PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District’s program functions best when it employs highly qualified personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services. It is the District’s goal, as set forth in Educating Cleveland’s Children, to instill among its workforce a commitment to excellence, individual student achievement, continuous professional development and a willingness to be held accountable.
