Happy Friday Riverside Families,

What a wonderful second week we have had! All students in grades 3-8 finished the science and social studies CAP this week. Next week students will take their STAR reading tests to determine their independent reading levels, and starting in mid-September we will begin NWEA.

Families in grades 4-8, should have received their Ohio State Test Family Report this week via your child. Please review your child's test results to determine their areas of strength and areas of growth. If you have questions regarding their results, please feel free to reach out to me or your child's teacher for more information.

I want to say "Thank You" for helping us ensure the daily dismissal routine is consistent and safe for student and families. It is important that we all continue to follow the traffic patterns and adhere to the no parking zones. Let's continue to make this portion of our day as painless and stress-free as possible.

Have a wonderful weekend and enjoy our last few weekends of summer!

Sincerely,

Mrs. Gamble

PTC UPDATE

HELP WANTED – CLASSROOM REPRESENTATIVES

At Riverside, every parent/guardian is automatically a member of our Parent Teacher Council (PTC). This year we are looking for a parent/guardian representative from each classroom whose primary role will be to help improve the communication between the PTC and our families. This person would need to have the ability to email and/or text the classroom parents/guardians and preferably attend our monthly PTC meetings so that we can have a broader family representation involved in PTC decision making at our school.
