

SCHOOL DISTRICT GOALS AND OBJECTIVES

1. High Standards / Rigorous Curriculum: Insist upon high standards and a strong curriculum that will prepare our students for life, work, higher education, and citizenship.
2. Effective and Committed Workforce: Instill among our workforce - particularly teachers and principals - a commitment to excellence, individual student achievement, continuous professional development, and a willingness to be held accountable.
3. Quality Schools: Guarantee that every school offers every student a safe, supportive, resource-rich learning environment that complements the child's learning abilities.
4. Sound Financial, Management and Accountability Systems: Maximize the District's financial resources through performance based management planning, implementation, and accountability systems.
5. Parent and Community Support: Engage parents and the broad community in meaningful support and reinforcement for academic achievement at the individual student and school building levels.
6. Student Needs: Deliver the types of services and educational opportunities that will meet both the academic and non-academic needs of students and their families.
