

**Learning  
Aid Ohio**

## *Educational Support for Students with Disabilities*

**Learning Aid Ohio** exists to subsidize the cost to hire tutors, aides, or in-home providers who can provide learning support for students on Individualized Education Programs (IEPs) or Section 504 Plans. Our program offers each qualifying student up to \$1,500 per semester to spend on services through LearningOhio.com. The primary goal of Learning Aid Ohio is to provide opportunities for meaningful educational experiences for students in response to the challenging school year of distance learning. We know that students with IEPs and 504s have individualized accommodations that are difficult to achieve without in-person help, and this program aims to bridge the gap in services to promote academic success and growth.

### How it Works

#### APPLY

**Program Qualifications:**

- Be an Ohio resident
- Be learning on an IEP or 504 Plan

If you meet program qualifications, please visit **LearningOhio.com**.

#### BROWSE

Browse bios by region at **LearningOhio.com** and choose a provider near you whose skills meet your child's needs and goals.

#### BOOK

Schedule an introductory interview with your preferred provider by logging into your account and clicking the "BOOK NOW" button.
