

# Sexual Behavior & Health

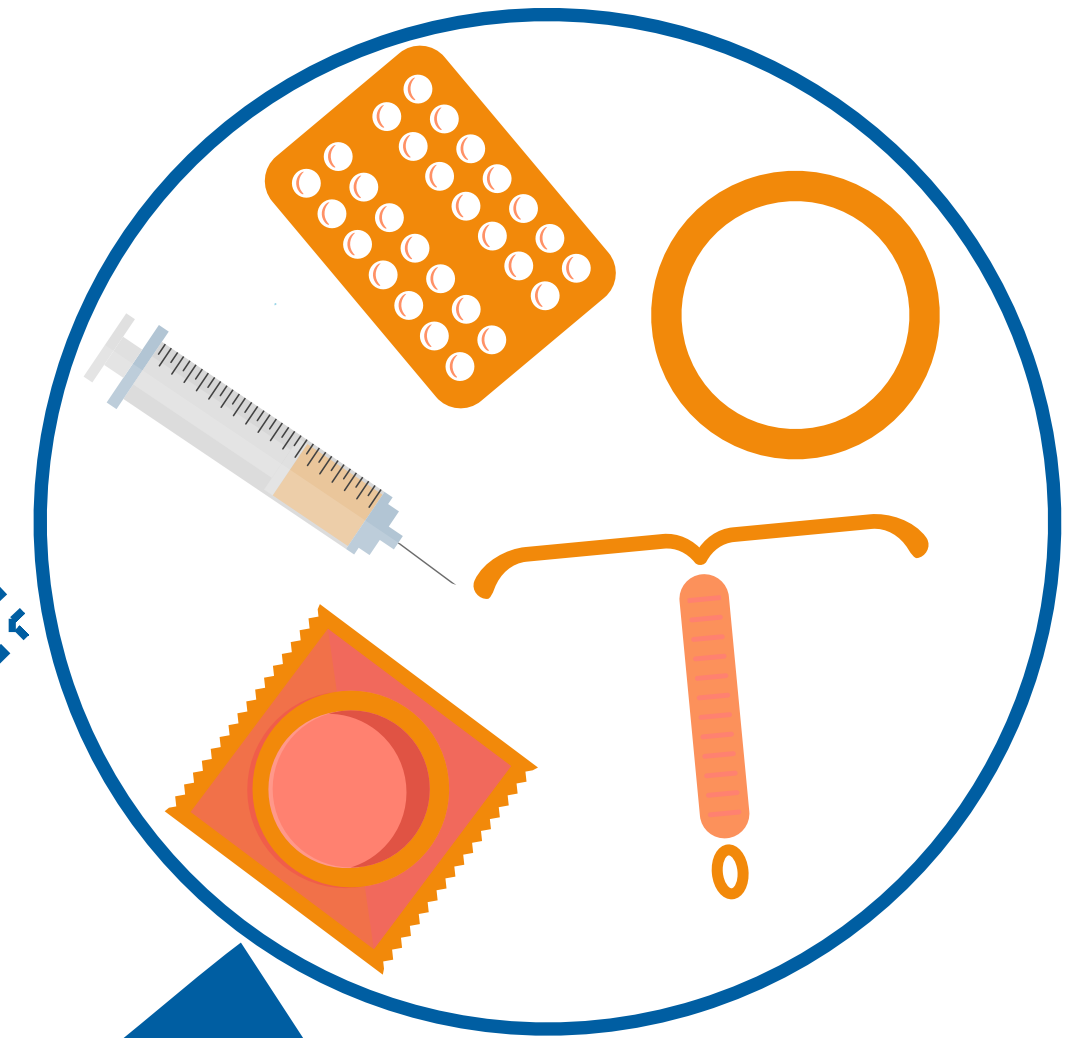

## Survey Results for Middle and High School Students in Cleveland

The CMSD Responsible Sexual Behavior Department strives to provide age-appropriate, comprehensive reproductive health and sexuality education to every student in grades K-12.

### Fewer students are having sex

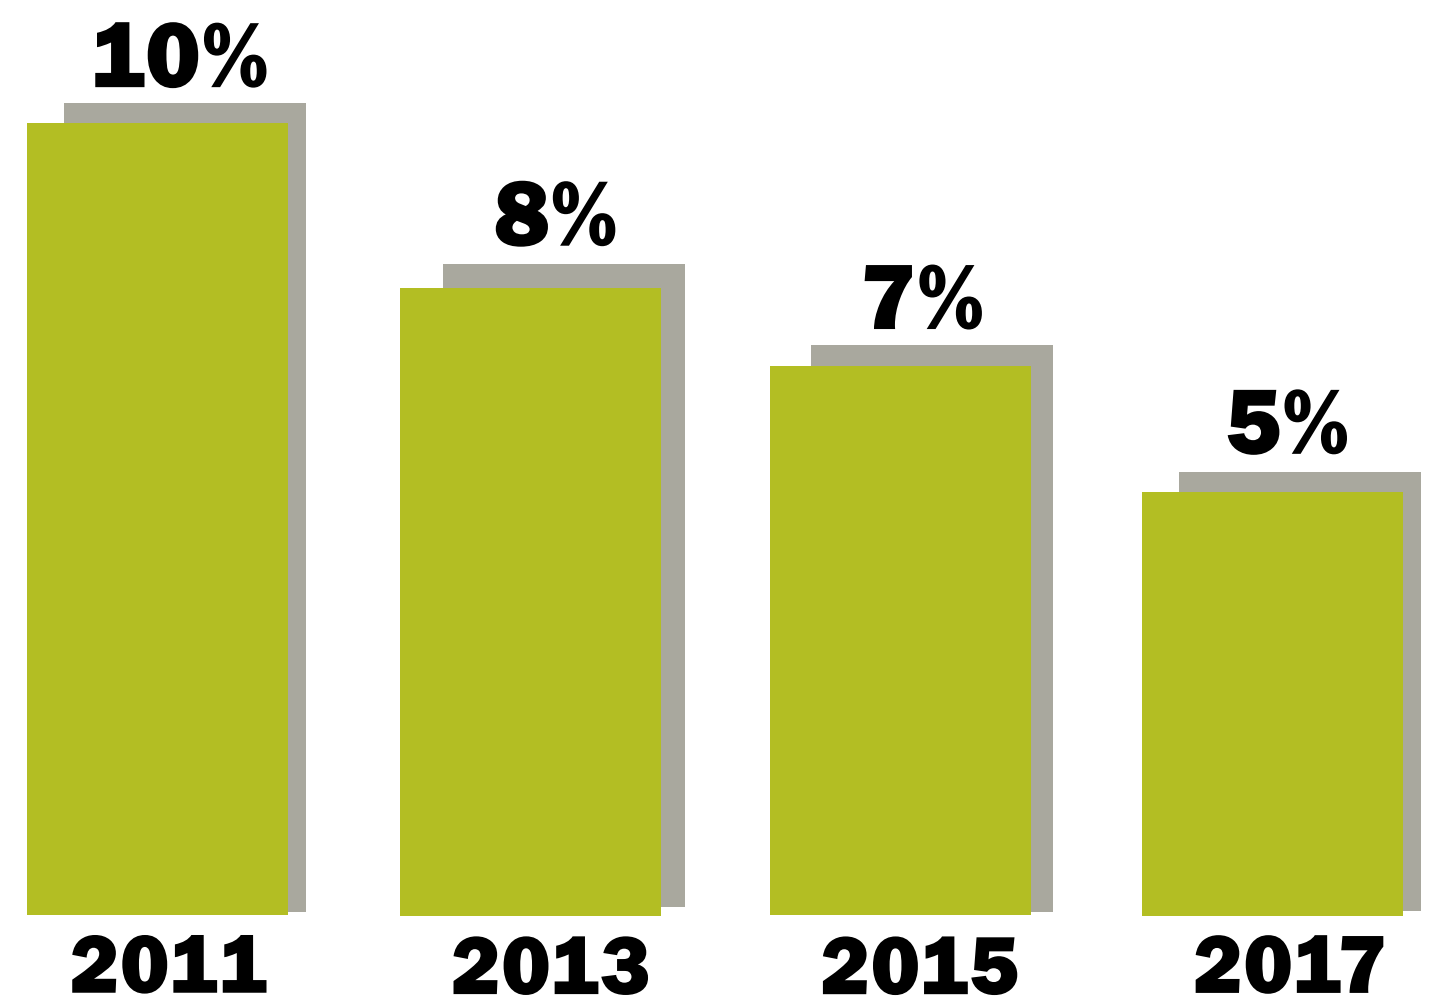

The percent of students who have ever had sex decreased

**59%** of high school students used a condom the last time they had sex

**70%** of sexually active students used at least one method to prevent pregnancy the last time they had sex

### Fewer students have been pregnant or gotten someone pregnant

**1 in 5** students do **NOT** identify as heterosexual
