Before any features are available, you must register with the system and create a PIN. The Access ID and PIN are used for all interactions with the system.

Creating Absences

Absences can be reported for today, tomorrow, or for specific dates in the future.

1. Call the main system number and enter your Access ID and PIN, both followed by the star (*) key. Select “1” to create an absence.

2. If you have multiple locations and classifications in your profile, select one from the list. **NOTE:** If you have multiple schedules for the same classification, you may not be able to create your absence on the telephone. You will be able to create the absence on the Web.

3. Select the absence start/end dates. Indicate whether the absence is only for today, tomorrow, or if you want to enter the dates. Use MMDD format.

4. Select the absence start/end times. The default times for the absence location will play. Accept the default or enter specific times. Use HHMM format. Either the 12-hour clock or military times. Indicate am or pm for the 12-hour clock. If a multiple day absence, each day’s times must be confirmed. The absence times are also used for the substitute times.

5. Select a reason for the absence and press the star (*) key. A list of reasons is played, but the reason can be entered at any time.

6. Record special instructions for the substitute. The substitute will know the dates, times, location, classification of the absence and your name.

7. Choose if a substitute is required for the absence.

8. If a substitute is needed, you may specify or prearrange a substitute. Requesting a substitute means that only the specified substitute will be called for that job until the following occurs:
   - A set time designated to release the job to other substitutes
   - The specified substitute declines the job
   - The specified substitute becomes unavailable for the date(s) and times of the job.

   The requested substitute can be prearranged. An absence is considered prearranged if you have talked with a substitute. Prearranged substitutes will not be called by the system. They have to access the system to obtain the job number.

9. Obtain the job number. Remain on the line and hear the job number played to you.

   **Reminder:** No Job Number means that the absence has NOT been created!

1. Call the main number and enter your Access ID and PIN, both followed by the star (*) key.

2. Press “2” to review, cancel, or modify an absence.

3. Open and active jobs are played in date order. To view past jobs, use Web access. To modify the job’s dates, times or reason information, you must cancel the job and then create a new absence.

4. When canceling a job that has an assigned substitute and if allowed, you will be asked to indicate if the system should call the assigned substitute. To confirm cancellation, please wait until the system says, “Job number xxxxxx has been cancelled.” If you do not stay on the telephone to hear the cancellation confirmation, there is no guarantee that the absence has been cancelled.

Press the digit that corresponds to the letter. For example, for A, B or C press 1. If the system determines there are multiple codes that apply to the key presses, you will hear a list of codes. Choose the correct code from the list.
