

Join Dancing Wheels in our “DW Experience,” a one-week program for dancers ages 15 and up. This program fosters technical growth and artistic development in physically integrated dance, and promotes a supportive community of individuals with and without disabilities. Dancing Wheels Company members will conduct classes and activities for participants to enjoy throughout the week. The DW Experience allows everyone to challenge themselves in both body and mind, explore the expression of their individuality, and work at their own level. A culminating in-studio showcase performance for participants’ friends and family will take place at 2:00-3:00pm on Friday, July 15, 2022.

All participants are invited to perform in The School of Dancing Wheels Performance Ensemble for the 2022-2023 season.
