

STUDENT ATTENDANCE ACCOUNTING
(Missing And Absent Children)

The Board believes in the importance of trying to decrease the number of missing children; therefore, efforts are made to identify missing children and to notify the proper adults or agencies.

A student, at the time of initial entry into school, shall present to the person in charge of admission an official copy of a birth certificate and copies of those records pertaining to him/her, which were maintained by the school, which he/she most recently attended. In lieu of a birth certificate, birth documentation may include:

1. a passport or attested transcript thereof filed with a registrar of passports at a point of entry of the United States showing the date and place of birth of the child;
2. an attested transcript of the certificate of birth;
3. an attested transcript of the certificate of baptism or other religious record showing the date and place of birth of the child;
4. an attested transcript of a hospital record showing the date and place of birth of the child; or
5. a birth affidavit.

If the student does not present copies of the required documents, the principal shall call the school from which the student transferred and request the information. If that district has no record on file of the student or if that district does not send the records within a reasonable time the principal shall notify the police department having jurisdiction in the area where the student resides of the possibility that the student might be a missing child.

The primary responsibility for supervision of a student resides with his/her parent(s)/guardian(s). The staff provides as much assistance as is reasonable to parents/guardians with this responsibility.

The Chief Executive Officer or his/her designee shall develop informational programs for students, parents and community members relative to the subject of missing children.
