# Welcome to the Remote K8 School

Welcome to the Cleveland Metropolitan Kindergarten through 8<sup>th</sup> grade Remote School, where staff and students work together to engage in learning tasks that are rigorous, relevant, and applicable to the real world. Our goal is to provide an equitable and individualized learning environment so that we can develop well-rounded, confident, and responsible students who strive to reach their full potential. At the CMRS K8 School, each student will have access to a quality education from a location of your choice that includes: 175 minutes of LIVE remote instruction a day, Special classes such as Physical Education, Music, Art, and Reading Intervention, Say Yes to Education [services](#), one-to-one technology devices, including Chromebooks and Hotspots, and access to a library of digital learning resources and applications.

**Due to the unique learning environment we offer, all new scholars and families are required to attend an in-person orientation at the Remote K8 school site before enrollment is initiated and courses scheduled. This orientation will review school procedures, expectations and supports, and will allow all new enrollments to receive needed technology and supplies. A Remote K8 Agreement form, appendix E, is required. Please call us at 216-838-7250 for more information.**

# **General Information**

## **VISITORS:**

All students, staff, and visitors are required to enter through the main doors on Martin Luther King Drive and report to the John Adams High School office on the first floor. From there, visitors will be directed to the 3<sup>rd</sup> Floor, where the Remote School K8 office is located – room 300.

1. Upon arrival on the 3<sup>rd</sup> floor, all visitors are to report to the Remote K8 office in room 300, directly across from the stairwells and elevator.
2. Visitors will NOT be allowed past the office unless it is deemed an emergency OR an appointment was made in advance.
3. If at all possible, please call the school at 216-838-7250 for assistance.

## **IN-PERSON & VIRTUAL VISITOR CONDUCT:**

All visitors of the Remote K8 building/Zoom classrooms are expected to always maintain professional and safe language and behavior. Any visitor deemed unsafe or who is demonstrating behavior deemed unfit for a school setting will be asked to leave campus/Zoom meeting. Repeat offenders and serious incidents will result in the offender being banned from campus/class. This includes conduct during synchronous and asynchronous instruction. Parent/Guardians must not interrupt classroom instruction on Zoom and should email the staff member or call the school to get concerns addressed. Parent/Guardians violating this expectation will be removed from the Zoom meeting.

## **LEARNING TECHNOLOGY – see appendix D**

All students will be provided a school -issued Chromebook to utilize for remote instruction. This device will be assigned to students upon enrollment. This device is to be used for school-related work only and is the responsibility of the parent/guardian. Please review the [District Digital Guidelines](#) around devices with your student. ([CMSD Device Care Website](#))

For technical support with a district provided device, please follow these steps in order:

1. Call the HelpDesk at 216-838-0440.
2. If they are unable to assist the below Office Hours are available for walk-in technology support on the 3<sup>rd</sup> Floor of John Adams.
  - a. Monday – Fridays, 8:30-3:30
3. If you are unable to utilize the above Office Hours, please email [john.vandenberg@clevelandmetroschools.org](mailto:john.vandenberg@clevelandmetroschools.org) to set an appointment.
4. Call the school at 216-838-7250.

*(Parent/Guardians are responsible for all district devices and must come to school for repair or replacement)*

A few helpful tips to avoid technology issues:

1. Set up a dedicated workspace at home for your scholar where all school related work will be completed from. If possible, this should be out of the bedroom. A quiet corner of the home is all that is needed.
2. Take the computer after all schoolwork is completed and plug it in for the next day. This will ensure that the computer is charged, fully operational, and not being used at night for non-school related things.
3. Set up ground rules for computer usage. These should include:
  - Use the device for school related work only.
  - Keep the computer on a stable surface, such as a desk and not a bed.
  - Do not walk around with the computer.
  - Keep food and drink away from the computer.
  - Keep the computer clean.

**All scholars in the Remote School K8 have been issued a Chromebook for their educational use. It is our belief that if reasonable precautions and care are taken, these Chromebooks and accessories should not experience physical damage. Replacement of district devices may result in a minimal fee of \$25. If a device is intentionally damaged, the family will be held responsible for the full cost of the device. See Appendix F.**

## **STUDENT HARASSMENT, INTIMIDATION AND BULLYING:**

Harassment, intimidation, or bullying (including cyberbullying) is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student or school personnel more than once, and such behavior causes both, mental or physical harm to the other student or school personnel, and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student or school personnel.

Cyberbullying of students or school personnel at any time and at any location by students is prohibited. Cyberbullying is the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal web sites, and defamatory online personal polling web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others. Cyberbullying includes, but is not limited to the following:

- posting slurs or rumors or other disparaging remarks, making threats of any kind, and discussing threats of any kind about a student or school personnel on a web site or on weblog;
- sending e-mail or instant messages that are mean or threatening, or so numerous as to drive-up the victim's cell phone bill;
- using a camera phone to take and send embarrassing photographs;
- posting misleading or fake photographs on web sites.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, including cellular telephones, pagers, or personal communications devices, are inconsistent with the educational process and are prohibited at all times. Students found responsible for harassment, intimidation or bullying by an electronic act may face suspension.

### **Cleveland Metropolitan School District Educationally Appropriate Dress and Appearance/Dress Expectations**

The responsibility for the dress and appearance of a student rests primarily with the student and their parents or guardians. In the interest of maintaining a safe and healthy learning environment, the district believes in the following basic principles:

- All students are encouraged to dress in a manner that is appropriate, comfortable and conducive to an active academic school day.
- Students should be able to wear clothing without fear of or actual unnecessary discipline or body shaming.
- The student dress code should serve to support all students to develop a body-positive self-image.
- The district standard dress and appearance policy is gender neutral and applies to all students equally regardless of gender on school campuses and at school-sponsored functions and will be enforced consistently and fairly by all members of the school staff.

Examples of inappropriate clothing include:

- clothing where the buttocks or torso is exposed, i.e., tube tops, half shirts, halters

## **OFFICE REFERRALS:**

School staff members may fill out office referrals for any infractions that disrupt the education of children or interrupt instructional time. Administration will handle all office referrals on an individual basis. Some problems can be settled simply by speaking to the child, allowing for a time out away from the classroom, assigning a writing assignment or an after school detention. Other problems may require a telephone call or a parent conference. Consequences for severe or consistent problems may be handled with an Intervention, Intent to Suspend or Suspension.

## **SUSPENSION:**

If a student is consistently or flagrantly disruptive, disrespectful, or otherwise commits a Level I, II, III or IV offense a Suspension can be issued. As stated above, Level I, II, III, and IV offenses are defined in the Cleveland Municipal Schools' Student Code of Conduct. When a Suspension is issued, assigned work will be given to the student to complete at home during the designated suspension period. The Principal will determine the number of days. Parents will be notified immediately once a Suspension has been issued. During the Suspension period, it is unlawful for the student to enter the school building or be on the streets during school hours. The Cleveland Municipal School District's Department of Safety and Security will be called to remove the student on the basis of trespassing.

## **Summary**
