Using Assumed Remaining Estimates

*Projected total year is based on YTD actuals plus remaining monthly estimates. Timing of revenues and expenditures can make a significant swing in projections.

Notes-Monthly Significant Variances Between Estimated Amounts and Actual Amounts of Revenue and Expenditure Lines Above (Add monthly headings and lines as needed for all notes throughout the year for a cumulative history of significant variances):

Jan Notes: The District received the first advance of the 1st half property tax collections due in March 2021. Personnel Services continues to trend under budget due to the hiring freeze that has been implemented by the District. Similar to the previous month, the charter school deduction has remained approximately at \$127 million. The current expected expenditures is currently on budget of what we expected on the beginning of the year. The District has initiated cost saving measures during the shutdown that has limited purchasing to only emergency needs, this has caused the other Non Payroll categories to trend under budget. Encumbrances are on par with the previous month because the ESC contract the District entered a contract (discussed in Oct) that we will pay down throughout the year for tuition costs.

Feb Notes: The District received the second advance of the 1st half property tax collections due in March 2021. Collections on property taxes were 5% higher than the prior year. The District elected to pay the Workers' Compensation payment for the entirety of the year (instead of monthly) in the amount of \$1.45 million. This payment allowed the district to take advantage of the discount provided when paying annually. Personnel Services continues to trend under budget due to the hiring freeze that has been implemented by the District. Similar to the previous month, the charter school deduction has remained approximately at \$127 million. The current expected expenditures is currently on budget of what we expected on the beginning of the year. The District has initiated cost saving measures during the shutdown that has limited purchasing to only emergency needs, this has caused the other Non Payroll categories to trend under budget. Encumbrances are on par with the previous month because the ESC contract the District entered a contract (discussed in Oct) that we will pay down throughout the year for tuition costs.

Mar Notes: The District received the first half of the real estate settlement from the county of \$4.7m. Personnel Services continue to trend under budget as expected. Furthermore, as the district continued to prepare for the school reopening plan, the district saw an increase in purchase services spending. Other Objects expenses are higher as the District paid property tax related fees that were collected in prior months.

Apr Notes: On the revenue side, the District received the state's reimbursement for property tax collection and some Medicaid reimbursements. The six major expenditure categories continue to trend under budget for the fiscal year. The large variance in Purchased Services is due to the increase in our Charter School payments that we have experienced throughout the school year.

Expenditure Summary

For fiscal year 2021 the board passed a temporary appropriation of \$486,978,400, which is based on a full, planned appropriation of \$746,133,988. This budget, coupled with carryover encumbrances of \$15,791,407, resulted in a \$502,769,807 appropriation for FY 2021. The following information is a financial update of the status of this appropriation through April 30, 2021.

Through April 30, 2021 the District has expended \$587,993,287 which reflects 77.00% of the District's total appropriation (see Exhibit A). The District also has outstanding encumbrances of \$25,758,587. A statistical spending range for the District is based on two analyses: first, time elapsed is ten months, or 83.33%, of the fiscal year. Secondly, 42 of the 51, or 82.35%, of the total pay periods have passed. Figure 3 illustrates these points.

Figure 3: Expenditure Level Through April

Overall, the District's expenditure level through April is slightly below target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which related specifically to school opening activities.

Figure 4 compares the various expenditure categories to the expected level and to the prior two years. Figure 5 provides the year to date expenditure level by category for the current year as well as the prior two. The three years of data will be beneficial for trend analysis performed throughout the year. Further discussion of these two figures is included on the following page.

Figure 4: % Spend to Budget for YTD Expenditures

Target percent of 83.33% is based on the # of months completed in the current year.

Figure 5: Expenditure by Category

CLEVELAND METROPOLITAN SCHOOL DISTRICT

MONTHLY FINANCIAL STATUS REPORT

As Figures 4 and 5 illustrate, overall salaries and fringe benefits are less than prior years. This is due to the timing of payroll periods and we expect this to flatten out as the year goes on. The trend line in Figure 4 is based on the time elapsed for the year. Health care costs are forecasted to increase 5.5% in FY 21 from FY 20.

The current year Purchased Services and Materials categories indicate a 66.56% encumbrance/expenditure level for this month.

The Capital encumbrance/expenditure level, whose budget comprises only .7% of the total General Fund budget, indicates a 67.70% encumbrance/expenditure level for this month. It should be noted that the vast majority of on-going construction projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of April 30, 2021. Debt payments occur in July and April while the transfer of monies to other District funds will occur in June.
