solving strategies.
- Promote anti-bullying and conflict mediation initiatives.
- Foster community service partnerships.
- Improve collaboration between schools and agencies.
- Further develop Student Support Teams: collaborative problem-solving groups that include administrators, teachers and student-support personnel.
- Promote PATHS, Second Step and Student Advisory Committees.
- Provide a coordinated sequence for developing social and emotional competencies according to the Social and Emotional Learning guidelines of the District.

[ClevelandMetroSchools.org/Humanware](http://ClevelandMetroSchools.org/Humanware)

**What Happens When a Student Misses School?**

When students miss school frequently, it’s difficult for them to catch up. As early as kindergarten, excessive absences can cause children to fall behind.

Data shows that missing 10 or more days of school will:
- reduce reading scores by 12 percent.
- reduce math scores by 15 percent.
- reduce a student’s chances of remaining on track to graduation by 34 percent.

Attending class every day improves a student’s chances for success and makes Cleveland a better place. Join us in our call for ALL STUDENTS to get to school this year.

Visit Get2SchoolCleveland.com to learn more.

**Early Childhood Education & Literacy Office**

The Office of Early Childhood and Literacy strives to support schools with providing an enriching, child-centered, developmentally appropriate experience in all of our preschool classrooms. Our team supports school staff, families and children in the areas of curriculum, assessment, preschool operations, school readiness and Ohio’s Third Grade Reading Guarantee.

Sports and Extracurricular Activities Enhance the School Experience

Participation in interscholastic and extracurricular activities has a direct, positive impact on a student's academic performance, attendance and personal and social development.

CMSD students in grades 1-12 have access to a host of clubs, competitive sports and extracurricular field trips to meet the diverse interests of every child.

Explore your school's athletic and student activity offerings to maximize your child's academic experience.
