

May Staff of the Month

Mrs. Hawkins

In my role, I actively support students by helping them ensuring they have the resources needed to thrive academically and socially. I recognize how language barriers can limit a student's ability to fully participate in their education, and I work closely with families, teachers, and school administrators to advocate for these essential services. From initiating conversations to navigating the formal request process, I guide and empower families to speak up for their children's needs. By being a bilingual aide, I aim to create a more inclusive and supportive learning environment where every student feels seen, heard, and capable of success. I personally speak Spanish but, I help ALL students whose first language is not English.
