Southwest Regional Meeting: Illustrative Input

Recommendations being made by the District

- Concerns about Valley View consolidation (enrollment loss, change in school atmosphere, etc.)
 - “Moving Valley View is not a viable option for our west side families. We don't want to bus our boys across town.”
 - “I fear this wonderful community will be demolished when consolidation happens. Many of our families say they will move kids out of district.”
 - “Children will not receive the same family structure, understanding, and motivation...”
 - “Valley View is a family and that's why it works.”

Recommendations NOT being made by the District

- Possibility of renovating/rebuilding Valley View
 - “Please consider a new building for Valley View and leaving it in the same location.”
 - “I feel that you should do renovations and keep the school (VVBLA) open.”
- Possibility of co-locating with Douglas MacArthur on one campus
 - “Can MacArthur & Valley View be built on a dual campus still located on the upper west side?”
 - “Our parents would love to have us combine with MacArthur and have 2 separate academies”

Implementation of Recommendations

- Need to maintain strong community, culture, staff
 - “What will happen to our (VVBLA) teachers and principal?”
 - “We value the intimacy of our school (VVBLA) and believe this is a key factor of the improvements”
 - “How will CMSD staff be affected? Impact on family and community connections?”
- Questions over future of facility
 - “Abandoned building in Valley View – disrepair? The neighborhood disintegrates”
 - “If they close it (VVBLA), what will it become? Empty building? Charter school?”
- Plans for new location
 - “Any single gender or singular school of its model needs to be central in order to accommodate families.”
 - “Where would the boys' leadership academy be located?”

Timing of Recommendations

- Mixed thoughts on timing
 - “No, not at all. These are not well thought out plans.”
 - *“I don't feel like enough data was collected for this decision and the timeline is unrealistic.”*
 - “The timing isn't realistic because we as parents will be told what facility our child will go to once the school relocates and we will be told when this will happen.”
 - *“It seems realistic to take next school year to plan.”*
 - *“Timing is realistic. Maybe be prepared for some families to move in FY20 vs. FY21”*

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>What is the cost differential in rebuilding vs upgrading? * Is it possible to rebuild both and keep the East & West an option for Neighborhoods</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Who decided decides which schools are actually rebuilt and have the greatest need?</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>What will happen to our teachers and principal?</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p>

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>THE COST OF ALL THESE CHANGES. WILL THIS CALL FOR A NEW SCHOOL LEVY?</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>THERE IS NO GUARANTEE THAT THE PERFORMANCE OF THESE SCHOOLS WILL IMPROVE IMPROVE. HOW WILL THE POPULATION OF CLEVELAND, AFFECT THE VIABILITY OF THESE SCHOOLS?</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>STUDENTS GOING TO NEW SCHOOLS DOES NOT MEAN BETTER PERFORMANCE. WHEN COMBINING SCHOOLS AND THE DISTANCE STUDENTS HAVE TO TRAVEL TO THE NEW SCHOOL, THE WILL HAVE VIABILITY ENROLLMENT.</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>DO NOT HAVE ENOUGH INFORMATION TO COMMENT ON THIS.</p>

7. In the space provided, please share your questions or ideas with the District on the following:

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>I believe that Moving VVBLA will only push families to send their children to other schools. Families will not send their kids to another area that is condensed.</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>West Park is a competitive school area w/ lots of Charter/Private schools. I am concerned there may be a drop in CMSD enrollment specifically in West Park, an area that is welcoming new families.</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>I think you need to consider more options in the West side. Enrollment is going over there. Plus families from the east side come west.</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>I do agree w/ the timing.</p>

7. In the space provided, please share your questions or ideas with the District on the following:

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Dont want our son to bus or go to the east side for school its to far from home.</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>If our school is not going down on report card, dont understand why we should be closing</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>what worries us is changing all the kids and putting them where they are are NOT comfortable</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>No I dont we are not going down in report card we are going up so dont honestly understand why we should move our son.</p>

7. In the space provided, please share your questions or ideas with the District on the following:

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>I understand but do not agree with the closings. Why close <u>any</u> far west side school? No wonder the charter schools and private schools are thriving.</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>Only 6 K-8 schools on the far west side. You give very little alternative to the voucher or private school. You are letting the far west side down.</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>Realistic? - Ha - prelude to the "renewal" of the last school levy.</p>

7. In the space provided, please share your questions or ideas with the District on the following:

Topic area	Questions / Ideas / Suggestions
Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>As a parent of a child who attends VVBLA, I do not agree that VVBLA program program is NOT set up to be viable. I believe that the function of the building is useless to provide support so the program can be viable.</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>The district is recommending a merge of VVBLA and KCBLA to my understanding in order to rebuild both schools, however the district has not offered an alternative solution or choice for families as to whether VVBLA can be relocated and not merged. I would like to have choices as a parent as to what location or whether I want the schools to be merged.</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>I would like the district to consider how important program viability is. Our youth, especially young men need access to programs that are not only physically engaging but programs that can engage the students. For example a lot of the boys over @ VVBLA enjoy Minecraft. This game can be used to build skills for engineering in the minds of these young men.</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>The timing isn't realistic because we as parents will be told what facility our child will go to once the entire school relocates and we will be told when this will happen. Realistically, as a parent, I want my son to remain in the program and be in a more functional school but also be within traveling distance of my home.</p>

<p>Recommendations being made by the District</p> <p><i>Closing • Willow • Dune Maple • Michael R. White • Case</i></p>	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p><i>What worries me is how the district will facilitate the blending of students and school cultures when either closing or merging. Bridge building and team building activities in summer will be important. For Valleyview and K. Chant, will families accept a compromise for central location.</i></p>
<p>Recommendations NOT being made by the District</p>	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p><i>Very clear explanation by CEO Gordon. How do we make ^{sure} some families get this information that will affect affect them?</i></p>
<p>Implementation of Recommendations</p>	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p><i>Please listen to the teachers as well as parents regarding their concerns and needs</i></p>

Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>AT MICHAEL R. WHITE SCHOOL, there is AN ANNEX BUILDING on the property. IN THAT BUILDING IS the Large photo Archive in the FARTHEST BACK room. there Are 1,000's of photos going BACK to the 1930's/1940's there with a few even OLDER. PLEASE PLAN TO move this Archive TO the South Archives + records center. * See Below</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>SAME AS ABOVE, PLUS</p> <p>* IF we HAVE ONE BOYS LEADERSHIP ACADEMY, we should CONSIDER NAMING IT the (Dr. EUGENE T. V.) "SANDERS BOYS LEADERSHIP ACADEMY" SINCE the Single GENDER SCHOOL began under HIS LEADERSHIP.</p>

Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Why is moving the only option? Children will not receive the same family structure, understanding, motivation and understanding. That VVBI is a wonderful structure for boys at a great location with a great principal.</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>Expand the school. Make improvements</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>The school structure, family presence, love and understanding for the children, low enrollment which is great community</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>Other children will not gain the same experience as my son.</p>

<p>Recommendations being made by the District</p> <p>• why did you modernize Ireland (with 6 students) rather than a school with students?</p>	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <ul style="list-style-type: none"> • You cannot say that Campus International is an alternative option for Case families. It is a lottery school and cannot take any more families! • There needs to be a school in Brooklyn Center. If they have to go to Old Brooklyn or Clark Fulton they will have to cross either the bridge over I-71 or over the zoo. • Tremont must be central in order to be equitable.
<p>Recommendations NOT being made by the District</p> <p>Ben Franklin + Luis Muñoz Marin are in terrible shape. When do we address them?</p>	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <ul style="list-style-type: none"> • There needs to be some investment where Bolton is now. The nicest building in that neighborhood, especially for kids, is the detention center. They need to know that we are investing in their futures beyond imprisonment. • Split into K-5 and 6-8. More viability!
<p>Implementation of Recommendations</p>	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <ul style="list-style-type: none"> • If we left Kenneth Clement + Valley View in their areas in larger, modern buildings, they would likely fill up. Enrollment is not low because of the model, it's because of the building. • Any single gender or singular school of its model needs to be central in order to accommodate families. • Combining + centralizing schools means putting more 7th + 8th graders on buses by themselves.
<p>Timing of Recommendations</p>	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <ul style="list-style-type: none"> • When + how are we identifying new locations? • How does the plan line up with the next levy? • Why did we build new schools (W.R. Harper + West Side HS) with no existing students rather than apply that \$ and tend to these current schools? • What happens to the vacant buildings? How will they support the neighborhoods rather than leading to blight? (i.e. South High School)

Recommendations being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>No it's clear, but why can't VUBLA relocate to renovate the school. A central location WILL NOT WORK for us. We are not going to send our babies far East! Why haven't we gotten a new school yet?</p>
Recommendations NOT being made by the District	<p>Is anything still unclear? What worries you most? What would you like the Board of Education to know?</p> <p>I need them to know that their plan to combine the boys schools will not work. It's going to cause the same problems that the boys schools are already having - low enrollment. No one wants to send their children across town for school. - NO!</p>
Implementation of Recommendations	<p>What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most?</p> <p>My main worry is that VUBLA will close permanently. I feel that you should do renovations and KEEP THE SCHOOL OPEN. This school should have been re-done, and now that money has run out we have have to close. It's not fair.</p>
Timing of Recommendations	<p>Do you feel that the timing offered is realistic? What worries you most?</p> <p>No I don't! The time line is not realistic and the info given today was very incorrect. NO I get up and take my son to school - VUBLA EVERY DAY because they care, they make a difference, they don't care about numbers they care about the kids!</p>

What would you like the Board of Education to know?</p> <ul style="list-style-type: none"> I work at both VVBCT and DMGLT. Many families have sons and daughters attending both schools. Relocating VVBCT will likely impact DMGLT enrollment as families may choose to enroll sons + daughters at a single school instead of transporting them to two highly separated locations. Has a shared campus for VVBCT + DMGLT been considered? (maybe rebuilding DMGLT next to current building and moving VVBCT to the current DMGLT.) Recommendations being made by the District	Is anything still unclear? What worries you most? What would you like the Board of Education to know? Moving Valley View is not a viable option for our west side families. We <u>don't</u> want to bus our boys across town to the other sides . The staff and principal at Valley View has made a world of difference in raising our boys in Cleveland.
Recommendations NOT being made by the District	Is anything still unclear? What worries you most? What would you like the Board of Education to know? A campus containing Valley View Boys Leadership Academy AND Douglas MacArthur Girls Leadership Academy would be a viable option for our Westpark community!
Implementation of Recommendations	What would you like the District to know as we start planning for implementation? What has worked well or not so well in the past? What worries you most? Busing two schools to one central location is not conducive to a positive school experience. Valley View is a big part of our Westpark community.
Timing of Recommendations	Do you feel that the timing offered is realistic? What worries you most? My biggest concern is losing a GREAT School that not only focuses on academics but behavior and teaching our boys how to be positive leaders and positive role models for our community.
