

Clever

CMSD's Doorway to Online Learning Materials

The Clever learning portal that CMSD students have used at school is available for parents and caregivers to access or view their child's learning activities in a remote learning environment as we start the 2020-21 school year.

Every parent/caregiver needs to create an account in order to gain access to your child's online Learning Management System, to view your child's activities, check his/her progress and monitor their active engagement and participation in school during the remote learning period.

If you have not already done so, create your Clever account now!

To create your Clever account, please follow these steps:

Step 1: You must have an email address to create a Clever account. If you do not have an email account, please proceed to Step 2, and follow the instructions. If you have an email account, proceed to Step 3.

Step 2: Create an email account. [Click here to create a Google account](#) or [click here to create a Yahoo account](#). Next, proceed to Step 3.

Step 3: Please send an email to CMSD.Integration@ClevelandMetroSchools.org. Please include in the email, your full name and student(s) names that are on file with your school. In the subject line of the email type "access to Clever"

Step 4: CMSD will verify the information provided from your Step 3 email within 24 hours and send you a response email with instructions on how to log on to Clever and create your personal account. The email invitation will be addressed from no-reply@clever.com.

Step 5: When you receive and open the email from no-reply@clever.com, press the highlighted blue button in the email with your child's name(s). If you have multiple children, click on one of the students to continue the Clever registration process.

Step 6: Next, a screen will appear welcoming you to Clever and to connect with the school your child attends. Click the blue "Get Started" button to continue.

Step 7: Next, a screen will appear asking if you're the child's guardian for final confirmation. Choose one of the two options.

Step 8: If you choose 'I am (child's name) guardian' you will be asked to create an account using either a Google or Yahoo account or your current email account.

Step 9: You will then be sent directly to the Clever Family Portal where you will click on "Instant Login" to enter your child's portal.

If you have problems with creating your Clever account or logging into Clever, send an email to CMSD.Integration@ClevelandMetroSchools.org or call the Service Desk at 216.838.0440.

More things to know about Clever

- Utilize the single sign-on every day. Clever will allow students to log in from home to access platforms like Schoology, Seesaw, Study Island and other resources selected for them by their teacher and their school during our remote learning period.
- Clever enables parents to log in and view the applications their student is using, to check teacher assignments and see their child's progress.
- Students will receive a personalized Clever Badge (QR Code) for easy login to software applications without the need to remember a username and password.
