| School's Data | | District Information |
|-----------------------------------------------------------|--------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| K-12 Enrollment (SY 24-25) | 696 | This school's unique model drives its enrollment as it seeks to serve a specific population of students who are new to Cleveland and in need of additional support to learn English. Therefore, enrollment fluctuates based on student demand for the program. |
| K-12 Enrollment Trend (2019-2025) | 31% | |
| Building Condition Score | 87 | CMSD buildings currently operating schools have building condition scores that range from 44 to "newly built," which is the same as a perfect score of 100. Our long-term goal is to keep every school building at a score of 80 or higher. |

DEFINITIONS OF KEY TERMS

K-12 Enrollment is the end-of-year enrollment in grades Kindergarten through 12th grade, as reported by the Ohio Department of Education for all schools in the state.

K-12 Enrollment trend shows how the number of students at a school has changed by comparing the most recent end-of-year enrollment to previous years.

Building condition score shows how much maintenance a building needs in its main systems, like A/C, plumbing, roofs, and windows. Lower scores mean more repairs are needed. This score is a snapshot in time as of Spring 2025.

Ohio State Report Card Star Rating can range from 1 to 5 stars, with more stars meaning stronger performance on state measures like student achievement, progress, and graduation. Star ratings for SY 24-25 will be issued by the Ohio Department of Education this fall.
