EXPENDITURES

The fiscal year 2015 adopted General Fund budget for the District is \$724.7 million. This budget, coupled with carryover encumbrances of \$17.7 million, resulted in a \$742.4 million General Funds appropriation for FY 2015. The following information is a financial update of the status of this appropriation through April 30, 2015.

Through April 30, 2015 the District has expended \$569.3 million and has outstanding encumbrances of \$25.1 million. This total of \$594.4 million reflects 80.07% of the District's total appropriation (see Exhibit A). A statistical spending range for the District is based on two analyses: first, time elapsed is ten months or 83.33% of the fiscal year has passed. Secondly, twenty two of twenty-six (22/26), or 84.61% of the total pay periods have passed. Figure 1 illustrates these points.

Figure 3

Overall, the District's encumbrance/expenditure level through December is below target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 3 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

CLEVELAND MUNICIPAL SCHOOL DISTRICT

July 1, 2014–April 30, 2015 FINANCIAL STATUS REPORT

As Figure 4 and 5 illustrates, overall salaries and fringe benefits are slightly lower for this time of year. Salaries are slightly higher than last year for this time of year which is primarily due to the differentiated compensation stipend payments and less open positions. We will continue to closely monitor this area the remainder of the fiscal year. Salaries averaged \$11.7 million in April which is higher than the \$8.0 million average in March. Fringe benefits are trending higher than last year for this time of year which is primarily due to healthcare. Health care costs are forecasted to increase 10% in FY 15 from FY 14.

The current year Purchased Services and Materials categories indicate a 78.65% encumbrance/expenditure level for April. This is consistent with prior years and the cyclical nature of school operations.

The Capital encumbrance/expenditure level, whose budget comprises only .9% of the total General Fund budget, indicates a 75.55% encumbrance/expenditure level for March. It should be noted that the vast majority of on-going construction projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation notes and QZAB notes, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of April 30, 2015. Debt payments occur in July and April while the transfer of monies to other District funds will occur in June.

Overall the district's expenditure/encumbrance level is expected to be \$723.4 million which is \$13.3 million under budget.
