Dear Students & Families:

CMSD offers instruction through the programs Exact Path and Study Island. Exact Path includes K-12 assessment-driven math, reading, and language arts instruction; and Study Island provides instruction and assessments in math, reading, English Language arts, science, and social studies. The videos below are designed to assist with navigating both Exact Path and Study Island while working from home. Each video is approximately 10-15 minutes in length.

Please note that students access Exact Path through the CMSD Clever student portal using the login credentials they have been using all school year. The CMSD portal can be reached from this link: https://www.clevelandmetroschools.org/Page/15212

As you will see, each video is specific to the grade range listed in the title.

- Exact Path & Study Island at Home: Grades K-2nd
- Exact Path & Study Island at Home: Grades 3rd-5th
- Exact Path & Study Island at Home: Grades 6th-12th

Thank you!
Dear Parents/Guardians,

In the work packet, you will find assignments for the below subjects. Most often there will be more than one assignment for a subject area. After your child completes the assignment(s) in each area, he/she should place a check in the box. This checklist will help your child monitor his/her completion of tasks, as well as promote responsibility. --Thank you!

Dear Parents/Guardians,

Every day, your child will respond to a writing prompt from the April Writing Prompts Calendar. This calendar is included in the work packet.

With your support, your child will complete the following tasks:

1. Locate the date on the calendar.
2. Read and discuss the prompt with you.
3. Write 3-4 sentences responding to the prompt in the Primary Composition Book.
4. Read and reread his/her work to check if it makes sense, and for correct capitalization and punctuation.
5. Your child may draw and color a picture if he/she chooses.

Thank you!

   - 7:30
   - a.m. [underline]
   - p.m. [circle]
Tell and Write Time with A.M. and P.M.

Write the time. Then circle noon or midnight.

1

Write the time. Then circle a.m. or p.m.

3 eat breakfast

4 finish homework

5 take the bus home
Have you ever swapped sandwiches with a friend at lunchtime? "Trade" is the name we give to any exchange of one thing for something else. Trading can take place between people, companies, and countries.

Trade involves services, money, and goods. Maybe you mowed your neighbor’s lawn, and she paid you. That was trading a service for money. Or maybe you traded your scooter for a friend’s video game. That was trading goods.

People and countries may trade because they have too much of one thing and need something else. For example, in some countries, people grow a lot of rice. They produce more than they need for themselves. That allows them to sell their rice to other countries. The buyers of the rice send money to the sellers. The sellers might use that money to buy goods or services.

Trade allows people to sell, buy, or exchange goods and services to get what they need.
Have you ever switched sandwiches with a friend at lunch? If you have, then you have traded. Trade, or exchange, is when you give something away to get something else.

People, companies, and countries can all trade things. They may trade goods. Goods are items that are bought, sold, or traded. Have you ever traded your scooter for a friend's video game? If so, you traded goods.

People, companies, and countries may trade services and money. A service is any work that someone does for someone else. Have your neighbors paid you to mow their lawn? If so, you traded a service for money.

People and countries may trade because they have too much of one thing and need something else. For example, in some countries, people grow a
lot of rice. They grow more rice than they need. So they can sell some rice to other countries. The countries buying the rice give money in exchange. That money can then be used to buy goods or services.

Trade lets people sell, buy, or exchange goods and services. By trading, people can get what they need.
What Is Trade? - Comprehension Questions

Name: ____________________________ Date: _______________

1. What is the name we give to any exchange of one thing for something else?
   A. service
   B. money
   C. trade

2. Trade can be an effect. What is a cause of trade?
   A. people growing rice and then eating it
   B. people making sandwiches and refusing to give them away at lunch
   C. people having too much of one thing and needing something else

3. Trade can take place between people.

What evidence from the text best supports this statement?
   A. "For example, in some countries, people grow a lot of rice. They produce more than they need for themselves."
   B. "Maybe you mowed your neighbor's lawn and she paid you. That was trading a service for money."
   C. "Trade involves services, money, and goods."

4. What is an example of trading goods for money?
   A. selling rice
   B. swapping sandwiches
   C. mowing your neighbor's lawn

5. Which sentence best states the main idea of the article?
   A. "Have you ever swapped sandwiches with a friend at lunchtime?"
   B. "Trade allows people to sell, buy, or exchange goods and services to get what they need."
   C. "For example, in some countries, people grow a lot of rice."
6. Read these sentences from the text.

"Have you ever swapped sandwiches with a friend at lunchtime? Trade is the name we give to any exchange of one thing for something else. Trading can take place between people, companies, and countries."

Why might the author have asked the question, "Have you ever swapped sandwiches with a friend at lunchtime?"

A. to prove to readers that trade can include the exchange of services  
B. to show readers that trade can take place between companies and countries  
C. to introduce readers to the idea of trade with an example

7. Choose the answer that best completes this sentence.

People trade _______ trading allows them to get what they need.

A. so  
B. because  
C. but

8. Trade can involve services and money. What else can it involve?

9. What is an example of trading goods? Support your answer with evidence from the article.

10. What is the difference between goods and services? Support your answer with evidence from the article.
1. What is a meaning of the word *goods*?
   A. things to buy and sell  
   B. personal difficulties  
   C. character traits

2. What is another meaning of the word *goods*?
   A. things that belong to someone  
   B. countries working together  
   C. business firms

Please use each answer choice only once. Choose the one word that best completes the sentence.

3. You can spend money to buy a _____ or service.
   A. good  
   B. goods

4. The exchange of _____ is called trade.
   A. good  
   B. goods

5. Please write your own sentence using the word *goods*.

6. What would you like to remember about the meaning of the word *goods* so that you can use it when you write or speak?
1. What is a meaning of the word **service**?
   A. many individuals as a group  
   B. a social unit living together  
   C. an act of help or assistance

2. What is another meaning of the word **service**?
   A. a religious ceremony  
   B. a message  
   C. the state of the atmosphere

Please use each answer choice only once. Choose the one word that best completes the sentence.

3. _____ animals are helpers, not pets.

DESIGN YOUR OWN DA VINCI

[Blank frame drawing]
Gr2W4D4 music

Music is a great creative outlet for kids — as well as an easy way to keep them occupied — but you don’t have to buy expensive instruments to encourage your little Mozart to make music. From kids’ instruments like paper plate tambourines to DIY instruments like musical spoons, learn and play with homemade instruments by using what you already have in your cupboards.

Paper plate tambourine

What you’ll need:

- 2 heavy-duty paper plates
- Hole punch
- String or yarn
- Jingle bells, beads—anything that can make noise
- Markers or crayons

What you’ll do:

1. Hold two paper plates face to face and punch holes around the perimeter of the plates about an inch and a half apart to string your yarn.
2. Take your length of yarn and weave it up through a hole, around the outside and back up the same hole again and tie a knot to secure the plates together. Then, string a jingle bell through your yarn and continue weaving your plate. Alternate your jingle bells or beads every other hole or more, depending on how many bells you have.
3. When you get back to the hole in which you started, tie off your yarn again and let your child decorate his DIY instrument to make it his own. Then, shake to play and your kid’s instrument is ready for the big show!
