

Hello? Who's Calling?

Keep your personal information safe from con artists.

An **UNFAMILIAR VOICE** is calling with an important request for information.

Windows Tech Support.
How can I help you?

How do you know they are who they say they are?

Don't be tricked into giving personal information over the phone. If you don't know the person, don't answer any personal questions.

Instead, you may **INDEPENDENTLY VERIFY** the person or company's phone number, and call them to make sure they are legitimate.
