

## High School Poverty

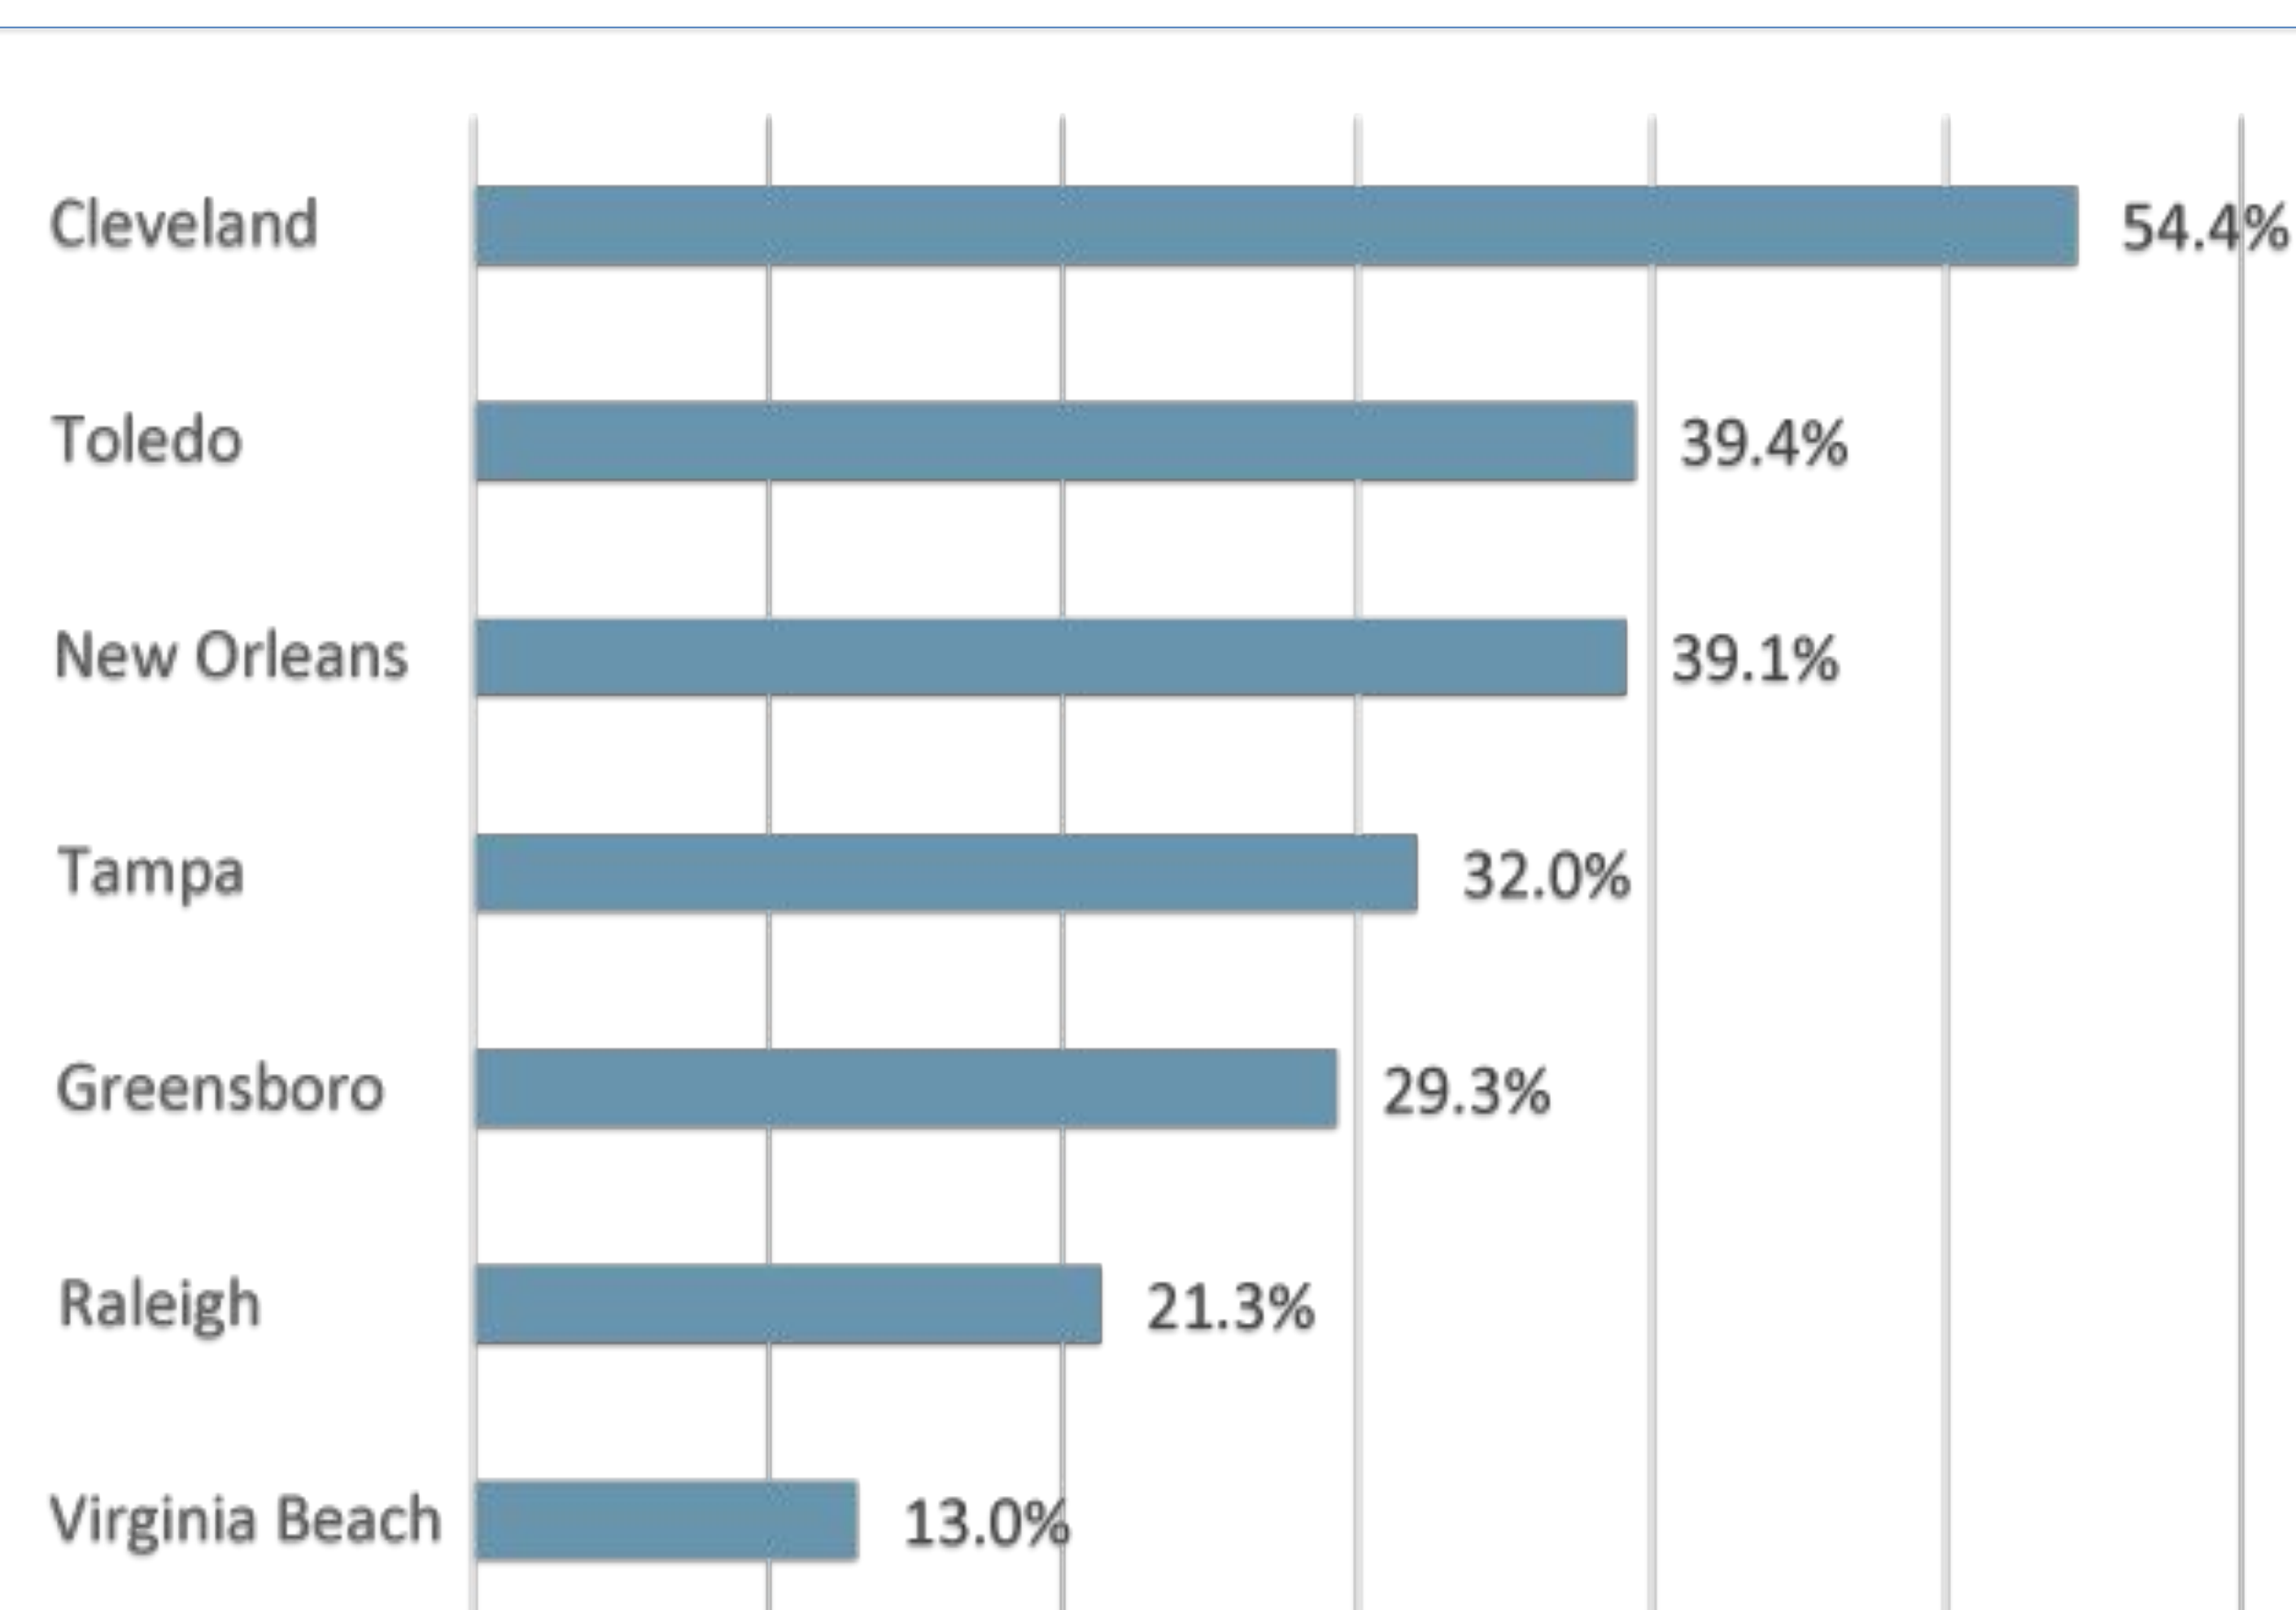

Poverty effects kids not just parents. When parents go through poverty, their children do to because their parents doesnt have enough money to get them new things.

Our research questions are:

- 1)What are the needs of students in poverty?
- 2)How can we meet the needs of high school poverty?

## Cleveland poverty Statistics

Cleveland,Ohio has a staggering of 53.6% poverty rate on children in high school.

## Findings: Observation

We want students to be to have new clothes. We noticed that some kids are mocked for not having new things and we don't want kids to be mocked for not having new things. Me and my partners have seen kids being mocked for what they wear.

## Findings: Survey

- We surveyed 22 high school students.
- 10% say they don't have enough clothes for school
- 10% say they don't have enough school shoes
- 10% say they are in lower economic class
- 10% say they eat once or twice a day

## Recommendations

- Kids are hungry and need food
- We can plan a Food Drive, Clothing Drive, Food Banquets.
