

Family School Compact School Year 2024-2025

Rhodes College and Career Academy scholars participating in the Title I, Part A program, and their families, agree that this compact outline how the family, the entire school staff and the scholar will share the responsibility for improved scholar academic achievement as well as describe how the school and families will build and develop a partnership that will help scholars achieve the state's high standards.

Where kids come first, we are a team that believes in competency and mastery-based learning, and we embrace a culture of feedback and growth mindset and do whatever it takes!

School Goals

The Rhodes College and Career Academy will represent the skillsets our scholars will have mastered by graduation. The pillars are made up of elements (group of skills) and strands (individual skills) which prepare scholars to pursue any post-secondary pathway they choose, and inevitably, to change the world! RCCA will provide high-quality curriculum and instruction and do so in a supportive and effective learning environment that includes providing respect for students and expression of inquiry and concerns.

- Scholars are free to ask questions and make mistakes.
- Parent Teacher Conferences will be held three (3) times a school year per the Districts' guidelines.
- Scholars and caregivers will receive on going social and emotional supports as they become acclimated to the virtual learning space.
- Scholars and caregivers will receive on going updates on academic progress via homework assignments quizzes, book reports, interim progress reports, school website, and teacher feedback]’s AAP goals are measured via Performance Index, College Readiness, and SEL.

These goals will be communicated annually at the Back-to-School Meet & Greet event and Fall Open House gathering. Families are also able to access our request such information during the school district scheduled parent teacher conferences, the Family Resource Center/Room and/or Parent Page of the website.
