Dear Students & Families:

CMSD offers instruction through the programs Exact Path and Study Island. Exact Path includes K-12 assessment-driven math, reading, and language arts instruction; and Study Island provides instruction and assessments in math, reading, English Language arts, science, and social studies. The videos below are designed to assist with navigating both Exact Path and Study Island while working from home. Each video is approximately 10-15 minutes in length.

Please note that students access Exact Path through the CMSD Clever student portal using the login credentials they have been using all school year. The CMSD portal can be reached from this link:  
https://www.clevelandmetroschools.org/Page/15212

As you will see, each video is specific to the grade range listed in the title.

Exact Path & Study Island at Home: Grades K-2nd
Exact Path & Study Island at Home: Grades 3rd-5th
Exact Path & Study Island at Home: Grades 6th-12th

Thank you,

Dear Parents/Guardians,

In the work packet, you will find assignments for the below subjects. Most often there will be more than one assignment for a subject area. After your child completes the assignment(s) in each area, he/she should place a check in the box. This checklist will help your child monitor his/her completion of tasks, as well as promote responsibility. --Thank you!

Dear Parents/Guardians,

Every day, your child will respond to a writing prompt from the April Writing Prompts Calendar. This calendar is included in the work packet.

With your support, your child will complete the following tasks:

1. Locate the date on the calendar.
2. Read and discuss the prompt with you.
3. Write 3-4 sentences responding to the prompt.
4. Read and reread his/her work to check if it makes sense, and for correct capitalization and punctuation.
5. Your child may draw and color a picture if he/she chooses.

Organizing Written Responses

**Notebook:** Your child can use a notebook that was used in school to write his/her responses. Each response should be written on a separate page with the date written at the top.

**OR**

**Notebook paper/Folder:** Each response should be written on a separate paper with your child’s name and date written at the top. Keep all papers in one folder.

Thank you
Directions for all Word Sorts in the Packet:
With your guidance/support, your child should follow these steps:
1. Read all the words listed on the paper.
2. Cut & glue the categories at the top on a construction paper.
3. Cut out words.
4. Read each word again, then sort it under the correct category.
5. Read all words in the category and check if they belong in that category.
6. Glue words in place.
7. Have fun!

Directions for how to use Decodable Texts:
1. With your child, read the Instructional Focus of the lesson at the top of the paper.
2. Your child highlights or circles the word patterns in the text.
3. Your child reads those words in isolation.
4. Your child reads the text 2 times.

Every day, your child should reread the decodable text that was assigned the day before, Then, he/she should begin the new decodable text. On days that do not include a new decodable text, your child should reread the text from the day before and self-select a second text to reread.

Thank you

Did you ever have new students in your class? New students need to learn everyone's name. They need to know where things are in the classroom too.

You can help by drawing a map of the classroom. Use a pencil and a large piece of white paper. Draw a square or rectangle.

Mark the places a new student may need to find. Draw a desk to show where your teacher sits. Show where the reading center is. Show where the science center is. Draw an X to show the door.

Now your new friends will have a map of their classroom.

Gr 1 week 2 Day 4 Homemade Strummies

What you will need:

• Any size box (small is best for smaller hands!)
• A variety of rubber bands
• Markers/crayons to decorate

The children added rubber bands around the boxes to create the strings for the strummies. The children discovered that the smaller the rubber bands, the better the sound so they sorted through all sizes of rubber bands to find the smallest ones available.

Exploring Sound and Vibration

To play a strummy, you simply pluck or strum your finger across the strings. Before heading off to make our strummies, the children explored a set of strummies I had already made and we talked together about the different sounds the strummy makes when you strum versus pluck the strings of the strummies.
