## East Regional Meeting: By the Numbers (cont.)

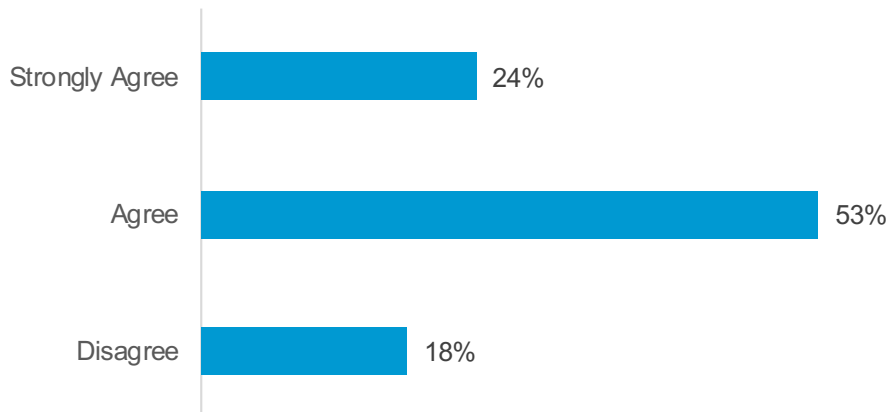

3. I understand why the District has chosen to make certain recommendations that affect my region.

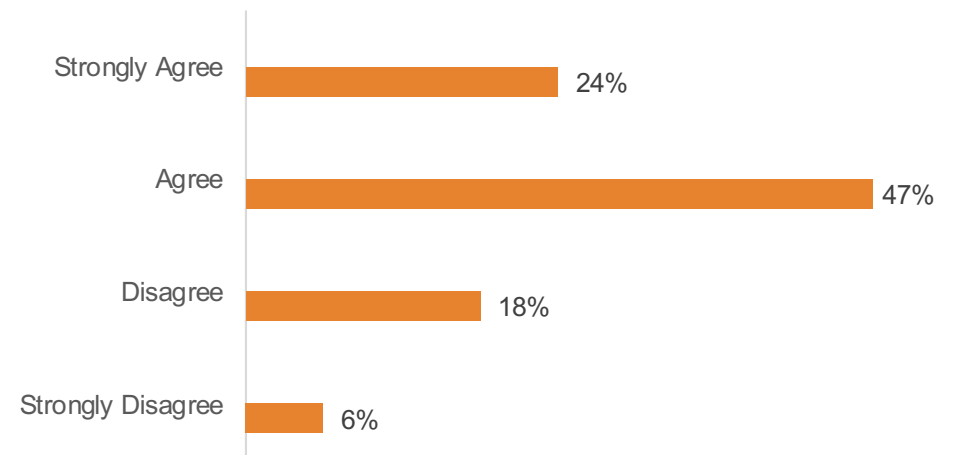

4. I understand why the District has chosen to NOT make certain recommendations that affect my region (that I may have been expecting).

5. I understand the difference between school program actions and building actions within the types of recommendations.

6. I understand the timing associated with recommendations that affect my region.

# East Regional Meeting: Illustrative Input

## Recommendations being made by the District

- Concern that Fairfax area is being overlooked
  - “Fairfax neighborhood undergoing investments; need school to help attract new residents... Consider the impact of your decisions on neighborhoods.”
  - “You should rethink closing Bolton. We can’t wait 5 years to see what’s going to happen.”
  - “Moving Bolton... out of its present location will deter people from moving into the Fairfax neighborhood.”
  - “Taking kids out of their neighborhood... disinvesting in area (Fairfax)”

## Recommendations NOT being made by the District

- Potential of other options for schools
  - “Why can’t you sell the Margaret Ireland school and take that money and build a new Bolton?”
  - “Use Buckeye-Woodland as a back-up in the Fairfax area”
  - “Why not seek partnership with Fairfax Renaissance Dev. Corp. & CCF/UH & Case?”
  - *“What is going to happen with low-performing schools in the Central neighborhood?”*

## Implementation of Recommendations

- Capacity of schools expected to receive students
  - “Bolton kids will not fit at Sunbeam. Harvey Rice is at capacity.”
  - *“Is Sunbeam full?”*
  - *“Keep schools open – so there will not be overcrowding.”*
- Need for strong communication/supports to students, parents, staff
  - *“Make sure parents of Cleveland students are more aware of changes being made with our schools.”*
  - “I think that all children should be considered. Bolton has a large SPED population...can they fit in the new school?”

## Timing of Recommendations

- Need to plan now for potential growth
  - “Need to purchase land in Fairfax now. Be proactive, financially and culturally.”
  - “One person made a great point in that there may not be land to build a school when CMSD decides it’s time to build.”
  - “An elementary school will be needed. 50 new family houses are being built.”
- Mixed feedback on timing
  - *“No” (not realistic)*
  - *“Thank you for waiting a year to implement.”*

Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <ul style="list-style-type: none"> <li>- Where will our <del>students</del> attend for the school year 2021-2022? How will students get to school if they reside more than 2 miles?</li> <li>- Can we keep our current students + teachers (staff) together in the same building?</li> </ul>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <ul style="list-style-type: none"> <li>- We/Iowa maple school staff work <u>extremely</u> well together. Our staff and students would like to remain together - if possible.</li> <li>- How will staffing changes be made? Will we have to "reinterview" again for the same position? Will staffing be based on seniority?</li> </ul>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>Again, we at Iowa maple school have worked very well together as a "team/family". How will implementation affect Preschool Special Education program?</p> <ul style="list-style-type: none"> <li>* Parents may <u>decide</u> not to send their students to Iowa maple school (next year) because it is now closing, causing even lower attendance rate.</li> </ul>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>Families are already re-considering whether or not they will send their child/children to Iowa maple - if it is closing.</p> <ul style="list-style-type: none"> <li>* most of our families and parents have expressed how they feel our staff is... like family, really caring teachers, like extended family, like a sense of community.</li> </ul>

- 1) Who is the YOU in "what YOU told us"?
- 2) Why are the comments the same in "what YOU told us" for Iowa Maple, Michael R. White, & Case?
- 3) Iowa Maple is closing could, it be merged w/ another school (ie. Michael R. White)?

Why are F schools  
being combined with  
F & D schools?

Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>How will staffing change at Mound, Broadway and Fullerton to absorb students to keep student ratios manageable?</p> <p>Transportation; will increased costs be sustainable?</p> <p>What happens to staff at closing schools?</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Schools are being selected based off of Ohio Report card letter grade, however what is the emphasis on growth versus test scores. I am concerned about the bias in the report card so I think determining school success solely on letter grade is not enough.</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>Modernization is nice but what would it look like if funding was reallocated to provide more support w/in failing schools vs building new.</p>

Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Trying to bring the schools that are rated as F, <del>how</del> have that been considered as an option to bring them up to higher grade rating? Schools to implement Trade / Home Economics that everyone is going or want to go to college.</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>Children that will have to go to schools out of their home area, having to get up so early especially in the winter when its dark to get the bus. Safety of the children is a concern to me</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>I don't see the timing as realistic because I watched Sunbeam, and things prevented it from opening as planned. Have you considered things that might or could happen that is not necessarily planned?</p>
