2020-2021 School Choice

"Our goal is to ensure every child in Cleveland attends a high-quality school and that every neighborhood has a multitude of great schools from which families can choose."

- *The Cleveland Plan*

Families have many reasons to enroll in CMSD schools, especially during the COVID-19 pandemic. The District supplies devices to students who need them for remote learning, gets their families connected and provides technological support. And we provide high-quality academic programs and resources while also committing to assist with families' social and emotional needs during this difficult period.
