DEFINITIONS OF KEY TERMS

HS Enrollment is the end-of-year enrollment in grades 9 through 12, as reported by the Ohio Department of Education for all schools in the state.

Enrollment trend shows how the number of students at a school has changed by comparing the most recent end-of-year enrollment to previous years.

Building condition score shows how much maintenance a building needs in its main systems, like A/C, plumbing, roofs, and windows. Lower scores mean more repairs are needed. This score is a snapshot in time as of Spring 2025.

Ohio State Report Card Star Rating can range from 1 to 5 stars, with more stars meaning stronger performance on state measures like student achievement, progress, and graduation. Star ratings for SY 24-25 will be issued by the Ohio Department of Education this fall.
