INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

You may contact the department or agency to which this proposal is submitted for assistance in obtaining a copy of those regulations (13 CFR Part 145).
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the ineligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Section XII: Diversity Business Enterprise Program and Participation Forms

PROGRAM OVERVIEW

It is the goal of the Diversity Business Enterprise (DBE) program to ensure the firms owned and/or controlled by minorities and women have the opportunity to compete for any expenditure of funds including but not limited to contracts, lease purchase, requisitions, and all forms of equipment, work services, materials, construction, etc.

The DBE program shall make every good faith effort to ensure that certified DBE's in the relevant Cleveland Municipal School District geographic market have the maximum opportunity to proposal for contracts. The Cleveland Municipal School District geographic market is Cuyahoga, Summit, Lake, and Lorain counties.

The District has established goals for DBE participation in all contracts that it awards. The goals range from 15 to 30 percent and vary by the type of contract awarded:

- 15% Service Contracts
- 20% Goods and Supplies
- 30% Maintenance/Construction Repair

A Diversity Business Enterprise encompasses Minority Business Enterprises (MBEs) and Female Business Enterprises (FBEs)

A DBE is an enterprise in which minorities, African Americans, Native Americans, Hispanic or Latin Americans, Asian Pacific Islander Americans, and/or women own at least 51% of the shares of stock or controlling interest.

A FBE is a female-owned enterprise with at least 51% of the shares of stock or controlling interest, which is held by female.

A company may be in compliance with the District's DBE program although the applicable numerical goal is not met if a company makes a good faith commitment to comply with DBE regulations. The Purchasing Director determines whether a company has made a good faith commitment.

DBE requirements under certain circumstances can be waived by the district with convincing proof of good faith efforts.

TERMS AND CONDITIONS OF NOTICE AND REQUIREMENTS TO ENSURE DIVERSITY BUSINESS ENTERPRISE (DBE) OPPORTUNITY

Definition of DBE: A Diversity Business Enterprise (DBE)

"Small Diversity business concern" means a small business concern that is at least fifty-one (51) percent unconditionally owned by one or more individuals who are both socially and economically diverse, or a publicly owned business that has at least fifty-one (51) percent of its stock unconditionally owned by one or more socially and economically diverse individuals and that has its management and daily business controlled by one or more such individuals. This term also means a small business concern that is at least

fifty-one (51) percent unconditionally owned by an economically diverse Indian tribe or Native Hawaiian Organization, or a publicly owned business that has at least fifty-one (51) percent of its stock unconditionally owned by one of these entities, that has its management and daily business controlled by members of an economically diverse Indian tribe or Native Hawaiian organization.

1. "Socially diverse individuals" means individuals who have been subjected to racial or ethnic prejudice or culture bias because of their identity as a member of a group without regard to their qualities as individuals.
2. "Economically diverse individuals" means socially diverse individuals whose ability to compete in the free enterprise system is impaired due to diminished opportunities to obtain capital and credit as compared to others in the same line of business who are not socially diverse. Individuals who certify that they are members of named groups (African Americans, Hispanic Americans or Latin Americans, Native Americans, Asian-Pacific Islander Americans, Subcontinent Asian Americans) are to be considered socially and economically diverse.

Definition of FBE: Female Business Enterprise (FBE)

"Female-owned small business concern" means a small business concern:

1. Which is at least fifty-one (51) percent owned by one or more women; or, in the case of any publicly owned business, at least fifty-one (51) percent of the stock of which is owned by one or more women and;
2. Whose management and daily business operations are controlled by one or more woman.

TERMS

1. DBE participation will be counted toward meeting the goals outlined in the notice as follows:
 - a. The total dollar value of a correct contract or subcontractor indirect subcontract awarded toward a certified DBE will be counted toward the applicable goal.
 - b. In the case of a joint venture, certified by the Cleveland Municipal School District, the portion of the total dollar value of the contract equal to the percentage of the ownership and control of the DBE partner in the joint vendor will be counted toward the applicable goal. (PLEASE RETURN DBE FORM E)
 - c. Only expenditures to DBE that perform a commercially useful function in the work of a contract or subcontract or indirect subcontract will be counted toward DBE goals. A DBE is considered to perform a commercially useful function when it is responsible for execution of a distinct element of work of a contract or subcontract and carries out its responsibilities by actually performing, managing, and supervising the work involved. If a DBE contractor subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the DBE is presumed not to be performing a commercially useful function. The DBE may present evidence to rebut this presumption.
 - d. The total dollar value of materials and supplies obtained from DBE suppliers and manufacturers will be counted toward DBE goals if the DBE assumes the actual and contractual responsibility for the provision of the materials and supplies.

2. A proposer who fails or refuses to complete and return this Notice may be deemed a non-responsive proposer.
3. The contractor's goals as set forth in this Notice shall express the contractor's commitment to the percentage of DBE utilization during the term of this contract. The contract shall be deemed to have met its commitment for DBE utilization if the DBE utilization rate of the contractor meets the goals established by this Notice.
4. The contractor must receive the approval of the District before making substitutions for any subcontractors listed in the Notice. Substitution of DBE is not allowed unless the contractor receives District approval.
5. The contractor's commitment to a specific goal is to meet the DBE objectives and is not INTENDED and shall not be used to discriminate against any qualified company or group or companies.
6. The contractor's commitment to a specific goal for DBE utilization as required by this Notice shall constitute a commitment to make every good faith effort to meet such goal by a subcontracting to or undertaking to joint venture with DBE firms. If the contractor fails to meet the goal, it will carry the burden of furnishing sufficient documentation as part of the proposal response of its good faith efforts to justify a grant of relief from the goals set forth in this Notice. Such justification will take the forms of a detailed report which will document at least the following information:
 - a. Attendance at the pre-proposal meeting, if any, scheduled by the District to inform DBE's of Subcontracting opportunities under a given solicitation.
 - b. Advertisement in general circulation media, trade association publications, and minority-focus media for at least twenty (20) days before bids or proposals are due. If twenty (20) days are not available, publication for a shorter reasonable time is acceptable.
 - c. Written notification to DBE that their interest in the contract is solicited, and follow-up contact to determine whether the DBE's were interested.
 - d. Efforts made to select portions of the proposed work to be performed by DBE in order to increase the likelihood of achieving the stated goals.
 - e. Efforts to negotiate with DBE for specific sub-proposal, including at a minimum:
 - i. The names, addresses, and telephone numbers of DBE's that were contacted.
 - ii. A description of the information provided to DBE regarding the plans and specifications for portion of the work to be performed; and
 - iii. A statement of why additional agreements with DBE were not reached.
 - iv. Completion of (Form E) if DBE's are not involved in the RFP.
 - f. Concerning each DBE the supplier/contractor contacted but rejected as unqualified, the reasons for the supplier's/contractor's conclusion.
 - g. Efforts made to help the DBE's contacted that needed assistance in obtaining required bonding, lines of credit, or insurance.
 - h. Use of the services of minority community organizations, minority contractor's groups,

governmental minority business assistance offices, and other organizations that assist in the recruitment and placement of DBE's.

7. Suppliers/contractors that fail to meet DBE goals and fail to demonstrate sufficient good faith efforts are not eligible for contract awarded.
8. The District, through its Diversity Officer will review the contractor's minority business enterprise involvement efforts during performance of this contract. Such review will include, but not be limited to, contractor's quarterly statement of income from the District and what portion of said income went to the DBE enterprise(s) as evidenced by affirmation of the DBE enterprise(s) which the contractor hereby agrees to supply each quarter during the term of its contract with the District. If the contractor meets its goal or if the contractor demonstrates that every reasonable effort has been made to meet its goal, the contractor shall be presume to be in compliance. Where the Diversity Officer finds that the contractor shall be presume to be in compliance. Where the Diversity Officer finds that the contractor has failed to comply with the requirements of this Notice, said Diversity Officer shall inform the Purchasing Director who shall immediately notify the contractor to take corrective action. If the contractor fails or refuses to comply promptly, then the Purchasing Director, upon approval of the District, shall issue an order shopping all or part of the work until satisfactory corrective action has been taken. No part of the time lost due to any such stop orders shall be made subject of claim for extension of time or for excess costs or damages by the contractor. When the District proceeds with such formal action it has the burden of proving that the contractor has not met the requirements of coming forward and showing that it has met the good faith requirements of the Notice, specifically including paragraph 7 hereof. Where the contractor is found to have failed to exert every good faith effort to involve DBE in the work provided, the District may declare that the contractor is ineligible to receive further District funds, whether as a contractor, subcontractor, or as a consultant, for a period of up to three (3) years.
9. The contractor will keep records and documents for three (3) years following performances of this contract to indicate compliance with this Notice. These records and documents, or copies thereof, will be made available at reasonable times and places for inspection by any authorized representative of the District upon request together with any other compliance information which such representative may require.
10. Proposers and contractors are bound by all requirements, terms and conditions of this Notice.
11. Nothing in this Notice shall be interpreted to diminish the present contract compliance review

LIMITED FIVE-YEAR WARRANTY

Peerless Industries, Inc. ("Peerless") warrants to original end-users of Peerless® products will be free from defects in material and workmanship, under normal use, for a period of five years from the date of purchase by the original end-user (but in no case longer than six years after the date of the product's manufacture). At its option, Peerless will repair or replace, or refund the purchase price of, any product which fails to conform with this warranty.

In no event shall the duration of any implied warranty of merchantability or fitness for a particular purpose be longer than the period of the applicable express warranty set forth above. Some states do not allow limitations on how long a implied warranty lasts, so the above limitation may not apply to you.

This warranty does not cover damage caused by (a) service or repairs by the customer or a person who is not authorized for such service or repairs by Peerless, (b) the failure to utilize proper packing when returning the product, (c) incorrect installation or the failure to follow Peerless' instructions or warnings when installing, using or storing the product, or (d) misuse or accident, in transit or otherwise, including in cases of third party actions and force majeure.

In no event shall Peerless be liable for incidental or consequential damages or damages arising from the theft of any product, whether or not secured by a security device which may be included with the Peerless® product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty is in lieu of all other warranties, expressed or implied, and is the sole remedy with respect to product defects. No dealer, distributor, installer or other person is authorized to modify or extend this Limited Warranty or impose any obligation on Peerless in connection with the sale of any Peerless® product.

This warranty gives specific legal rights, and you may also have other rights which vary from state to state.

GARANTÍA LIMITADA DE CINCO AÑOS

Peerless Industries, Inc. (Peerless) les garantiza a los usuarios finales originales de los productos Peerless® que los productos Peerless® estarán libres de defectos de materiales o de manufactura, en condiciones de uso normal, durante un periodo de cinco (5) años a partir de la fecha en la que el usuario final original compre cualquier producto (pero, en ningún caso, durante un periodo mayor de 6 años después de la fecha de manufactura del producto). Queda a la discreción de Peerless, reparar, reemplazar o rembolsar el precio de compra de cualquier producto que no cumpla esta garantía.

La duración de toda garantía implícita de comerciabilidad o de idoneidad para un propósito en particular no sobrepasará en caso alguno el periodo de vigencia de la garantía explícita correspondiente incluida en lo anterior. Algunos Estados no permiten que se establezcan limitaciones en relación con el periodo de duración de una garantía implícita, de manera que es posible que la limitación expuesta en lo anterior no sea pertinente a usted.

Esta garantía no cubre daños causados por (a) trabajos de mantenimiento o de reparación hechos por el cliente o alguna persona que no esté autorizada por Peerless para realizar dichos trabajos de mantenimiento o de reparación, (b) no empacar el producto como es debido si lo devuelve, (c) hacer una instalación incorrecta o no seguir las instrucciones o las advertencias de Peerless al instalar, utilizar o guardar el producto o (d) el mal uso o los accidentes, en tránsito o en otras circunstancias, incluidos los casos relacionados con las acciones de terceros o una fuerza mayor.

Peerless no tendrá responsabilidad en ningún caso de daños y perjuicios incidentales o indirectos o de daños y perjuicios que surjan por el robo de cualquier producto, ya sea que el mismo esté o no esté asegurado con un dispositivo de seguridad que se haya incluido con el producto de Peerless®. Algunos Estados no permiten que se excluyan o se establezcan limitaciones en relación con los daños y perjuicios incidentales o indirectos, de manera que es posible que la limitación o la exclusión expuesta en lo anterior no sea pertinente a usted.

Esta garantía reemplaza toda otra garantía, expresa o implícita, y es el único recurso en lo que respecta a los defectos del producto. Ningún concesionario, distribuidor, instalador ni ninguna otra persona está autorizada a modificar o extender esta Garantía Limitada ni a imponer obligación alguna a Peerless en relación con la venta de cualquier producto de Peerless®.

Esta garantía concede derechos específicos creados por ley y es posible que usted, además, tenga otros derechos que varían de acuerdo con el Estado donde se encuentre.

GARANTIE LIMITÉE DE CINQ ANS

Peerless Industries, Inc. (« Peerless ») garantit aux utilisateurs finaux d'origine des produits PeerlessMD que lesdits produits ne présenteront aucun défaut de matériau ou de main-d'œuvre, dans la mesure où ils sont utilisés normalement, pendant une période de cinq ans à compter de la date d'achat par l'utilisateur final d'origine (mais en aucun cas plus de six ans après la date de fabrication du produit). Peerless, à sa discrétion, réparera ou remplacera tout produit non conforme aux termes de cette garantie, ou en remboursera le prix d'achat.

La durée de toute garantie implicite de qualité commerciale ou d'application à un usage particulier n'excèdera en aucun cas la durée de la garantie applicable explicitement stipulée plus haut. Certains états ou provinces n'autorisent pas la limitation de la durée d'une garantie implicite, et la limitation ci-dessus peut donc ne pas vous être applicable.

Cette garantie ne couvre pas les dommages causés par (a) un entretien ou des réparations effectués par l'acheteur ou une personne non autorisée par Peerless à effectuer un tel entretien ou de telles réparations, (b) un emballage inadéquat lors de l'expédition d'un produit retourné, (c) une installation incorrecte ou le non-respect des instructions ou mises en garde de Peerless lors de l'installation, l'utilisation ou le rangement du produit, ou (d) une mauvaise utilisation ou un accident survenu lors d'un transport ou autrement, y compris l'intervention de tiers et les cas de force majeure.

Peerless ne peut en aucun cas être tenu responsable de quelque dommage accessoire ou indirect que ce soit ni de dommages résultant du vol d'un quelconque produit, que celui-ci ait été ou non protégé par un dispositif de sécurité intégré à un produit PeerlessMD. Certains états ou provinces n'autorisent pas l'exclusion ou la restriction des dommages accessoires ou indirects, et il est possible que les restrictions ou exclusions ci-dessus ne s'appliquent pas à votre cas.

Les dispositions de cette garantie remplacent toute autre garantie expresse ou implicite et constituant le seul recours possible en cas de défectuosité d'un produit. Aucun marchand, distributeur, installateur ou autre personne n'est autorisé à modifier ou étendre la portée de cette garantie limitée, ni à imposer quelque obligation ce que soit à Peerless en ce qui concerne la vente de tout produit PeerlessMD.

Cette garantie offre des droits juridiques particuliers auxquels peuvent s'ajouter d'autres droits, susceptibles de varier d'une province ou d'un état à l'autre.

BESCHRÄNKTEN FÜNFJÄHRIGEN GARANTIE

Peerless Industries, Inc. („Peerless“) übernimmt gegenüber den ursprünglichen Endnutzern von Peerless®-Produkten die Gewährleistung, dass diese unter normalen Einsatzbedingungen für fünf Jahre ab Datum des Kaufs durch den ursprünglichen Endnutzer (aber in keinem Fall länger als sechs Jahre nach Herstellungsdatum des Produkts) frei von Material- und Verarbeitungsfehlern sind. Peerless repariert oder ersetzt nach eigenem Ermessen ein Produkt, das dieser Garantie nicht entspricht, oder erstattet den Kaufpreis dafür.

In keinem Fall überschreitet die Dauer einer stillschweigenden Garantie der handelsüblichen Qualität oder Eignung für einen bestimmten Zweck den Zeitraum der zutreffenden oben angegebenen ausdrücklichen Garantie. Manche Staaten lassen Begrenzungen der Dauer für stillschweigende Garantien nicht zu; die obige Begrenzung trifft also eventuell nicht auf Sie zu.

Diese Garantie gilt nicht bei Schäden, die aufgrund folgender Ursachen entstanden: (a) Wartung oder Reparatur durch den Kunden oder einer Person, die nicht von Peerless für die Durchführung solcher Wartungs- oder Reparaturarbeiten autorisiert wurde, (b) Nichtverwendung von geeigneter Verpackung bei der Rücksendung des Produkts, (c) falsche Installation oder Nichtbefolgung bzw. Nichtbeachtung von Peerless-Anweisungen oder -Warnhinweisen bei der Installation, Verwendung oder Lagerung des Produkts oder (d) Missbrauch oder Unfall, während des Transports oder anderweitig, einschließlich Handlungen Dritter und höherer Gewalt.

Auf keinen Fall haftet Peerless für Neben- oder Folgeschäden oder für Schäden, die aus dem Diebstahl eines Produkts entstehen, unabhängig davon, ob das Peerless®-Produkt durch eine mitgelieferte Sicherheidsvorrichtung gesichert war oder nicht. Manche Staaten lassen den Ausschluss oder die Beschränkung von Neben- oder Folgeschäden nicht zu; die obige Begrenzung trifft also eventuell nicht auf Sie zu.

Diese Garantie gilt anstelle von allen anderen ausdrücklichen oder stillschweigenden Garantien und ist das alleinige Rechtsmittel bei Produktdefekten. Kein Vertriebs- oder sonstiger Händler und keine mit der Installation beauftragte oder sonstige Person ist befugt, diese beschränkte Garantie zu ändern oder zu verlängern oder Peerless irgendwelche Verpflichtungen in Zusammenhang mit dem Verkauf eines Peerless®-Produkts aufzuerlegen.

Diese Garantie verleiht Ihnen bestimmte gesetzliche Rechte, und Sie verfügen u. U. über weitere Rechte, die sich von Staat zu Staat unterscheiden können.

BEPERKTE GARANTIE VAN 5 JAAR

Peerless Industries, Inc. („Peerless“) biedt de oorspronkelijke eindgebruiker van Peerless®-producten de garantie dat deze producten bij normaal gebruik vrij zijn van defecten in materiaal en fabricage gedurende een periode van vijf jaar vanaf de aankoopdatum door de oorspronkelijke eindgebruiker (maar in geen enkel geval langer dan zes jaar na de fabricagedatum). Peerless zal, naar eigen goeddunken, alle producten die niet aan deze garantie voldoen repareren of vervangen, dan wel de aankoopprijs ervan terugbetalen.

Onder geen enkele omstandigheid is de duur van enigerlei impliciete garantie van verkoopbaarheid of geschiktheid voor een bepaald doel langer dan de duur van de hierboven uiteengezette expliciete garantie. In sommige rechtsgebieden zijn beperkingen op de duur van een impliciete garantie niet toegestaan; de bovengenoemde beperking is dus mogelijk niet op u van toepassing.

Deze garantie is niet van toepassing op schade die wordt veroorzaakt door (a) service of reparaties die zijn verricht door de klant of door een andere persoon die niet door Peerless gemachtigd is om dergelijke service of reparaties te verrichten, (b) het onjuist en/of onvoldoende verpakken van het product wanneer het wordt gereïssueerd, (c) de onjuiste installatie of het niet navolgen van de door Peerless verschaftte aanwijzingen of waarschuwingen tijdens de installatie, het gebruik of de opslag van het product of (d) verkeerd gebruik of ongelukken, tijdens het transport of anderszins, met inbegrip van handelingen door derden en gevallen van force majeure.

Onder geen enkel beding kan Peerless aansprakelijk worden gesteld voor incidentele schade of gevolgschade of schade ten gevolge van de diefstal van enigerlei product, ongeacht of dit uitgerust is met een beveiligingsvoorziening, die mogelijk bij het Peerless®-product wordt geleverd. ▲ WARNING

ENG - When installing Peerless wall mounts on a concrete wall, the wall must be at least 8" thick with a minimum compressive strength of 2000 psi. When installing Peerless wall mounts on a cinder block wall, the cinder blocks must meet ASTM C-90 specifications and have a minimum nominal width of 8". Do not drill into mortar joints! Be sure to mount in a solid part of the block, generally 1" (25 mm) minimum from the side of the block. It is suggested that a standard electric drill on slow setting is used to drill the hole instead of a hammer drill to avoid breaking out the back of the hole when entering a void or cavity. Never attach concrete expansion anchors to concrete or cinder block covered with plaster, drywall or other finishing material.

▲ ADVERTENCIA

ESP - Cuando vaya a instalar soportes de pared de Peerless en paredes de concreto, las paredes tienen que tener, por lo menos, 8" de grosor con una resistencia a la compresión de 2000 psi como mínimo. Cuando vaya a instalar soportes de pared de Peerless en paredes de hormigón de escorias, los bloques tienen que cumplir las especificaciones de ASTM C-90 y tener un ancho mínimo de 8". ¡No taladre en juntas de argamasa! Asegúrese de hacer la instalación en la parte sólida del bloque, por lo general, a un mínimo de 1" (25 mm) del extremo del bloque. Se sugiere utilizar un taladro eléctrico convencional a baja velocidad para hacer los agujeros en vez de un taladro percutor para no perforar el fondo de los agujeros al entrar en un vacío o una cavidad. Nunca fije los anclajes de expansión para concreto a superficies de concreto o de bloques de hormigón de escorias recubiertas con yeso, yeso-cartón u otro material de acabado.

▲ ADVERTISSEMENT

FRN - Lors de l'installation de supports muraux Peerless sur un mur en béton, celui-ci doit avoir au moins 8 po (20 cm) d'épaisseur et une résistance à la compression d'au moins 2 000 psi. Lors de l'installation de supports muraux Peerless sur un mur en blocs de béton, ceux-ci doivent respecter les normes ASTM C-90 et avoir une épaisseur nominale d'au moins 8 po (20 cm). Ne percez pas dans les joints de mortier! Veillez à installer le support dans une partie solide du bloc, généralement à un minimum de 1 po (25 mm) à partir du côté du bloc. Il est conseillé de percer le trou à l'aide d'une perceuse électrique standard à vitesse basse plutôt que d'un marteau perforateur afin d'éviter de briser le fond du trou lorsque vous entrez dans un vide ou une cavité. Ne fixez jamais des chevilles à expansion pour béton à du béton ou du bloc de béton recouvert d'une couche de plâtre, d'une cloison sèche ou de tout autre matériau de finition.

▲ ACHTUNG

DEU - Werden Peerless-Wandhalter an einer Betonwand angebracht, so muss deren Dicke mindestens 203 mm (8 Zoll) und ihre Druckfestigkeit mindestens 13,8 N/mm² (2000 psi) betragen. Bei der Anbringung von Peerless-Wandhaltern an einer Porenbetonsteinwand müssen die Porenbetonsteine den Spezifikationen der ASTM C-90 entsprechen und eine Mindestnennbreite von 203 mm (8 Zoll) aufweisen. Bohren Sie nicht in Mörtelfugen! Achten Sie darauf, dass die Anbringung an einem massiven Teil des Blocks erfolgt, im Allgemeinen mindestens 25 mm (1 Zoll) von der Blockseite entfernt. Wir empfehlen, zum Bohren des Lochs anstelle eines Schlagbohrers einen standardmäßigen Elektrobohrer bei niedriger Einstellung zu verwenden, um zu verhindern, dass die Bohrungsrückseite beim Eintritt in einen Leer- oder Hohlraum ausbricht. Betonspreizdübel dürfen auf keinen Fall an Beton oder Porenbetonstein befestigt werden, die mit Verputz, Trockenwand- oder anderem Deckschichtmaterial bedeckt sind.

▲ WAARSCHUWING

NEL - Als de Peerless-wandbevestiging op een betonnen muur wordt geïnstalleerd, moet deze muur een dikte van ten minste 20 cm hebben en een druksterkte van ten minste 2000 psi. Als de Peerless-wandbevestiging op een muur van B2-blokken wordt geïnstalleerd, moeten deze B2-blokken voldoen aan de ASTM C-90-specificaties en een breedte hebben van ten minste 20 cm. Niet in de mortelvoegen boren! De bevestigingsschroeven moeten in een massief deel van het blok grijpen (gewoonlijk ten minste 2,5 cm vanaf de zijkant van het blok). Het verdient aanbeveling om voor het boren van het gat een standaard elektrische boor te gebruiken op lage snelheid in plaats van een boorhamer; dit om te voorkomen dat u de achterkant van het boorgat beschadigt, mocht u een holte treffen. Gebruik nooit expansie-ankers voor beton bij installatie op een betonnen muur of een muur van B2-blokken bedekt met gips, gipsplaat of ander afwerkingsmateriaal.

▲ AVVERTENZA

ITL - In sede d'installazione dei sostegni Peerless per parete su una parete in calcestruzzo solido, la parete deve avere uno spessore minimo di 20 cm, con una resistenza alla compressione di almeno 2000 psi (140 kg/cm²). In sede d'installazione dei sostegni Peerless per parete su una parete a mattoni di cemento, i mattoni di cemento devono soddisfare le specifiche ASTM C-90 ed avere una larghezza nominale minima di 20 cm. Non trapanare sulle giunture di malta! Accertarsi che il montaggio avvenga su una parte solida del mattone, di solito ad almeno 25 mm dal lato del mattone. Per evitare di rompere il retro del foro entrando in una cavità o un vuoto, si consiglia di eseguire il foro usando un trapano elettrico standard a lenta velocità, anziché un trapano a martello. Non attaccare mai ancoranti ad espansione per calcestruzzo su calcestruzzo o mattone di cemento ricoperto con intonaco, cartongesso o altro materiale di finitura.

▲ VÝSTRAHA

ČES - Při instalaci nástěnných držáků Peerless na betonovou zeď musí být tato zeď hrubá minimálně 20 cm s minimální pevností v tlaku 2000 psi. Při instalaci nástěnných držáků Peerless na zeď ze škvárobetonových bloků tyto škvárobetonové bloky splňovat specifikace ASTM C-90 a musí mít minimální jmenovitou šířku 20 cm. Nevrtajte do maltových spár! Vždy montujte na pevné části bloku, obvykle minimálně 1" (25 mm) od boční strany bloku. Doporučuje se vyvrtat otvor s použitím standardní elektrické vrtačky na pomalém nastavení namísto vrtacího kladiva, aby nedocházelo k vypadávání ze zadní části otvoru při vstupu do prázdna nebo dutiny. Expanzní kotvy do betonu nikdy nepřipojujte do betonu nebo škvárobetonového bloku pokrytého omítkou, sádkkartonem nebo jiným dokončovacím materiálem.

▲ VÝSTRAHA

SLK - Pri montáži nástenných držiakov Peerless na betónovú stenu musí mať táto stena hrúbku minimálne 20 cm s minimálnou tlakovou pevnosťou 2000 psi. Pri inštalácii nástenných držiakov Peerless na stenu zo škvárobetonových tehál musia škvárobetonové tehly spĺňať špecifikácie ASTM C-90 a mať minimálnu nominálnu šírku 20 cm. Nevrtajte do škár vyplnených maltou! Montáž vykonajte na pevnej časti bloku, všeobecne sa odporúča minimálne 25 mm od okraja bloku. Na vrtanie otvorov sa namiesto príklepovej vrtačky odporúča použiť štandardnú elektrickú vrtačku na pomalých otáčkach, aby nedošlo k odbitiu zadnej časti bloku pri preniknutí do medzery alebo dutiny. Expanzné kotvy do betónu nikdy nenasadzujte do betónu alebo škvárobetonového bloku pokrytého omítkou, sadrokartónom či iným finalizačným materiálom.

▲ AVISO

POR - Ao instalar os suportes para a parede Peerless em paredes de betão, a parede deve ter, no mínimo, 203 mm de espessura e uma força de compressão mínima de 2000 psi. Ao instalar suportes de parede Peerless em blocos de cimento, os blocos devem cumprir as especificações ASTM C-90 e uma largura nominal mínima de 203 mm. Não perfurar em alicerces! Certifique-se de que monta numa parte sólida do bloco, em geral, a uma distância mínima de 25 mm da aresta do bloco. Sugerimos a utilização de um berbequim elétrico regulado para a velocidade lenta para fazer o furo de modo a evitar partir a parte posterior do furo ao entrar num vácuo ou cavidade. Nunca instale âncoras de expansão para betão em superfícies cobertas de betão ou blocos de cimento com estuque, gesso ou outros materiais de acabamento.

Queda a la discreción de Peerless, reparar, reemplazar o reembolsar el precio de compra de cualquier producto que no cumpla esta garantía.

Peerless, à sa discrétion, réparera ou remplacera tout produit non conforme aux termes de cette garantie, ou en remboursera le prix d'achat.

La durée de toute garantie implicite de qualité commerciale ou d'application à un usage particulier n'excedera en aucun cas la durée de la garantie applicable expressément stipulée plus haut. Certains états ou provinces n'autorisent pas la limitation de la durée d'une garantie implicite, et la limitation ci-dessus peut donc ne pas vous être applicable.

Cette garantie ne couvre pas les dommages causés par (a) un entretien ou des réparations effectués par l'acheteur ou une personne non autorisée par Peerless à effectuer un tel entretien ou de telles réparations, (b) un emballage inadéquat lors de l'expédition d'un produit retourné, (c) une installation incorrecte ou le non-respect des instructions ou mises en garde de Peerless lors de l'installation, l'utilisation ou le rangement du produit, ou (d) une mauvaise utilisation ou un accident survenu lors d'un transport ou autrement, y compris l'intervention de tiers et les cas de force majeure.

Manche Staaten lassen Begrenzungen der Dauer für stillschweigende Garantien nicht zu; die obige Begrenzung trifft also eventuell nicht auf Sie zu.

Manche Staaten lassen den Ausschluss oder die Beschränkung von Neben- oder Folgeschäden nicht zu; die obige Begrenzung trifft also eventuell nicht auf Sie zu.

Diese Garantie gilt anstelle von allen anderen ausdrücklichen oder stillschweigenden Garantien und ist das alleinige Rechtsmittel bei Produktdefekten. Kein Vertriebs- oder sonstiger Händler und keine mit der Installation beauftragte oder sonstige Person ist befugt, diese beschränkte Garantie zu ändern oder zu verlängern oder Peerless irgendwelche Verpflichtungen in Zusammenhang mit dem Verkauf eines Peerless®-Produkts aufzuerlegen.

Diese Garantie verleiht Ihnen bestimmte gesetzliche Rechte, und Sie verfügen u. U. über weitere Rechte, die sich von Staat zu Staat unterscheiden können.

BEPERKTE GARANTIE VAN 5 JAAR

Peerless Industries, Inc. („Peerless“) biedt de oorspronkelijke eindgebruiker van Peerless®-producten de garantie dat deze producten bij normaal gebruik vrij zijn van defecten in materiaal en fabricage gedurende een periode van vijf jaar vanaf de aankoopdatum door de oorspronkelijke eindgebruiker (maar in geen enkel geval langer dan zes jaar na de fabricagedatum). Peerless zal, naar eigen goeddunken, alle producten die niet aan deze garantie voldoen repareren of vervangen, dan wel de aankoopprijs ervan terugbetalen.

Onder geen enkele omstandigheid is de duur van enigerlei impliciete garantie van verkoopbaarheid of geschiktheid voor een bepaald doel langer dan de duur van de hierboven uiteengezette expliciete garantie. In sommige rechtsgebieden zijn beperkingen op de duur van een impliciete garantie niet toegestaan; de bovengenoemde beperking is dus mogelijk niet op u van toepassing.

Deze garantie is niet van toepassing op schade die wordt veroorzaakt door (a) service of reparaties die zijn verricht door de klant of door een andere persoon die niet door Peerless gemachtigd is om dergelijke service of reparaties te verrichten, (b) het onjuist en/of onvoldoende verpakken van het product wanneer het wordt geretourneerd, (c) de onjuiste installatie of het niet navolgen van de door Peerless verschaftte aanwijzingen of waarschuwingen tijdens de installatie, het gebruik of de opslag van het product of (d) verkeerd gebruik of ongelukken, tijdens het transport of anderszins, met inbegrip van handelingen door derden en gevallen van force majeure.

Onder geen enkel beding kan Peerless aansprakelijk worden gesteld voor incidentele schade of gevolgschade of schade ten gevolge van de diefstal van enigerlei product, ongeacht of dit uitgerust is met een beveiligingsvoorziening, die mogelijk bij het Peerless®-product wordt geleverd. In sommige rechtsgebieden is de uitsluiting of beperking van incidentele schade of gevolgschade niet toegestaan; de bovengenoemde beperking of uitsluiting is mogelijk dus niet op u van toepassing.

Deze garantie vervangt alle andere garanties, expliciet of impliciet, en is het enige verhaal in geval van defecten aan het product. Geen enkele dealer, distributeur, installateur of andere persoon is gemachtigd om deze beperkte garantie aan te passen of te verlengen of om aan Peerless enigerlei verplichting op te leggen in verband met de verkoop van enigerlei Peerless®-product.

Deze garantie geeft u specifieke wettelijke rechten en u kunt mogelijk ook andere rechten hebben, die van land tot land en van staat tot staat kunnen verschillen.

STEP 1 Install hex nut onto roller shaft and tighten.

STEP 2 From the UNDER side of Carriage Upright, add washer and insert roller shaft into hole.

STEP 3 Turn Carriage Upright over to front side, add 2nd washer (Diversitrack TV only) and install acorn nut and tighten.

REPEAT ABOVE PROCEDURES FOR ALL FOUR CORNERS.

STEP 1 Attach end of Cross Connector with provided carriage bolt and nut. Insert carriage bolt from the front side.

STEP 2 From underside of Carriage Upright install serrated hex nut and tighten.

REPEAT ABOVE PROCEDURES FOR ALL FOUR CORNERS.

Clip Installation:

FOR NOW, only install TWO clips at adjacent corners. This will be the bottom of the frame into which your interactive whiteboard will rest.

- STEP 1** Attach each clip with provided carriage bolt and nut.
- STEP 2** Insert carriage bolt from the front side.
- STEP 3** From underside of Carriage Upright install serrated hex nut and **ONLY FINGER-TIGHTEN** for now.

A Completed Corner!

Preparation for Diversitrack Track Section Installation.

STEP 3 At the point of installation, mark the target of your projected image space where you wish your interactive white board to be used.

NOTE: in this example, we have chosen a *left-hand slide*. Simply reverse this if you want **Diversitrack** to slide out of the way to the right.

STEP 1 Locate your assembled Diversitrack frame and trial-fit/rest the top rollers on the top frame of your dry erase or chalkboard.

STEP 2 Position the frame as close as possible to the center of your projected image space.

Mark your lines
on this side
for *left-hand* slide.

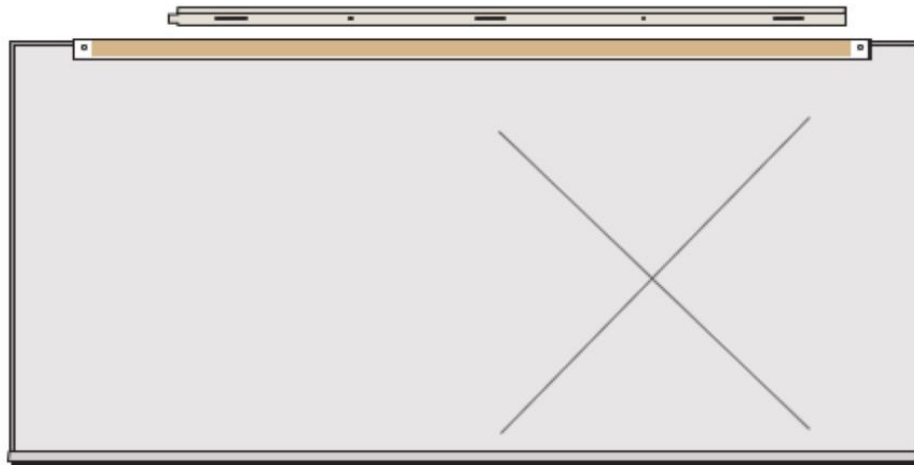

STEP 3 While holding the frame assembly still, strike a line at the edge of the rollers at top and bottom. This will be the end position of your track sections.

IMPORTANT: During this trial-fit, note the distance between the bottom of your chalk tray and the bottom of the Diversitrack clip where your interactive board will rest. Keep this in mind for your next steps and desired track positioning.

STEP 1 Remove the frame and set it aside. You are now ready to attach the upper right tracksection.

STEP 2 If you choose to mount Diversitrack up higher, as depicted here, be sure to use two or more identical shims to properly position and make sure it is level.

STEP 3 If instead you install it resting on the top of your existing dry erase or chalk board frame, first make sure the stop pin is installed.

In either case, position the end of the track with your line and fasten securely using your choice of fasteners appropriate for your environment.

STEP 1 Once again, locate your frame assembly and slide the top two rollers into the upper right track from the side/open end.

STEP 2 Now slide the frame assembly all the way over and against the stop pin. This will assist in our next step, positioning the first bottom track section.

STEP 1 Now install the LOWER right track section. Locate another track section and be sure to install the stop pin.

STEP 2 While holding this section at an angle, slip the bottom rollers into the groove and position the track section against the wall making sure the end lines up with our mark.

STEP 3 In all cases, be sure that after installing a track section that the rollers make contact with the bottom groove!

STEP 4 You will want to double check the top as well and may want to get a helping hand to hold the frame firmly in place while doing so.

STEP 1 Check that this track section is level and fasten to your wall.

STEP 2 With your first two track sections in place, move the frame side to side to be sure it slides effortlessly.

Next, complete the installation of the two left track sections. In our example below, our dry erase board doesn't extend to the left as far as a normal classroom.

We again used a level to assure proper placement. Simply place the left track section against the right and fasten to the wall.

STEP 1 As with the right side, move the frame over to the left to assist in installing the bottom left tracksection.

STEP 2 Once again, install the stop pin on the left side of the track, tilt the track and drop the rollers into the groove.

STEP 3 Check that it is level and fasten to the wall. The system is now installed!

STEP 4 Move the frame the entire length to ensure ease of operation. You are now ready to place your interactive whiteboard in the frame.

STEP 5 Position the board evenly in the center and rest the bottom in the two clips you installed at first.

STEP 6 First, insert the carriage bolt from the inside of the clip matching up with the rectangular notch. The bolt will point back toward the wall.

STEP 7 Slide these clips down and over the top frame of your interactive whiteboard directly in line with the Carriage Upright.

STEP 8 Push the top of your interactive whiteboard up and against the top of the Diversitrack frame. You are now ready to install the top clips.

STEP 9 Line up the bolt with the hole in the Carriage Upright, insert the bolt through the hole and fasten with the serrated flange nut. Once the top clips are in place, be sure to tighten the flange nuts securely behind ALL FOUR clips.

Your installation of Diversitrack is complete!
