Cleveland High School for Digital Arts, scholars participating in the Title I, Part A program, and their families, agree that this compact outline how the family, the entire school staff and the scholar will share the responsibility for improved scholar academic achievement as well as describe how the school and families will build and develop a partnership that will help scholars achieve the state's high standards.

School Motto:

School Mission:

To engage, prepare, and challenge students through the digital arts. CHSDA will graduate a community of learners capable of succeeding in post-secondary options and/or the global workforce.

School Goals:

(Aligned to the Academic Achievement Plan)

It is important that CHSDA re-roots itself in critical thinking and problem solving and creativity and innovation. Exhibited through our pre-pandemic OST data, we were growing in both buckets with sustainable changes each year. To ensure that we get back on track where we left off to meet our OST goals that were originally set for 2022, we will build off of the work we have already done in both buckets. We will redevelop common language and practices and to reestablish the CHSDA experience. Our creative and innovative PBLs and summative assessments will help us outline our problem-solving strategies and to promote critical thinking. These goals will be communicated annually at the Back-to-School Meet and Greet event and Fall Open House gathering. Families are also able to access our request for such information during the school district scheduled PTC, the Family Resource Center and/or Parent Page of the website.
