

# Academic Quality

This document provides an overview of the academic performance of District and charter schools. It is a helpful starting point to explore how well we are doing in providing high quality school options for all students. Visit [QualitySchoolsforCLEkids.org](http://QualitySchoolsforCLEkids.org) for more information at the regional and school level.

## K-8 ACADEMIC QUALITY: CITYWIDE SUMMARY

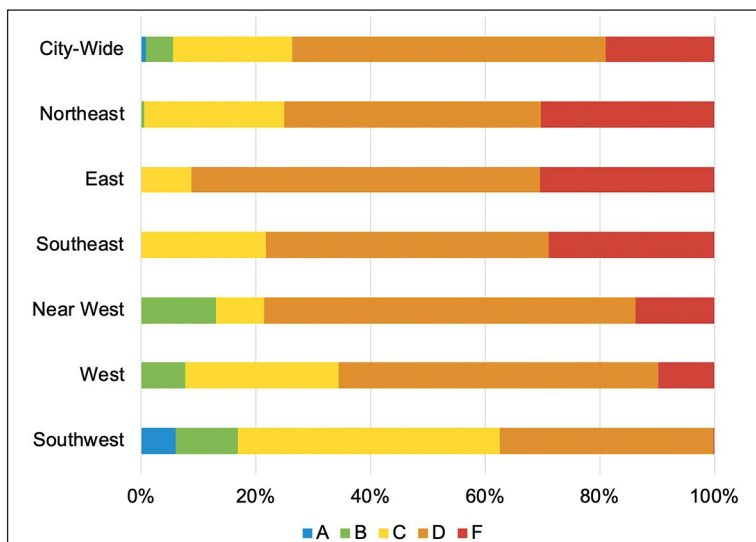

### 2017-18 District and Charter K-8 Enrollment by 2018 ODE Report Card Grades

- 26% of K-8 students, or more than 10,000 out of 38,000, attend an A, B or C-rated school.
- Overall, a majority of K-8 students (74%) are attending a D or F-rated school.
- Over 30,000 K-8 students in Cleveland attend D or F-rated schools, with nearly 20,000 enrolled in District K-8 schools and just over 10,000 enrolled in charter K-8 schools.
- 35% of charter students are attending A, B or C-rated schools, slightly better than District schools, though both sectors have considerable progress to make to meet demand for quality.

<sup>1</sup> Ohio scores are for all schools, not exclusively K-8 schools

## K-8 ACADEMIC QUALITY: SUMMARY BY REGION

### ● Southeast Region

2017-18 District and Charter K-8 School Locations  
by 2018 ODE Report Card Grades

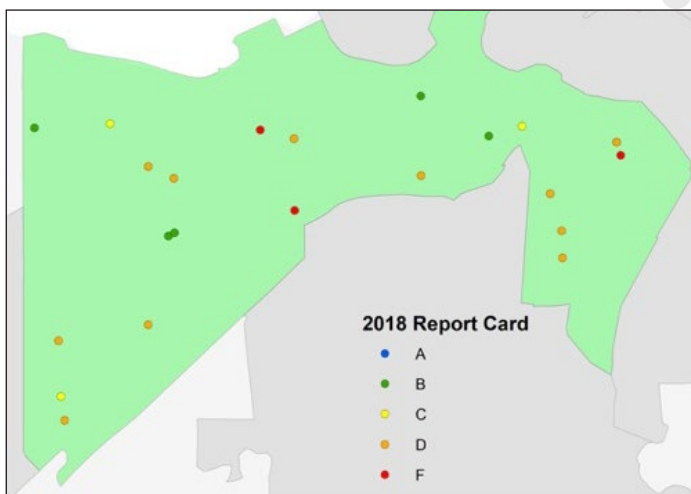

- 22% of enrollment is in C-rated schools, though there are no A or B-rated schools.
- 78% of enrollment is at schools rated either a D or F, the second highest rate of any region in the city.
- Mount Pleasant and Union-Miles do not have any schools rated C or better located in those respective neighborhoods.

SOURCE: 2017-18 school locations; 2018 ODE Overall Report Card Grades

### ● Near West Region

2017-18 District and Charter K-8 School Locations  
by 2018 ODE Report Card Grades

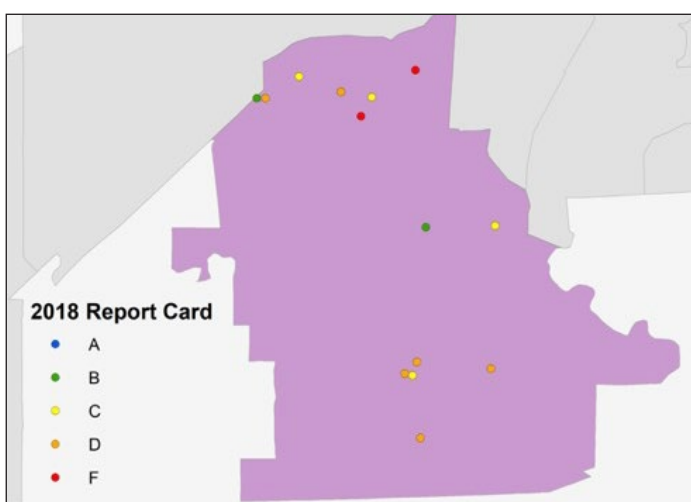

- 23% of enrollment in the Near West is at schools rated B or C. There are no A-rated schools in the region.
- 77% of enrollment is at schools rated either a D or F.
- Detroit-Shoreway does not have any A, B or C-rated schools located in the neighborhood.

## K-8 ACADEMIC QUALITY: SUMMARY BY REGION

### West Region

2017-18 District and Charter K-8 School Locations  
by 2018 ODE Report Card Grades

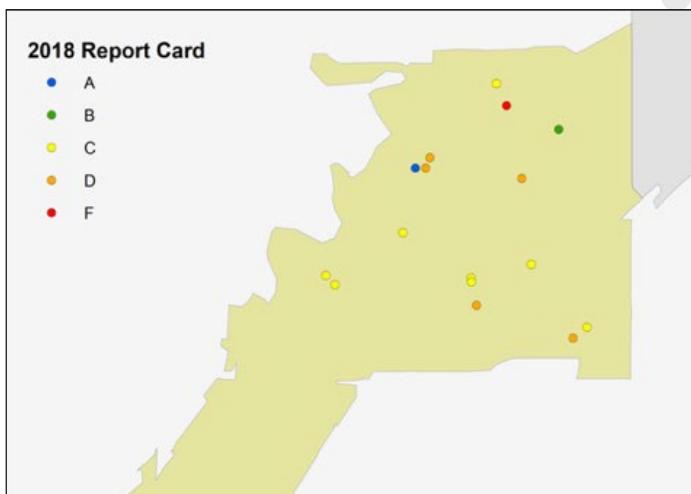

- 34% of enrollment in the West region is in schools rated A, B or C.
- 66% of enrollment is at schools rated either a D or F.
- There is varied performance between the four neighborhoods in the West region, but all have at least one charter or District school rated C or better.

SOURCE: 2017-18 school locations; 2018 ODE Overall Report Card Grades

### Southwest Region

2017-18 District and Charter K-8 School Locations  
by 2018 ODE Report Card Grades

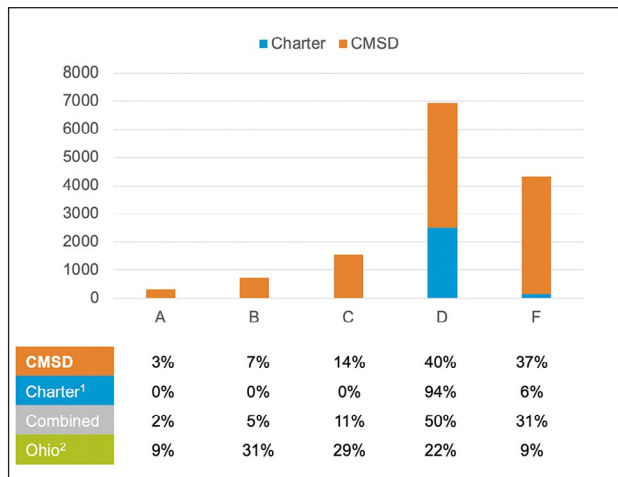

- 62% of Southwest enrollment is at schools rated A, B or C, the highest rate of any region.
- 38% of Southwest enrollment is in schools rated a D or F.
- There is varied performance between the three neighborhoods in the Southwest region, but all have at least one charter or District school rated C or better.

## HIGH SCHOOL ACADEMIC QUALITY: CITYWIDE SUMMARY

### 2017-18 District and Charter High School Enrollment by 2018 ODE Report Card Grades

1 Excludes alternative high schools, but includes virtual charter high schools

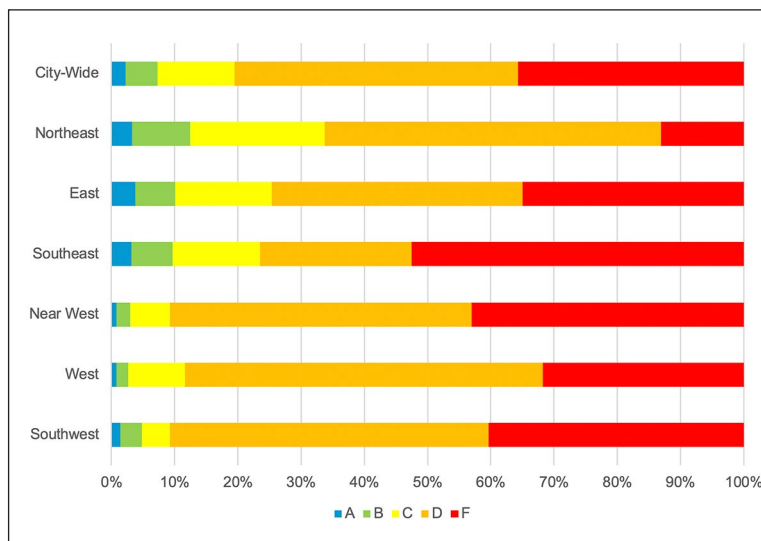

2 Ohio scores are for all schools, not exclusively high schools

Note: Row totals do not all sum to 100% due to rounding

SOURCE: 2017-18 ODE headcount enrollment data; 2018 ODE Overall Report Card Grades

- 19% of high school students, or roughly 2,800 of 14,000 attend an A, B or C school.
- Overall, a majority of students (81%) are attending a D or F-rated school.
- Most of the District students attending an A, B or C-rated school are in schools with admissions criteria.
- 24% of students enrolled in District high schools attend A, B or C-rated schools, though 60% of those schools are selective admission.
- 100% of students enrolled in charter high schools attend D or F-rated schools.

### 2017-18 District and Charter High School Enrollment by 2018 ODE Report Card Grades and Region of Student Residence

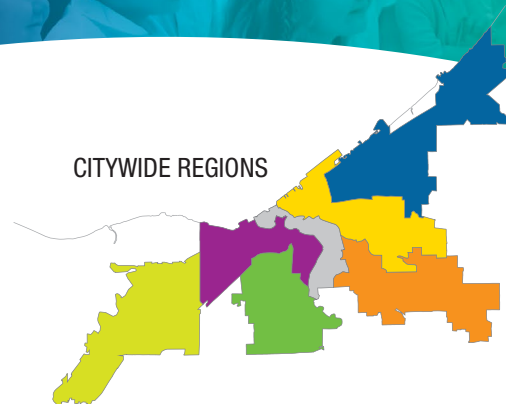

- East side residents are attending A, B or C-rated schools at roughly 20 percentage points higher than their west side peers.
- There is greater access to higher quality high schools for east side residents due to the proximity of admissions criteria schools, in the University Circle area.

Note: Due to the citywide nature of choice at the high school level, this analysis uses the region of student residence, not the region in which the school is located, to assess access to quality; chart excludes virtual and alternative charter high schools

## HIGH SCHOOL ACADEMIC QUALITY: SUMMARY BY REGION

### ● ● ● Northeast, East and Southeast

2017-18 District and Charter High School Locations by  
2018 ODE Report Card Grades

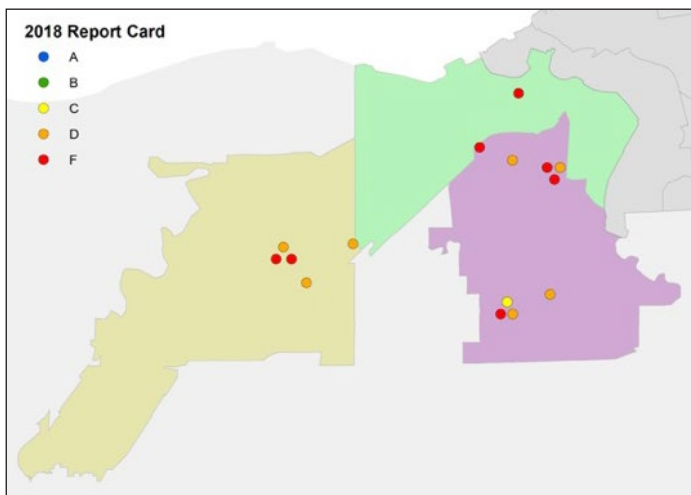

- 34% of high school enrollment across regions on the east side is in A, B or C-rated schools.
- 100% of District A and B-rated high schools have admissions criteria.
- 66% of east side high school enrollment is at D or F-rated schools.

SOURCE: 2017-18 school locations; 2018 ODE Overall Report Card Grades

### ● ● ● Near West, West and Southwest

2017-18 District and Charter High School Locations by  
2018 ODE Report Card Grades

- 12% of high school enrollment across regions on the west side is in A, B or C-rated schools, which is significantly lower than regions on the east side.
- There is only one high school located on the west side that is rated C or better.
- To access an A or B-rated school, students residing on the west side of Cleveland would need to seek admission into the criteria high schools on the east side.
